

Mrs. Elena Busch, MSc in Land Management and surveyor, has since 2006 been working as a senior engineer and project manager at the Norwegian Mapping Authority's International Services section with projects in Armenia, Azerbaijan, Croatia, Georgia, Kyrgyzstan and Moldova. From 2006-2010, she was engaged in the formalization agenda activities supporting the Norwegian contribution to the High Level Commission on Legal Empowerment of the Poor, and since 2010 has been working mainly with managerial and supervising tasks related to the implementation of Norwegian funded projects in former Soviet and socialist states. She has over 10 years of experience in working with the cadastre and registration authority of the Russian Federation.
