

# GTR-13 Phase 2 on H&FCEV IWG 6<sup>th</sup> Meeting CATARC, Tianjin, China June 17-20, 2019

## ISO/TC 197 Hydrogen Technologies Update

Andrei V. Tchouvelev, Chair

# Historic Agreement Between ISO/TC 197 and ISO/TC 22/SC 41

## From SC41 report to ISO/TC 22

*Success - SC41 thanks Andrei Tchouvelev for his participation to last SC41 Plenary and for sharing a presentation about ISO/TC197 and proposal for collaboration. Following the proposal of TC197 Chairman, SC41 unanimously agreed to establish a JWG with ISO/TC197 related to natural gas/hydrogen blends under SC41 responsibility. It is agreed to revise ISO 12619 series in order to exclude the pure hydrogen ICE topic.*
