Agenda item

Proposed by (affiliation only—no personal information)

NL and ETSC

Summary of Change (25 words or less)

Change to requirement on availability of driving controls while the ADS is performing the DDT

Reason for Change (Justification)

If the ADS feature is in full control of the DDT, then it is not appropriate for a user to share control of the DDT.

Location

5.2.2.2 in ADS-08-04r1

Original text

When an ADS feature is active, the vehicle driving controls, direct vision, devices for indirect vision, indicators, tell-tales, and DDT-related warnings may be disabled, suppressed, de-activated, inhibited or by other means made unavailable.

Revised text

When an ADS feature is active:

- (a) the vehicle driving controls and indicators shall be disabled, suppressed, de-activated, inhibited or by other means made unavailable
- (b) direct vision, devices for indirect vision, tell-tales, and DDT-related warnings may be disabled, suppressed, de-activated, inhibited or by other means made unavailable
