<b>Team</b>	Kaimeng Li, Wei Wu, Chengbin Xu, Shijian Liu
<b>Invited</b>	Youhong Wu, Guilian Luo, Jingqiang Du, Ling Zhu, Zhaomiao Sun, Xiaoli Gao, Yan Li, Kaiyue Yang
<b>Apologies</b>	
<b>UNECE Secretariat</b>	Scott Walchak, Janny Yu, Lu Xu

Agenda item	Discussion	Action/Decision	Responsibility	Deadline
1. Roll-call	The UNECE Secretariat and the team leader welcomed the participants.			
2. Approve notes of previous session	Not discussed.			
3. Discussion of Agenda items	<p><u>Agenda item 1</u> Summarize the work about SDG goals selection by Secretariat.</p> <p><u>Agenda item 2</u> Questions invitation from the floor about the cases in China.</p> <p><u>Agenda item 3</u> Cases presenting from international market and questions.</p>	<p>1. The first-phase work of selecting the related SDGs has been done.</p> <p>2. The second-phase work is to collect at least 20 cases from around the world. And analyse the PPP models, project framework, project style, best practices, problems and challenges.</p> <p>3. 5 cases have been proposed:</p> <p>1) Line 2, Fuzhou Metro, China;                  2) Line 2, Hohhot Metro, China;                  3) Line 1, Hangzhou Metro, China;                  4) Line 9, Chongqing Metro, China                  5) Light Rail, Ethiopia (funded and built by China)</p> <p>1. The experts suggest:</p> <p>1) When selecting the cases, pay attention to diversification</p>	<p>The project team</p> <p>The project team</p>	<p>Up till now</p> <p>Dec 5</p>

Agenda item	Discussion	Action/Decision	Responsibility	Deadline
		<p>and proportionality, including balancing the successful and failed projects, public and private projects, projects in developed and developing countries, etc.</p> <p>2) When analyzing the cases, handle cautiously the information, focus on the trend of the industry and the key issues of the projects, leave out of the minutiae.</p> <p>3) When summarizing the cases, set up index or specifications for evaluating whether a project is a success or a failure, put forward the prerequisites for success and the common problems and challenges for projects.</p>		
4. Items for decision	Cases should be proposed and shared by experts.		The project team	Dec 5
5. Other business	None			
6. Planning next meeting/call	The team leader suggested holding the next meeting on Dec 5. But the exact time was not decided yet.
