

Mr. Filippo Cadamuro

Technical Officer – Italian Revenue Agency

Rome, Italy

Mr. Cadamuro holds an International Baccalaureate diploma from the United World Colleges and graduated in Environmental and Land Engineering from the University of Trento.

After graduation, he carried out a two-year scientific research at the Department of Civil and Environmental Engineering of the University of Trento, where he co-developed some significant applied works in waste management field, on behalf of public authorities and private companies at the local and national levels.

From June 2005 to September 2014, he worked at the Municipality of Trento, where his last position was head of the office in charge of designing, constructing and testing urban rainwater and sewage pipe networks.

In October 2014, he joined the Italian Revenue Agency as Technical Officer within the Cadastral Operating Methodology Unit of the Central Directorate for Cadastral, Cartographic and Land Registration Services.
