

## **Request by the IWG on DETA for decisions to be taken by WP.29, 174<sup>th</sup> session**

- as indicated by WP.29 173<sup>rd</sup> session (par. 64):  
to mandate the IWG to implement ‘scenario three’ with the German offer for hosting DETA ‘version 1’ (license, installation, running costs 2 years) as interim solution;
- to request the UNECE Secretariat to take the necessary steps to secure regular budget resources for DETA for the 2021/2022 biennium;
- to invite the IWG on DETA to work on the next evolution (subject to securing long-term financing concept):
  - development of UI (facilitating especially the GRE/SLR simplification work);
  - development of DOC and to facilitate the implementation of additional beneficial features such as software updates and storage of software ID numbers.

## **Renaming of DETA**

The IWG on DETA accepted the proposal by Germany (WP.29-173-13e item 4) to rename DETA in order to clarify DETA is not limited to exchanging Type Approvals.

Proposal for alternatives:

UN VIED - UN Vehicle Information Exchange Database

UN VID - UN Vehicle Information Database

UNIED - UN Information Exchange Database

UNOVIE - UN Online Vehicle Information Exchange

UNSID - UN Secure Internet Database

MOVIE - Mutual Online Vehicle Information Exchange

WP.29 is invited to consider this at its next session.
