| 2 | Workshop Preparation | 25 min All | 8:05 |
|---|----------------------|------------|------|

Documents:

- The secretary informed the TF about the uploaded documents on the wiki website: [28th meeting \(workshop\) - Transport - Vehicle Regulations - UNECE Wiki](#).

Targets of the workshop:

- The group considers the discussion of the qualification requirements for the supply lines for additional TPRDs as the first target
- Secondly the industry would like to address the different approaches for material compatibility
- Material experts should be invited to join the discussion
- The secretary will contact material experts that have been involved in the GTR 13 discussions as well as representatives from the European Commission, to ensure all relevant stakeholders are aware of the workshop and will join if possible.

- KHK emphasized the necessity for a discussion on the surface damage test regarding the supply lines.

Item Description

Responsible Time

| | | | | | |
|----------|---|--------------|------------|--|--------------|
| | <ul style="list-style-type: none">- Regarding timeline: should a document be finalized during the workshop it can be submitted as a working document to GRSP in December 2024; if endorsed by GRSP it will be forwarded to WP.29 in June 2025 and after adoption could enter into force in January 2026 | | | | |
| 3 | Next steps | 8 min | All | | 08:30 |
| | TF members are kindly asked to provide documents in due time before the workshop in order for participants being able to review them | | | | |
