

ECONOMIC COMMISSION FOR EUROPE
INLAND TRANSPORT COMMITTEE
World Forum for Harmonization of Vehicle Regulations (WP.29)
Working Party on Noise and Tyres (GRBP)
Task Force on Sound Limits (TF-SL)

Draft Agenda of the 04th Session of the Task Force on Sound limits TF-SL
Monday 13th and Tuesday 14th, September 2021 from 09:00 to 13:00 (CET)
Mixed Session to be confirmed ([link for Conference call](#))

		Working Documents
1.	Welcome and opening remarks	
2.	Introduction of participants and organizations	TFVS-04-02
3.	Adoption of the agenda Adoption of Report of 03rd session	TFVS-04-01 TFSL-03-08
4.	Exchange of information on national and international requirements <ul style="list-style-type: none"> a. (EC) studies on vehicles' sound emissions for <ul style="list-style-type: none"> o M, N vehicles' noise (HS Data Analysis and Consultancy-TNO-Aristotle University of Thessaloniki) o L vehicles (Idiada) b. (Japan) Further details of vehicle noise issue and reviewing process in Japan c. (OICA) Considerations on Future Road Traffic Noise Regulations - Status of Vehicle Sound Emission Regulations and their Contribution to lower Environmental Noise d. (EC/Idiada) Technical support for the impact assessment on Euro 5 step of L-category sound emissions level limits e. General ideas about the work of the TF by BMVI Germany f. General presentation and future prospects by MLIT Japan g. Phenomena study → additional questions following the presentation at the 03rd Session? h. Bruitparif → additional questions following the presentation at the 03rd Session? i. Feedback from last WP.29-184 June 2021 Session j. (OICA/Austria) Motorcycle noise study – Ausserfern 2019 	<p>TFSL-02-08</p> <p>TFVS-04-15</p> <p>TFSL-02-09 TFSL-03-06 TFVS-05-xx</p> <p>TFSL-02-10 Rev. 2</p> <p>TFSL-02-05</p> <p>TFSL-01-05 Rev.1</p> <p>TFSL-01-06</p> <p>TFSL-03-04</p> <p>TFSL-03-05</p> <p>ECE/TRANS/WP.29/1159</p> <p>TFVS-04-03</p>

	<p>k. (Switzerland) Low-noise asphalt road surfaces 2017</p> <p>l. (UK) UK research project - methods and equipment available for the detection and enforcement of excessively noisy road vehicles</p> <p>m. (OICA/ACEA/ATEEL) Study on future sound limits values for type-approval for vehicles of category M & N</p> <p>a. (Japan) Development of automatic illegal replacement muffler detection system at NTSEL</p> <p>b. (ETRTO) Tyres & Road traffic noise: Where is the potential?</p> <p>c. Any other national information?</p>	<p>TFVS-04-04</p> <p>TFVS-04-09</p> <p>TFVS-04-06</p> <p>TFVS-04-10</p> <p>TFVS-04-08</p> <p>TFVS-04-11 Rev.1</p>
5.	<p>Cross-matrix</p> <p>a. Short summary of the subgroup</p> <p>b. Volunteers</p>	<p>TFSL-01-05 Rev.1</p> <p>TFSL-02-07</p> <p>TFVS-04-14*</p>
6.	<p>Guidelines of the taskforce: approved at the 03rd session → to be followed at GRBP-74 in September 2021</p>	<p>TFSL-03-03 Rev.1</p> <p>TFVS-04-05</p>
7.	<p>Identification of available and upcoming studies/researches/data</p> <p>a. Draft list of available and upcoming studies/researches → See item.1 above</p>	<p>TFSL-01-04</p>
8.	<p>GRBP Status report preparation</p>	<p>TFVS-04-07*</p>
9.	<p>Any Other Business</p> <p>a. (OICA) UN-R138 and UN-R51 matching: Management of Noise emissions according to UN-R51-03 at low speeds vs. AVAS compliant to UN-R138</p> <p>b. Evolution of CNOSSOS method → next 05th session??</p>	<p>TFVS-04-12</p>
10.	<p>Next meeting(s)</p>	
11.	<p>Adjourn</p>	

All documents of this TF-SL are/will be available via the [UNECE website - Task Force on Sound Limits \(TF-SL\)](#).
