General approach

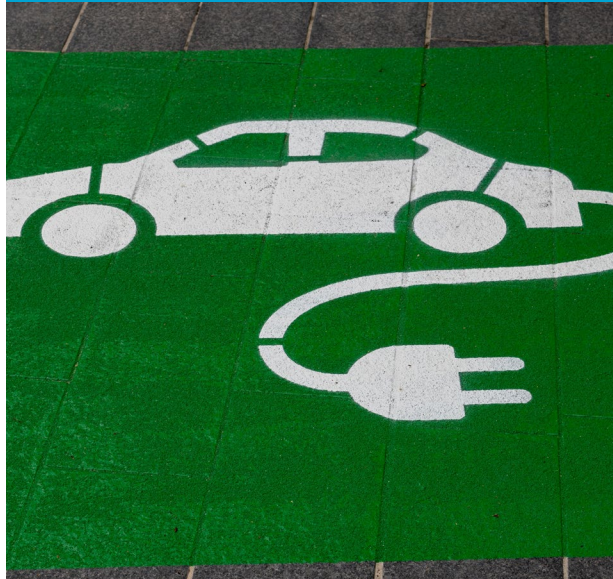

About AVERE

AVERE (The European Association for Electromobility) is the European association that promotes electromobility and sustainable transport across Europe

Founded in 1978

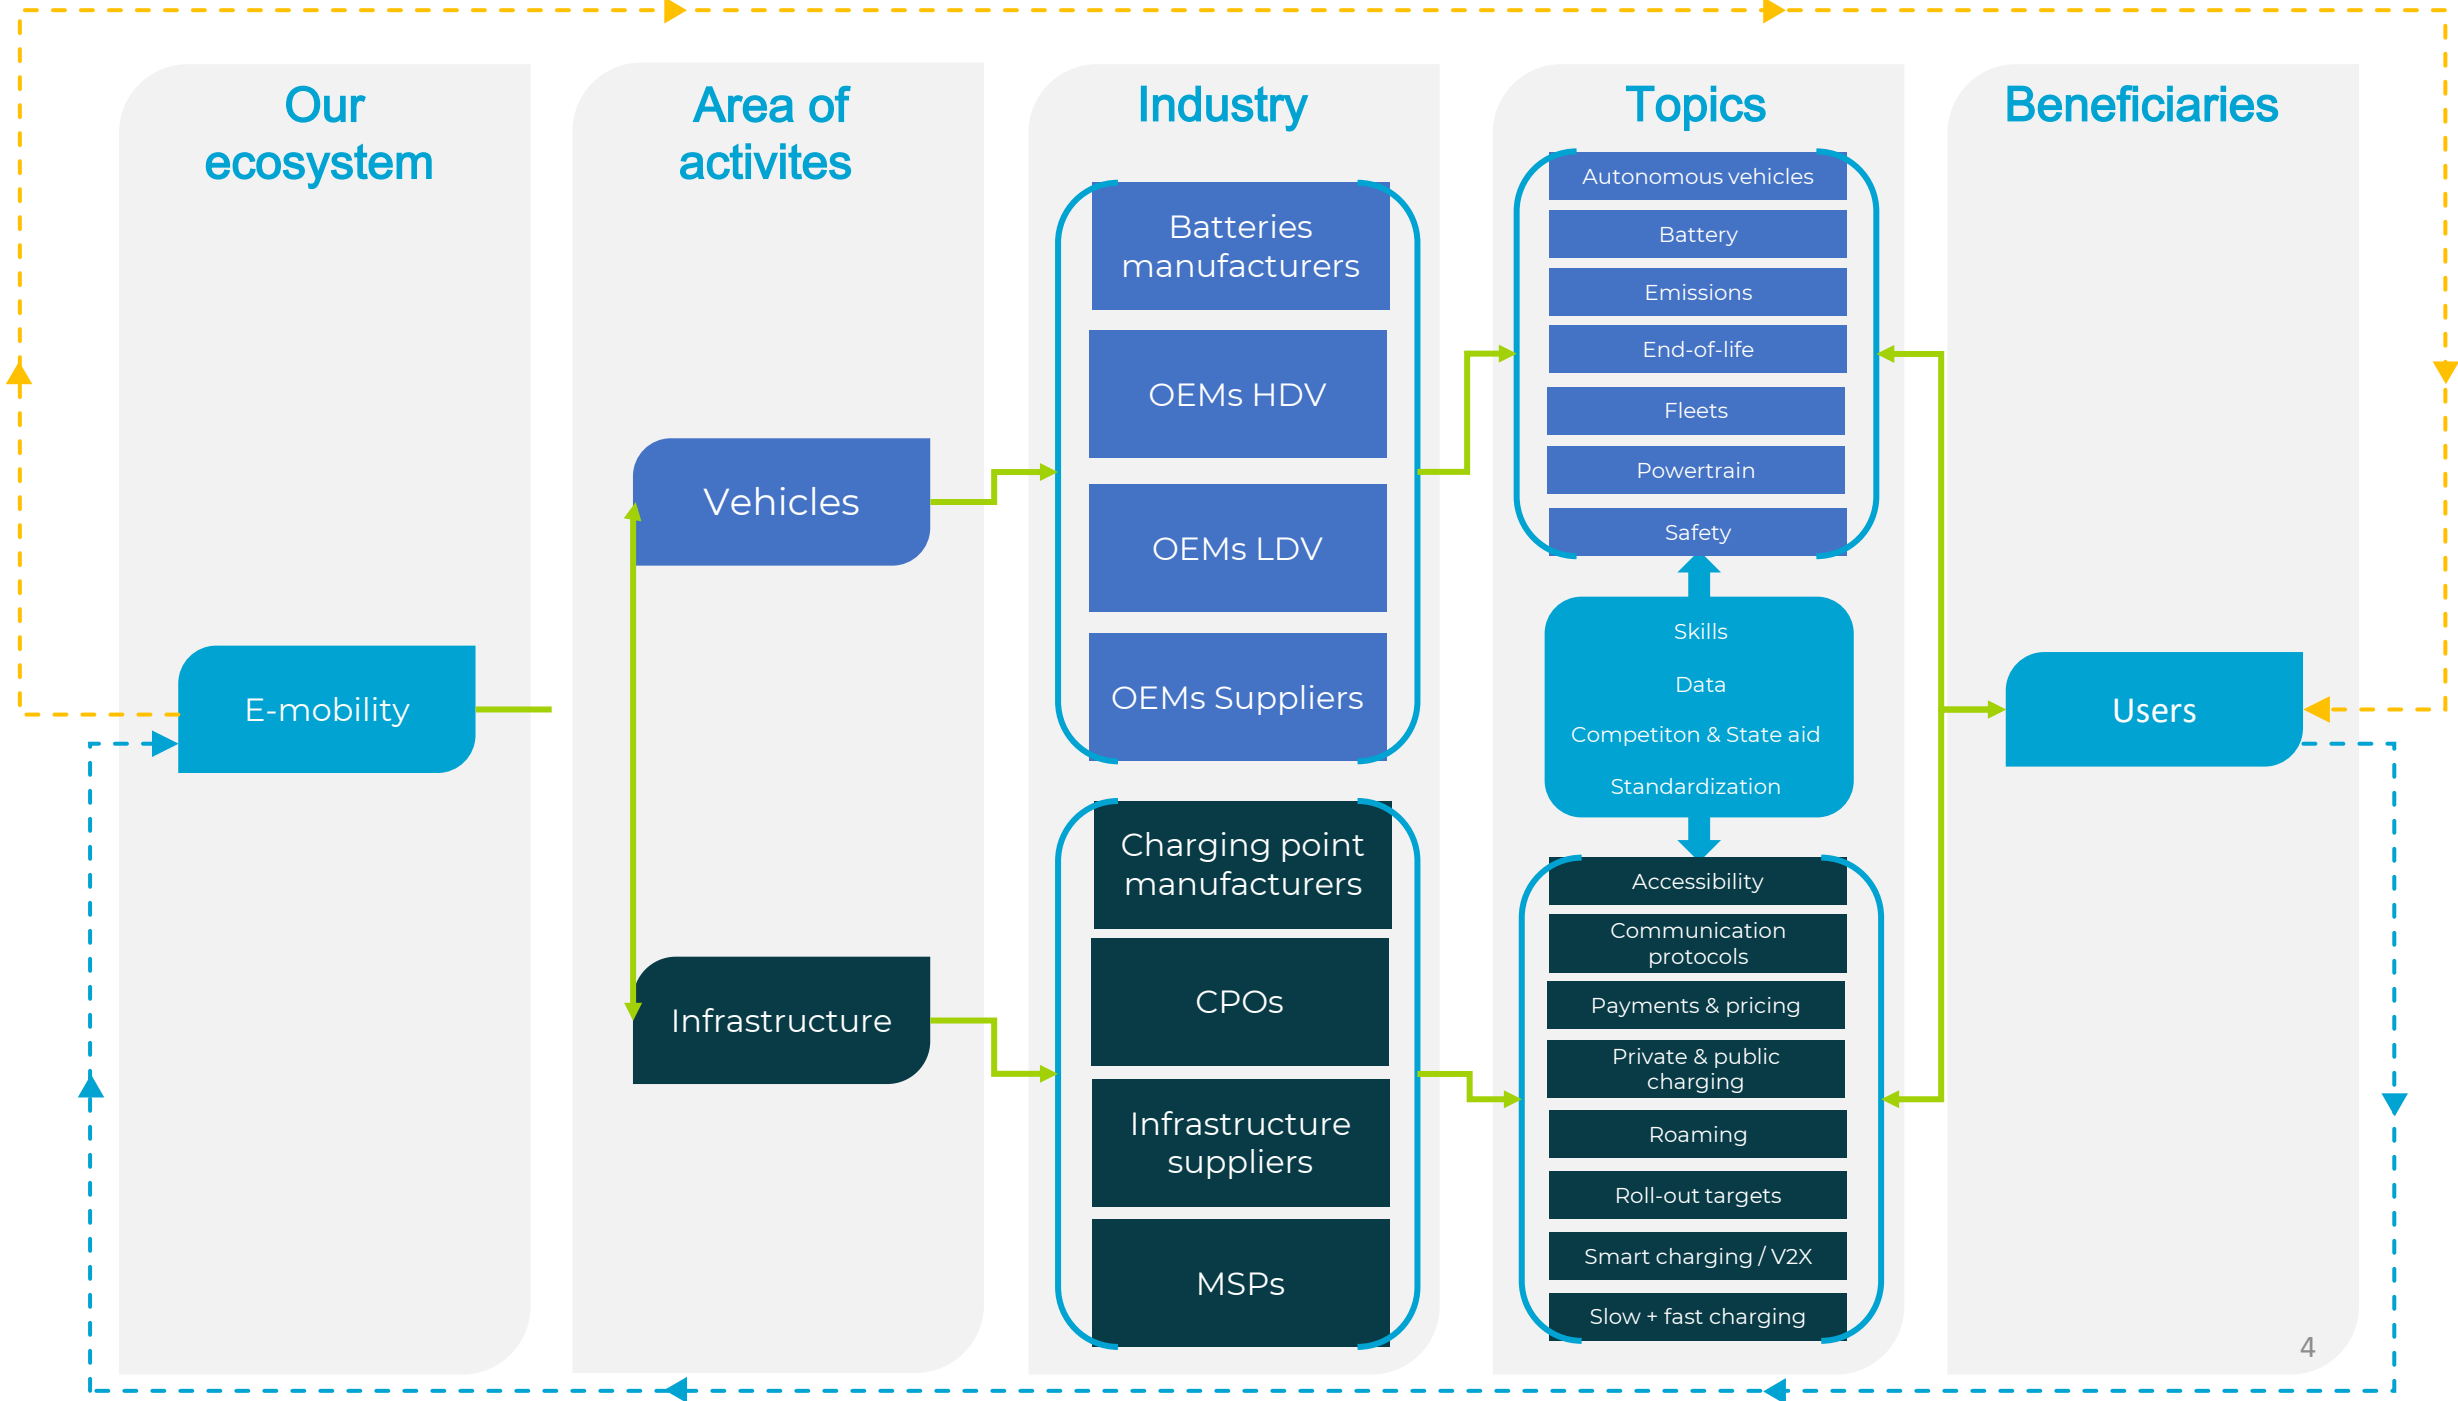

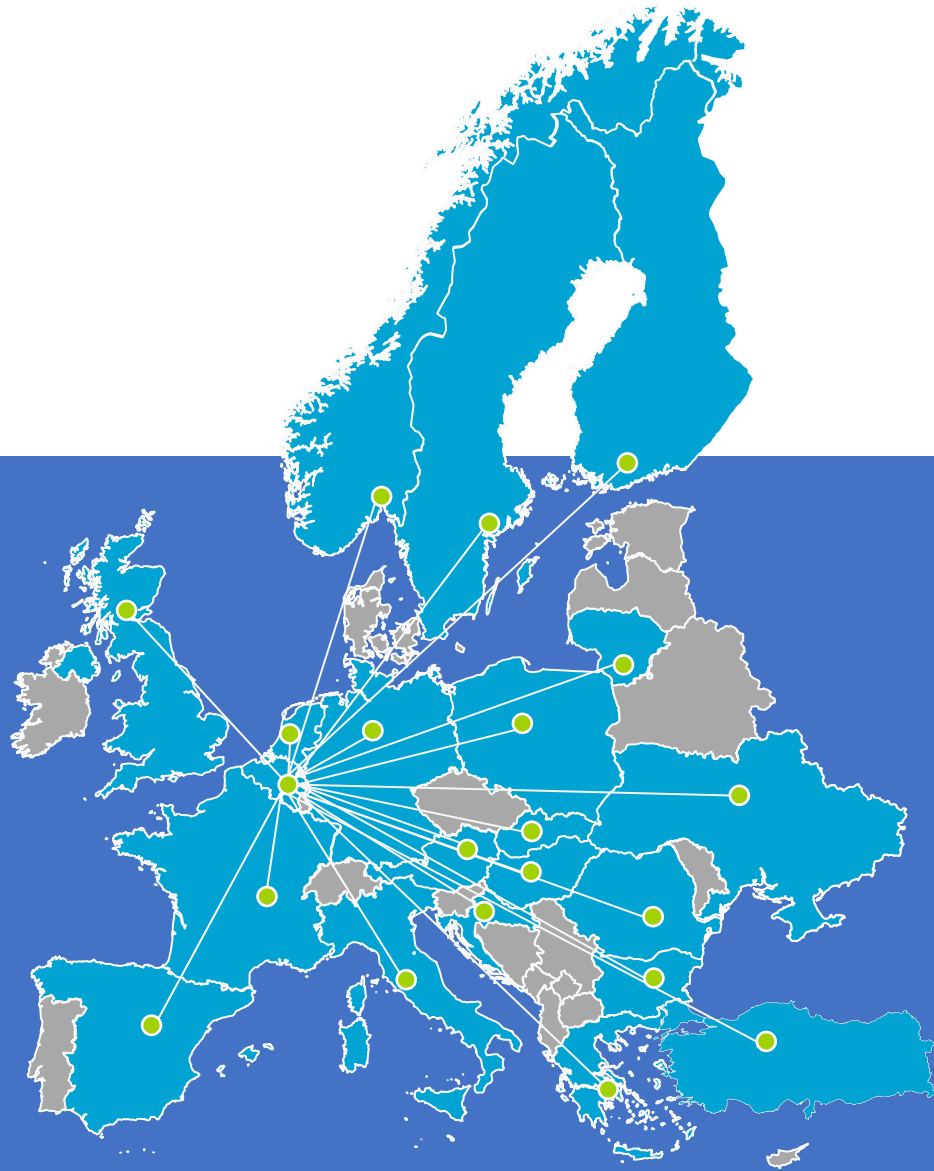

**We advocate for,
and promote zero-
emission**

**Exchange ideas,
experience and
opinions**

Members

Diverse network across the Continent across the entire e-mobility value chain:

OEMs, CPOs, EV users, Public Institutions, Research & Development entities, and other relevant companies.

+50 members present in 22 states

+2 600 indirect members

+425 000 EV users

Vision

The EU's e-mobility sector is key to reaching the Green Deal's decarbonisation targets, creating high-skilled jobs, and increasing the electromobility roll out worldwide

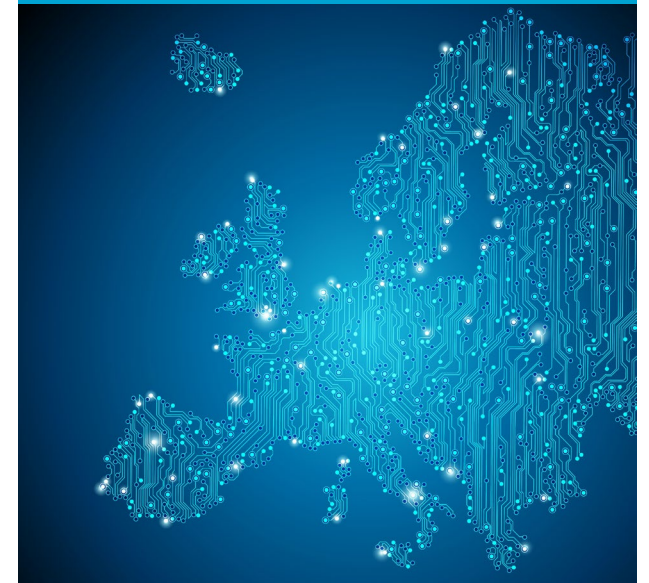

**100% new zero-emissions
vehicles by 2035**

**Fully decarbonised
European road
transport by 2050**

**Europe the first
zero-emission
continent**

IWG LCA

AVERE's involvement

- + World Electric Vehicle Journal
= LCA publications
- + Extensive network & test capabilities
- + AEC & EVC Conferences
= LCA workstreams & call for abstracts
- + IWG LCA secretariat (?)

IWG LCA

AVERE's general approach

LCA = useful **supplementary tool**

Decarbonize as main goal

Evidence-based

- Existing research & literature
- Collaboration with experts
- Measurable & comparable

AVERE

The European Association
for Electromobility

Thank you!
