

**Direction of New proposal for
“Front and Close-proximity Passenger-side”
Field of vision.**

2019.11.26 (VRU-Proxi IWG #12)

JAPAN.

Further plan

Based on IWG #11 discussion,
Japan would like to continue proposal of new regulation for
“Front and Close-proximity Passenger-side” Field of vision.

We think it will contribute VRU safety just around the vehicles
around the world, even if EU is not take.

Japan will prepare

- Recent trend of traffic accidents
- Accidentology data

In next VRU-Proxi IWG session in Japan.
