

Prepared by the FRAV Secretary

Document FRAV-02-14  
2<sup>nd</sup> FRAV session, 14-15 January 2020  
Agenda item 9.

# FRAV-02

# Consensus Outcomes

# Consensus

- FRAV-XX-05 consolidated working document moving forward
  - Interim working document to capture all stakeholder input
  - Basic structure of chapters agreed (pending possible additions)
  - Recommendations for Framework Document
    - Failsafe versus safe fallback
    - Use of ODD, without prejudice to safety authority right to set minimum ODD requirements
    - Possible recommendations to clarify text based on FRAV consensus
- Questions for GRVA/WP.29
  - Four additional items
    - In-use performance (maintenance (updates), inspection, reporting?)
    - Consumer education and training
    - Crashworthiness/compatibility
    - Post-crash safety

# Action items

- Provide input on FRAV-XX-05
  - Secretary: FRAV-02-05/Rev.2 (refined version of Rev.1)
  - January 29 deadline for first-round input
    - Refinements, if needed, to introductory chapter descriptions (respecting Framework Document/FRAV ToR constraints)
    - Proposals for additions (within structure)
    - Identify items requiring revision (in stakeholders' views) at future FRAV sessions
  - Develop version for submission to GRVA
    - Aimed at fulfilling March 2020 deadline for common principles to WP.29
  - FRAV-03-05 for April 2020 Paris session
    - Structuring of all input under chapters
    - Consensus on work streams to build out functional performance requirement rationales and definitions

# Action items

- GRVA submission on common functional performance requirements
  - Consensus (agreed/non-controversial) elements of FRAV-XX-05
  - Recommendations for Framework Document
  - Questions on four “unassigned” Framework Document items
