

Proposal to amend the draft FRAV interim submission to GRVA/WP.29

Modifications to the existing text are marked in **bold** for new or ~~striketrough~~ for deleted characters.

- 1.7.8.1. Requirements to ensure safe ADS performance of the DDT address the functional and behavioural objectives described by the WP.29 Framework Document on Automated Vehicles: ADS operation of the vehicle shall not cause crashes or disrupt traffic and ADS shall avoid crashes where **reasonably foreseeable and** preventable.

Justification

Based on the FDAV (ECE/TRANS/WP.29/2019/34/Rev.2), the correct terms should be “Reasonably foreseeable and preventable”.
