Summary of Change (25 words or less)

Suggest removing the restriction on the target object of the fire.

Reason for Change (Justification)

If the central point of this message is to cause a fire, simply express that it caused the fire. It may not be necessary to limit whether the fire was caused by a collision with a vehicle or a collision with a pedestrian. Because in addition to colliding with vehicles and pedestrians, there is also a possibility of colliding with other road facilities and causing fires.
