

# Information of Symposium on International Rulemaking for Automated/Autonomous Connected Vehicles

The Institute for Automated and Connected Vehicle Standardization\* was established to promote the development and practical application of Automated/Autonomous driving technology on 24 May 2016 in Japan.

It was also established to discuss preparations for developing international Regulations and Standards with the public and private sectors.

\* The institute is a virtual one, without any physical facility, etc. in the real world.

## Organization;

Director: Terunao Kawai

(National Agency for Automobile and Land Transport  
Technology (NALTEC)/ National Traffic Safety and  
Environment Laboratory (NTSEL))

Deputy Director: Kunimichi Hatano (JAMA (Honda))

Yukihiro Shiomi (JAMA (Toyota))

Members (about 50)

-  MLIT
-  METI
-  NALTEC/NTSEL
-  JAMA (Automakers)
-  Japan Auto Parts Industries Association (JAPIA) (Parts makers)
-  Society of Automotive Engineers of Japan (SAE) (Representing parties involved in standardization)
-  JAIA  ITS Japan etc.

# Symposium on International Rulemaking for Automated/Autonomous Connected Vehicles

**Date: 16 December 2022**

**Time: 09:00-12:30**

**Venue: KIOI CONFERENCE (in person) + WEB**

**Access: <https://conference.tgt-kioicho.jp/en/access/>  
(1-4 Kioicho, Chiyoda-ku, Tokyo, Japan)**

<Contents of Symposium>

- We will summarize the current situation about the activities of Automated/Autonomous connected Vehicles and share information on the latest developments in the future.
- We will have a report of activities of Automated/Autonomous Connected Vehicles in Japan, the U.S., and Europe in order to deepen the understanding of all relevant parties.

# Draft program;

#	Start	Finish	Title	Presenter
1	09:00	09:05	Opening remarks	MLIT, Japan
2	09:05	09:15	Recent activities of the Institute for ACV Standardization	Director of Institute for ACV Standardization
3	09:15	09:30	Activities related to Automated/Autonomous connected vehicles in Japan	MLIT, Japan
4	09:30	09:45	Latest trends in International Standardization and the related activities in Japan	METI, Japan
5	09:45	10:00	Social implementation of Automated/Autonomous connected vehicles of level 3 and actions toward level 4 in Japan	JAMA
6	10:00	10:20	Coffee break	
7	10:20	10:35	Recent discussions and prospects of Automated/Autonomous connected vehicles at GRVA	Chairperson of GRVA
8	10:35	10:50	Global harmonization of Automated/Autonomous connected vehicles from United States perspective (TBD)	TBD
9	10:50	11:05	Current status of Automated/Autonomous connected vehicles and actions toward level 4 in Europe (TBD)	TBD
10	11:05	11:25	Coffee break	
11	11:25	12:25	Panel discussion	
12	12:25	12:30	Closing remarks	Director of Institute for ACV Standardization

**If you are interested in participating (**in person\*** or **WEB**), please inform JASIC Secretary by **23rd November**.**

\*Please check “COVID-19 measures, recommendations, and guidelines during your stay” in the document of information on FRAV/VMAD IWG held in December.

Please send the following information to;

[acvs@jasic.org](mailto:acvs@jasic.org)

- 1) your name
- 2) your title and name of your business
- 3) your e-mail address
- 4) Participation (in person or WEB)
