REPORT

		Working Documents
1.	Welcome and opening remarks Mr. Loccufier, Chairman of the Informal Working Group, opened the session welcoming all the participants.	
2.	Introduction of participants and organisations A list of all participants is available in Annex 1 to this Report.	
3.	Adoption of the agenda The agenda was adopted with the following modifications: <ul style="list-style-type: none">• Addition of document SLR-11-05 "<i>Draft New UN Regulation on Road Illumination Devices</i>" under item 8.• Insertion of subject "<i>Summary sheet on simplification and integration of Chinese GB standards</i>" under item 9.• Insertion of document DETA-25-09 "<i>Update on DETA and the use of the “Unique Identifier” (UI)</i>" under item 9. The updated agenda was circulated as document SLR-11-01/Rev.1.	SLR-11-01/Rev.1
4.	Approval of the report of the previous session The approval of the Report was postponed to the next session.	SLR-10-06
5.	Draft presentation for 169th WP.29 session (June 2016) Mr. Puglisi introduced the presentation prepared for the 169 th WP.29 session in June 2016 (document SLR-11-02) pointing out the most important details.	SLR-11-02

	<p>The participants examined in details the presentation and made some improvements.</p> <p>In order to support the GRE Secretariat after the expected approval of the numerous GRE proposals in the pipeline, Mr. Draper and Mr. Genone volunteered to provide assistance with the production of consolidated versions of all Regulations to be frozen. To support this activity, Mr. Pichon offered to provide the UTAC consolidated versions as necessary.</p> <p>It was agreed to submit the revised presentation to WP.29 prior to its 169th session in June 2016.</p> <p><i>Note: the SLR revised presentation submitted to WP.29 was distributed as document SLR-11-02/Rev.1. The presentation was then circulated by WP.29 as informal document WP.29-169-04-Rev.1.</i></p>	
<p>6.</p>	<p>List of questions submitted to OLA</p> <p>Mr. Loccufier briefly reported about the questions submitted by the GRE Secretariat to OLA (document SLR-11-03) but informed that for the time being no reply was received.</p> <p>It was agreed to resume the discussion on this matter at next session, on the basis of the feedback from OLA.</p>	<p>SLR-11-03</p>
<p>7.</p>	<p>Grouping of UN Regulations and workload sharing</p> <p>Mr. Puglisi introduced SLR-11-04 recalling the outcome of discussion of the previous meeting. He informed that, in the meantime, Mr. Kafinski confirmed to volunteer for being the Champion of the new Regulation on retro-reflective devices.</p> <p>Mr. Manz confirmed his commitment as Champion for the new Regulation on signalling devices and volunteered to be the Champion also for the new Regulation on road illumination devices.</p> <p>Mr. Loccufier thanked Mr. Manz and Mr. Kafinski for their offers acknowledging that the Champion is the person in charge of the key role of producing the initial text of the new Regulations, resulting from the merging of the current Regulations.</p> <p>It was agreed, for the time being, to use SLR-11-04 as a convenient tool for the SLR group, without submitting it to GRE.</p> <p>It was observed that the assistants will also have an important role to provide a concrete support to the relevant Champions in the preparation of the new Regulations. From a political point of view it will also be important to have CPs as assistants in order to involve them in this activity, and have their feedback, already throughout the development process and not only at the GRE sessions.</p> <p>After further consideration, the SLR deemed it worthwhile to include both R-50 and R-113 in the simplification package. This will maximise the simplification with 20 existing Regulations being merged into 3 new Regulations.</p> <p>Mr. Puglisi will post the updated presentation on the SLR website for information (now available as document SLR-11-04/Rev.1).</p>	<p>SLR-11-04</p>
