Summary of Change (25 words or less)

Minor revision of the description of Confirmatory testing scenario in 6.3.3.1.1

Reason for Change (Justification)

Traffic disturbance scenarios, including but not limited to behaviours in the presence of surrounding motor vehicles, vulnerable road users, and non-motorized vehicle, which includes "Situations with a large number of other road users", and specially indicate the trigger conditions for ADS safety concerns. More information, please find the interpretation document in the appendix.

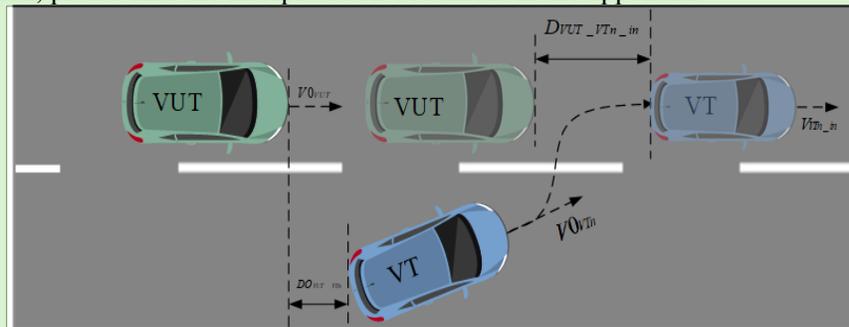

Figure 1 Traffic disturbance example 1: Other vehicles cutting in

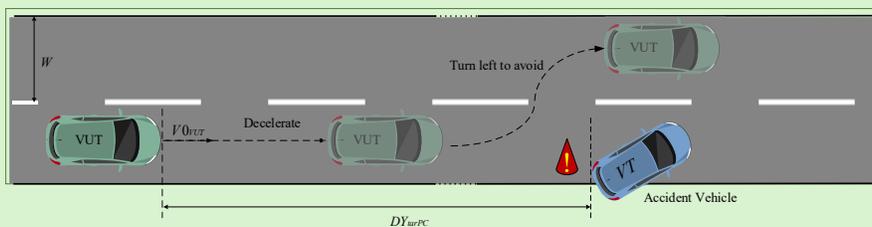

Figure 2 Traffic disturbance example 2: Meeting an accident car

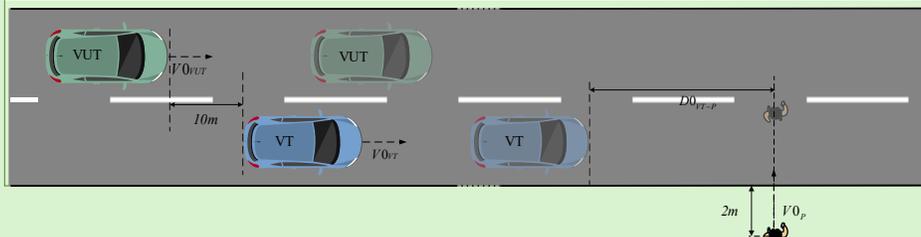

Figure 3 Traffic disturbance example 3: Pedestrian crossing through an occlusion zone

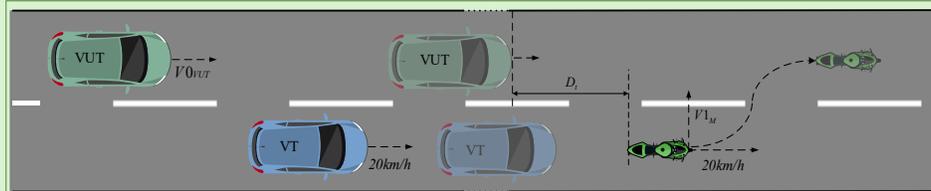

Figure 4 Traffic disturbance example 4: Motorcycle cutting in through an occlusion zone

Location ADS-13-03-GTR 6.3.3.1.1&UNR 8.3.3.1.1

#### Original text
