

**Outcome of the ad-hoc meeting
to prepare the special “hands-on” SLR session
on Headlamp levelling**

When:

11 January 2021 - 9:00 to 12:00 hrs

Participants:

ROVERS Derwin (SLR Chairman, NL);
PUGLISI Davide (SLR Secretary, GTB);
BAILEY Phil (UK);
BERTHEL Aurélie (OICA);
KOOSS Dieter (DE);
TARGOSINSKI Tomasz (PL)
TOULISSE Ludovic (GTB);
VEASEY John (OICA);

Objective:

To define the organisational and practical details for a separate special “hands-on” session at LTIK in Karlsruhe (Germany) end of February 2022

Outcome:

Max 8 people allowed in the lab (plus one car). All others participants will be able to follow via webcam.

Use 3 cars (M_1):

- sport (Porsche, TBC)
- regular (VW Golf 8, TBC)
- SUV (JLR Evoque, TBC)

Check only the “extremes”, plus one intermediate scenario with all passengers seated without load in the trunk (i.e. R48, Annex 5, Paras. 2.1.1.1., 2.1.1.4., 2.1.1.6.).

Compare the measurement vis-à-vis the SLR proposal (GRE/2020/8/Rev.2) and the Polish proposal (GRE-85-19) with the objective to verify what can be realistically measured and achieved with automatic levelling.

Tentative schedule (if COVID allows...)

LTIK, Karlsruhe (Germany), 23-24 February 2022

Note: the afternoon of 22 February will be used for on site preparation (it will not be part of the meeting, i.e. NO WebEx)

	Monday, 21 Feb 2022	Tuesday, 22 Feb 2022	Wednesday, 23 Feb 2022	Thursday, 24 Feb 2022	Friday, 25 Feb 2022
Morning	/	/	Measurements at LTIK *	SLR special session	/
		lunch	lunch	lunch	
Afternoon		On site preparation	Measurements at LTIK *	SLR special session	

* WebEx, including video connection to show the measurements to those online, will be provided

Tentative structure of the day of measurements in the lab:

- Morning: 9:00 / 12:30 → 2 cars. Short break after each car
- Lunch: 12:30 / 13:30
- Afternoon: 13:30 / 17:00 → 1 car, short break and conclusions

Note 1: participants in person (max 8 people) must be fully Vaccinated or Recovered (2G or 2G+) holding a valid EU Digital COVID Certificate and wearing a FFP2 face mask.

Note 2: in case the pandemic situation will not make it possible to hold the meeting, the whole schedule will be postponed to a later date to be defined.
