RESS-12-08

CONNECTORS

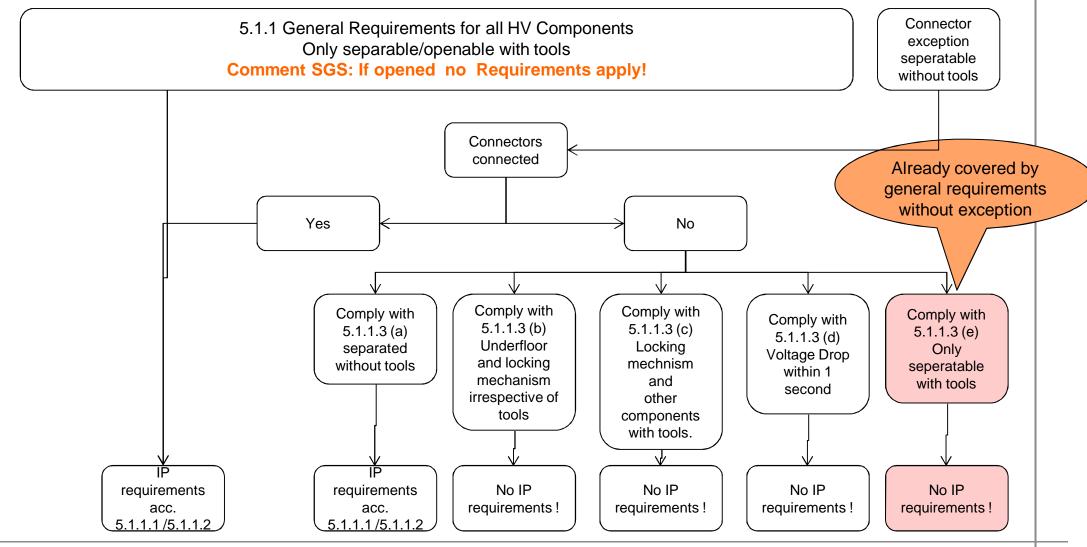

ECE R100.02 / ECE R100.01

Requirements for Protection against direct Contact

Connectors - Requirements Against Direct Contact

Connectors - Requirements Against Direct Contact

New Text Passage:

5.1.1 "...Additionally, connectors shall comply with paragraph 5.1.1.3."

Comment SGS:

```
This phrase makes 5.1.1.3 (e) necessary.
```

```
Without this phrase 5.1.1.3 (e) is obsolete! Already covered by 5.1.1
```

New Text Passage:

5.1.1.3 "...they comply with 5.1.1.1. and 5.1.1.2. when connected, and if: ...(e) They cannot be separated without the use of tools"

Comment SGS:

Syntactically wrong.

Connectors are not deemed to comply, they fulfill 5.1.1

```
by compliance with: 5.1.1.1; 5.1.1.2 or 5.1.1.3 (e)
```
