7. Compliance Assessment		
7.4. Post-deployment safety		
7.4.1. (UNR) The Type Approval Authority or its Technical Service shall receive and review confirmatory evidence produced by that the information provided by the manufacturer during the ADS during its operations (e.g. Notification, short term and periodic reports) is in compliance with and assess that it is in accordance with capabilities described in the manufacturer’s SMS [ref. 7.4.1.7-7.4.1.10].	7.4.1. The Type Approval Authority or its Technical Service shall receive information provided by the manufacturer and assess that it is in accordance with the manufacturer’s SMS [ref. 7.4.1.7-7.4.1.10].	
7.4.1. (GTR) The Assessor shall receive and review confirmatory evidence produced by that the information provided by the manufacturer during the ADS operations (e.g. Notification, short term and periodic reports) is in compliance with and assess that it is in accordance with capabilities described in the manufacturer’s SMS [ref. 7.4.1.7-7.4.1.10].		

<p>7.4.2. (UNR) The Type Approval Authority or its Technical Service shall review the information provided by the manufacturer on the ADS operations (e.g. Notification, short term and periodic reports):</p>		
<p>7.4.2. (GTR) The Assessor shall review the information provided by the manufacturer on the ADS operations (e.g. Notification, short term and periodic reports):</p>		
<p>(a) to receive confirmatory evidence on the ADS manufacturer’s safety case and on the Safety Management System,</p>		
<p>(b) to receive information on the ADS safety level and assess whether the ADS continues to be safe when operated on the road,</p>		
<p>(c) If applicable, to verify that this information, is used to develop new scenarios or variations of existing scenarios included in the Safety case’ evidence.</p>		
<p>(d) to ensure the effectiveness of the implemented corrective actions.</p>		
<p>7.4.3. (UNR) The Type Approval Authority or its Technical Service shall review the manufacturer’s data processing (for example: filtering and conditioning) procedure during occurrence investigation and agree on the steps undertaken to deliver the data supporting the report.</p>		

<p>7.4.3. (GTR) The Assessor shall review the manufacturer’s data processing (for example: filtering and conditioning) procedure during occurrence investigation and agree on the steps undertaken to deliver the data supporting the report.</p>		
<p>7.4.4. (UNR) The Type Approval Authority or its Technical Service shall ensure the confidentiality of sensitive and business confidential reported information in the short-term template.</p>		
<p>7.4.4. (GTR) The Assessor ensure the confidentiality of sensitive and business confidential reported information in the short term template.</p>		
<p>7.4.5. (UNR) The Type Approval Authority or its Technical Service, where necessary, may verify the information provided and, if needed, the Type Approval Authority or its Technical Service may require further investigations and evidence, including test, before closing the occurrence.</p>		
<p>7.4.5. (GTR) The Assessor, where necessary, may verify the information provided and, if needed, the assessor may require further investigations and evidence, including test, before closing the occurrence.</p>		
<p>7.4.6. (UNR) If an unreasonable safety risk is identified, the Type Approval Authority may inform the Contracting Party on the need of temporary safety measures,</p>		

<p>including immediately restricting or suspending the relevant operations via remote termination, and on the need to require actions to restore an acceptable level of safety as per the applicable laws.</p> <p style="text-align: center;">-- or --</p> <p>If an unreasonable safety risk is identified, the Contracting Party may recommend temporary safety measures, including immediately restricting or suspending the relevant operations via remote termination, and may require to take actions to restore an acceptable level of safety as per the applicable laws</p>		
<p>7.4.6. (GTR) If a serious unreasonable safety risk is identified, the Contracting Party may recommend temporary safety measures, including immediately restricting or suspending the relevant operations via remote termination, and may require to take actions to restore an acceptable level of safety as per the applicable laws.</p> <p style="text-align: center;">-- or --</p> <p>[If an unreasonable risk to safety is identified, the Contracting Party may carry out its enforcement authorities to the maximum extent under applicable law. Depending on national law, options could include ordering remedies, suspending relevant operations, and recommending or requiring actions to remedy the safety risk]</p>
