➤ 00 series : EIF → 2025. June. Considering SOP (Sales of product) timing

- In terms of applying it to new vehicles, it cannot be applied immediately from EIF, so it will be applied as a new vehicle around 2028
- If it were to be applied to the 01 series immediately after the sale of that vehicle, it would cause confusion in the market.
- The sales period of the 00 series vehicles is required.
- Considering the above, the transitional provisions for the 01 series are appropriate for 2030 (new type).

- Proposal
