Document Reference

ADS-08-22

Date

9 April 2025

Agenda item

Proposed by (affiliation only—no personal information)

China

Summary of Change (25 words or less)

A detectable collision involving the ADS vehicle instead of involving the ADS vehicle.

Reason for Change (Justification)

It's difficult to recognize all types of collision from the technical point of view, especially for the slight scratch with other road users.

Location

5.1.3.2.

Original text

In the event of a collision involving the ADS vehicle, if required to stop by applicable law, the ADS shall stop or fall back to an MRC as appropriate. During this process the user may initiate deactivation of the ADS if the design of the ADS allows.

Revised text

In the event of a **detectable collision** involving the ADS vehicle, if required to stop by applicable law, the ADS shall stop or fall back to an MRC as appropriate. During this process the user may initiate deactivation of the ADS if the design of the ADS allows.
