Meeting content

The 67th session of the EVE-IWG will continue work on key items in the Terms of Reference ([Electric Vehicles and the Environment \(EVE\) - Transport - Vehicle Regulations - UNECE Wiki](#)), which continues the development of UN GTR No. 21, UN GTR No. 22 and the new UN GTR on battery performance and durability of electrified heavy-duty vehicles (eHDV).

Specifically, this session will serve as the last formal meeting prior to the 90th session of the Working Party on Pollution and Energy, which is taking place from January 9 – 12, 2024.

The EVE IWG has submitted amendments to UN GTR No. 21 and UN GTR No. 22 as working documents and intends to submit a draft version of the new UN GTR on eHDV, as an informal document.

The 67th EVE IWG session may also include other related topics to the work of the EVE IWG, including the review and renewal of the terms of reference.

The meeting agenda and documents will be uploaded to the [EVE IWG wiki page](#) prior to the meeting, as they become available.
