

## Status of Activity List Items

(updated in the 9th meeting, 17 December 2013)

	Clear Status
	Under Discussion
<b>Activity List Item</b> (please refer to document GTR9-C-07r1)	<b>Status</b>
1. Review and consideration of remaining items	
a) Review of Flex-TEG activities to reach common understanding	Clear Status
b) Assessment of biofidelity (comparison of FlexPLI and EEVC lower legform impactor)	Clear Status
c) Assessment of benefit and costs (injury reduction, additional benefit compared to EEVC lower legform impactor)	Clear Status
d) Technical specifications (drawings) and PADI (user manual)	Clear Status
e) Evaluation of durability	Clear Status
f) Test procedure (rebound phase, best practice, velocity measurement etc.)	Clear Status
g) Certification tests	Clear Status
h) Review and exchange of test results	Clear Status
i) Evaluation of reproducibility and repeatability	Clear Status
j) Evaluate and decide on performance / injury criteria and threshold values	Clear Status
k) Evaluation of vehicle countermeasures (assessment of technical feasibility)	Clear Status
2. Develop a draft proposal to amend UN GTR No. 9 - Phase 2	Clear Status
3. Develop a complementary draft proposal to amend draft UN Regulation on Pedestrian Safety (including a recommendation for transitional provisions based on item 1).	Clear Status
