

ADS-IWG Phase 3

Credibility and Testing provisions

Open items and next steps

ADS-IWG 8th session
Tokyo - 14-18/04/2025

R. Brouwer, B. Ciuffo, R. Donà, E. Rusciano

Remaining outstanding issues

- Review and finalization of the text
- Establishment of the correct links with the other parts of the regulatory text
- Ensuring consistency between requirements and assessment provisions

Specific points – Assessor vs Assessment

- In IWG-ADS#5 (Petten) the group was advised to remove any explicit reference to the “Assessor” and to have any provision addressed to the “Assessment”
- This includes most of the provisions in section 7 (>100)
- Before proceeding we wanted to be sure that this change is really necessary and agreed by the group.

Timeline and inputs

- The text in section 7 concerning the assessment is a major revision of what was available in GRVA-2036e
- To achieve this we needed to hold 2-hour weekly meetings for several months introducing a substantial burden for many CPs
- Industry in particular complained (IWG-ADS#7) of the limited time available to submit consolidated inputs due to the very high meeting frequency
- In spite of this challenges we still need a final rush to bring the text to the necessary maturity level

Timeline and inputs

- Next meetings

- April 24
- May 7
- May 22
- May 29 (tbc)

Collection of all inputs and review of text/structure

- June 12
- June 19
- June 26

No additional inputs accepted. Discussion to close remaining issues

Timeline and inputs

- We need the commitment of CPs to meet the timeline and bring to Helsinki our final text
 - In the next two months meetings will be held every 2 weeks
 - We need focused inputs looking at finalizing the text
 - No more inputs accepted after 8 June
- Any comment to the plan? Agreement by all CPs?

Thank you
