Dear Experts,

Please do not forget our next meeting that will be held in Paderborn.

Note that those of you that have open item under your responsibility shall try to elaborate those items in a mail exchange prior to the meeting. Our ambition is that when we leave this meeting then we shall have material to issue working documents to the GRRF 82 for all items that we can close in this working group.

Further travel details will be communicated later.

Best Regards

Boleennarth
