

Major results and Action items made at the first meeting of Informal Group  
on "ITS/Automated Driving"

Agenda item	Major results and Action item
3: Review of the latest draft of ToR (ITS/AD-01-03)	<p>Common Observation 1: Outline of the ToR was generally supported.</p> <p>Agreement 1: It was agreed that detailed comments would be reflected in the draft to be submitted at the next IG meeting.</p> <p>Action item 1: OICA commented that it would submit its opinion in support of the draft ToR later. Germany stated that it would submit its proposal to amend the draft ToR later, after gathering opinions from national experts.</p>
4: Definition of Automated Driving Technology (ITS/AD-01-04)	<p>Common Observation 2: At present, various organizations are using different definitions of automated driving. To further this discussion, therefore, we need to harmonize them into a uniform definition.</p>
5: Provisional draft guidance by WP29 to GRRF (ITS/AD-01-05, ITS/AD-01-06)	<p>Common Observation 3: As IG-ITS/AD, we need to continue to discuss whether the technologies under SAE's Level 3 conform to the Vienna Convention.</p> <p>Agreement 2: IG-ITS/AD generally agreed with the view in ITS/AD-01-06 that GRRF should discuss specific technologies within the scope of the Vienna Convention. Appropriate wording in ITS/AD-01-06 should be elaborated by the next IG meeting.</p> <p>Action item 2: A correspondence group (CG) consisting of interested parties and those with deep knowledge on SAE would be established to elaborate the wording of the text of ITS/AD-01-06 as appropriate.</p>
6: Other Business	<p>Agreement 3: Next IG meeting will be held by means of telephone conference prior to the GRRF session in February.</p>
