COVID-19 Lebanon

Bulletin n° 6 - CIQP : 13 August 2020

(Bulletin on Customs, Immigration and Quarantine Procedures)

Latest updates highlighted in **yellow**.

OBJECTIVE

This document provides a situational update on airport status and Customs entry points during the COVID-19 pandemic. This document also provides an update on the impact of the explosion at the Port of Beirut, on customs and importation procedures, on 4 August 2020.

EMERGENCY SITUATION IN LEBANON

PORT OF BEIRUT BLAST:

On 4 August, a warehouse at the Beirut Port exploded, causing casualties and material damage to the port and surrounding buildings. On 5 August, the Government of Lebanon declared a two-week state of emergency in Beirut. Reports indicate that **160+ people** have been killed and more than 5,000 people have been injured. A further **60+ people** are reportedly still missing. Search and rescue operations are ongoing. This emergency comes in the context of civil unrest, economic crisis, and a COVID-19 outbreak, causing a major burden to Lebanese public infrastructure including the transportation and health sectors.

Initial requests for field hospitals, firefighters, and search and rescue teams are no longer required. please see the attached [List of needed medicines following the Port of Beirut explosion](#) published on 6 August 2020 by the Ministry of Public Health.

COVID-19:

Number of COVID-19 cases on the date of the GHRP: 304

Number of COVID-19 cases on 12 August 2020: 7,121

COUNTRY BRIEF

Lebanon was included in the second edition of the United Nations' 2020 COVID-19 Global Humanitarian Response Plan (GHRP) published on 6 May 2020, within the Regional Response Plan for Syria. There is no Humanitarian Response Plan for Lebanon.

Internal restrictions have been imposed by the government. The President of Lebanon declared a '*State of Medical Emergency*' on 15 March 2020. On 1 July, the Minister of Interior and Municipalities issued a memo lifting a months-long nighttime curfew and allowing businesses to open beyond midnight. Due to the increase in COVID-19 cases, from 28 July until 10 August 2020, the government of Lebanon is re-imposing some preventative measures for the spread of COVID-19.

IMPORTATION MEASURES TO RESPOND TO CRISES

QUESTIONS	ANSWERS
GLOBAL HUMANITARIAN RESPONSE PLAN	
Is there a Humanitarian Response Plan for the country?	No – but included in Syria RRP.
SEA PORT STATUS	
What is the status of sea ports?	<p>Due to the warehouse explosion on 4 August, Beirut port is inoperable. Most humanitarian imports have been redirected to the Tripoli Port, which is about 85 kilometres north of Beirut.</p> <p>Assessments are underway in coordination with the Ministry of Health to identify available capacity, material needs and operational gaps. Initial priority needs include additional medical professionals, mobile medical units (MMUs) and medication for acute and chronic conditions. Personal protective equipment (PPE) for health workers is another priority, as the explosions destroyed large stocks at the Beirut Port.</p> <p>Beirut Port’s Container Terminal was only partially affected by the blasts. On 8 August, the facility resumed offloading ships.</p> <p>The rest of the Beirut Port is expected to be inoperable for at least one month, pending repairs, debris removal and safety clearances. This may have adverse consequences for some supply chains, as Tripoli Port has approximately a third the capacity of Beirut Port. Rerouted vessels may congest the port.</p> <p>Three cargo flights have arrived with logistics equipment to enable the port to become operational, including mobile storage units. The Logistic Cluster started assessing warehouses at the port and airport on 11 August. An assessment of Tripoli port is planned on 12 August.</p> <p>(source: OCHA, 10 August 2020).</p> <p>CMA CGM offers free-for-user cargo transport (shipping and loading only) from Marseille, France to Beirut, Lebanon. ETD 21 August (TBC). Interested partners are invited to insert transport needs in the Logistics Cluster’s CHOCOLAT tool, or to contact CMA through AideHumanitaireLiban@cma-cgm.com.</p> <p>(source: Global Logistics Cluster, 11 August 2020)</p>
AIRPORT STATUS and FLIGHT RESTRICTIONS	

<p>What is the status of international flights?</p>	<p>Beirut Rafic Hariri International Airport was officially re-opened on 1 July, operating at 10 per cent of capacity in comparison to operations prior to its closure and flights are operational.</p> <p>As per a Civil Aviation circular applying to Beirut Rafic Hariri International Airport, passenger flights are now allowed at the airport under the following rules:</p> <ul style="list-style-type: none"> • Passengers must have a medical certificate with a negative COVID-19 PCR test result issued at most 96 hours before arrival. Another PCR test will be done on arrival; • A health declaration form must be completed online before arrival; • Passengers are subject to medical screening; • Passengers must have an insurance to cover medical expenses in Lebanon. <p>Further details on measures and restrictions can be found through Aviation Circular number 45/2 (28 July 2020).</p> <p>(source: IATA, 7 August 2020; Director General of Civil Aviation, 28 July 2020).</p>
<p>IMMIGRATION and QUARANTINE</p>	
<p>What quarantine measures apply for travelers?</p>	<p>Passengers must self-quarantine until the issuance of the result of their COVID-19 PCR test conducted at the Airport (24 to 48 hours). With the second negative PCR test result, they can resume activities normally.</p> <p>Further quarantine restrictions apply for countries where PCR tests are considered inaccurate (Iraq, African countries except: South Africa, Republic of Central Africa, Ghana, Tunisia, Algeria and Morocco), please see the aforementioned Civil Aviation circular for more information on this.</p> <p>(source: Director General of Civil Aviation, 28 July 2020)</p>
<p>What lockdown and curfew measures apply?</p>	<p>On 4 August, the Government cancelled the general lockdown measures that had been put in place to prevent the spread of COVID-19.</p> <p>(source: UNICEF, 6 August 2020).</p>
<p>IMPORTATION and CUSTOMS PROCEDURES</p>	
<p>What importation procedures related to taxes and duties have been introduced?</p>	<p>The Council of Ministers of the Republic of Lebanon has decided to sign a decree on exemptions of all taxes and duties on donations and aid from foreign entities to Lebanese ones. This will apply to grants and aid that are imported as of 4 August 2020, and is applicable for one year, until 3 August 2021.</p> <p>Fees that are now waived listed in the decree include:</p> <ul style="list-style-type: none"> • Fiscal stamp fee;

	<ul style="list-style-type: none"> • Customs fees, including the minimum fee for the customs financial, and port fees; • Fees imposed according to Article 59 of Law No. 144 (21 March 2019 - General Budget Law and Supplementary Budgets for the year 2019); • VAT (Value-Added Tax) on import operations related to these grants and aid; • The delivery of money and the provision of services that are, by nature, taxable on the added value. <p>This applies to donations and aid provided to:</p> <ul style="list-style-type: none"> • Lebanese public administrations, institutions, municipalities, municipal unions, and other public law persons and associations, and the bodies and sects; from external parties based on letters issued by the High Relief Commission with the purpose of implementing these donations and assistance. <p>(source: Council of Ministers, 10 August 2020 (original, Arabic)).</p> <p>The IMPACCT working group are currently liaising to collate the national HS codes for the products that are needed based on the list of HS codes provided by WHO and WCO.</p>
<p>What border closure measures apply (land, sea) that affect the importation of goods?</p>	<p>According to an operational update, airport status is as follows:</p> <ul style="list-style-type: none"> • Beirut International Airport remains open for passenger and cargo flights. • Customs brokers at the airport are fully operational to facilitate the arrival of materials. <p>(source: OCHA, 10 August 2020).</p> <p>Road cargo operations are impacted by restrictions:</p> <ul style="list-style-type: none"> • Foreign trucks are subject to transshipment; • There are some restrictions for road networks within cities and between cities or regions; • Cross-border road freight operations are affected by slight delays/disruption in local pick-up, land border restrictions, and driver/equipment constraints. <p>(source: Agility, undated).</p>
<p>What measures relate to the opening/closing times of Customs offices?</p>	<p>The Syrian border with Lebanon is open for cargo movement, with a 2-5 day waiting time. All drivers crossing the Lebanese-Syrian border must obtain a PCR test certificate for COVID-19.</p> <p>(source: Syrian Logistics Cluster, 30 June 2020).</p>
<p>What other/general procedures apply regarding the importation of goods relevant to humanitarian operators?</p>	<p>The international airport contains refrigerated areas designed for the storage of several kinds of merchandise including medicines and medical equipment (source: WCO, 2020).</p> <p>According to a customs update on 12 August, the ASYCUDA (Automated System for Customs Data) system is current up and running, and administering Lebanese customs.</p>
