

Reservation concerning the draft FRAV interim submission to GRVA/WP.29

- 3.4. “*ADS vehicle*” means a vehicle equipped with an ADS.

Comments

1. If a vehicle is equipped with ADS but does not activate ADS, is it also called ADS vehicle?
2. If a vehicle is equipped with AEBS, is it called an AEBS vehicle? If it has both ADS and AEBS, what should it be called?
