

**The United Nations Economic
Commission for Europe**

Evaluations of "Land Registration in Central Asia"

**Uppsala, Sweden
30 May 2013**

Michael Milligan

Economic Affairs Officer, Housing and Land Management

Average results

Format and organization – 4.8/5

Did the meeting meet your objectives? – 4.6/5

Quality of the presentations – 4.5/5

Quality of discussions – 4.2/5

Overall meeting quality – 4.6/5

What did you like best?

Organization hospitality

Mixture of various themes and participants, especially from Asia

Experiences in building systems in Kyrgyzstan and Central Asia

Innovation and technology(GIS)

Discussion

Everything

What improvements do you suggest?

Group presentations

More time for common trends in Europe and Central Asia

More discussion and questions

More statistics

Field sessions

Some reports not relative to seminar

Legal aspects

Most/least interesting presentations

Most: GIS, best practices, national experiences (especially Kyrgyzstan), land consolidation, FAO guidelines

Very few people put an answer for "least"

What follow-up do you suggest?

Meetings with study of forests

Implementation of land consolidation

Meetings and exchanges of information

Meeting of Central Asian land authorities after 1-2 years to evaluate workshop benefits

Create cadastre as integrated geoinformational system

Additional such workshops

Development aid

Applications to agricultural land

Thank you
