**COUNTRY BRIEF / COMPTE RENDU**

Ukraine was included in the United Nations' 2020 COVID-19 Global Humanitarian Response Plan (GHRP). The Humanitarian Response Plan for Ukraine took note of the situation in Eastern Ukraine:

*“A COVID-19 outbreak in eastern Ukraine could be of considerable scale; the risk is high due to (i) a large older people population; (ii) large and regular population movements across the “contact line”; and (iii) the deterioration of the health-care system.”*

The government of Ukraine has begun the gradual easing of certain quarantine measures under an “adaptive quarantine” plan. **In most regions, various public services and institutions are now open. International and domestic flights have now resumed, although some carriers are operating using a reduced schedule.**

**AIRPORT STATUS / STATUT DES AEROPORTS****1. Airport / Flight restrictions** (updated 30 June 2020)

**International commercial passenger flights to Ukraine have now restarted, effective 15 June 2020. Passengers travelling to Ukraine are required to obtain medical insurance to cover medical expenses in Ukraine.**

**2. Passengers / Quarantine** (updated 23 June 2020)

According to a WFP update on 2 June 2020, travellers arriving from locations deemed ‘high risk’ will be subject to medical checks upon arrival. People returning to Ukraine are required to undergo a mandatory observation period of 14 days; either a 14-day home isolation or quarantine at a designated facility, with police and doctors to monitor compliance.

**Passengers are subject to quarantine.**

**IMPORTATION AND CUSTOMS / IMPORTATION ET DOUANES****3. Customs, land, sea** (updated 26 June 2020)**At Sea ports:**

**According to an update from Wilhelmsen on 26 June 2020, on vessels with a previous port call at ‘COVID -19 high risk countries’, checks are implemented by sanitary authorities. All visitors from the shore boarding vessels must use disposable**

masks, gloves and shoe covers while on board. Removal of ship waste will only be possible after preliminary disinfection treatment.

Port operations are operating as normally, 100% depot capacity is resumed. Container availability is normal, there are no shortages.

### **Land ports:**

On 29 May, the Government of Ukraine informed of the opening of some additional border crossing points. In addition to those already active, the following border crossing points are now opened to traffic:

- At the border with Hungary: Malyi Bereznyi – Ublia
- At the border with Moldova: Serpneve 1 – Basarabiaska, Tabaky – Myrne, Kuchurgan – Pervomaisk, Kelmentsi - Larga, Sokyriany – Oknytsia, Mamalyga – Kryva, Rososhany – Brichen
- At the border with Russia: Milove – Chertkovo

With effect from 6 May, the Government of Ukraine has opened the border crossing between Rawa Ruska and Hrebenne, which is situated on the border of Poland.

More information on border crossing point status can be found on the UNECE border observatory, [here](#).
