What are the rules to enter this country from an EU Member State or Schengen Associated country?

Document checklist

1. All travellers must complete a Registration Form. If arriving by air, they must also complete a Passenger Locator Form.

2. Proof of vaccination or recovery:
   - Proof of vaccination completed 14 days after receiving the full vaccination (2-dose) and 21 days after completing the 1-dose vaccination series. Double dose or single dose vaccines are valid for 9 months. All types of vaccines are accepted.
   - COVID-19 certificate of recovery. Recovery status is valid within 180 days of recovery.

3. Unvaccinated travellers, and persons who have not recovered from COVID-19 less than 180 days ago, are required to self-isolate for 5 days on arrival, unless they obtain a negative PCR test. Tests can be carried out immediately on arrival.

Entry rules

- Persons with adverse reactions to vaccines can avoid quarantine by providing a medical certificate and a negative PCR test result (maximum 72 hours).
- Quarantine on arrival is not mandatory for persons fleeing national or international armed conflict. They are also exempted from having to complete the Registration Form.
- Documents equivalent to the 'EU Digital COVID Certificate' (EUDCC) are also accepted, if they meet the same requirements listed above for the EUDCC. Equivalent documents (national certificates) proving vaccination or recovery status must contain the following data: name and surname of holder, birth date, in case of vaccinated person the name of the vaccine and its producers, overall number of administered vaccination substances and their order, date of last vaccination. National certificates must contain a stamp of the authorised authority of the respective country or it must be electronically verifiable and the certificate must be in English.
- Children below 12 years and 2 months are exempt from quarantine and testing requirements.

What are the rules to enter this country from outside an EU Member State or Schengen Associated country?

Mandatory travel documents

1. All travellers must complete a Registration Form. If arriving by air, they must also complete a Passenger Locator Form.

2. Travellers from outside the EU and Schengen area can enter Slovakia if their certificate of vaccination or recovery contains one of the following:
   - Proof of vaccination completed 14 days after receiving the full vaccination (2-dose) and 21 days (1-dose). Double dose and single dose vaccines are valid for 9 months. All types of vaccines are valid.
   - Certificate of recovery valid for 180 days. Recovery status is valid within 180 days after recovery.

Entry rules

- Unvaccinated travellers, and those who have not recovered from COVID-19 within the past 180 days, are required to self-isolate for 5 days on arrival unless they obtain a negative PCR test result. Tests can be carried out immediately on arrival.
- Quarantine is not mandatory for persons fleeing national or international armed conflict. They are also exempted from having to complete the Registration Form.
- Children below 12 years and two months are exempt from quarantine and testing requirements.

May I transit this country?

- Travellers transiting Slovakia are not subject to compulsory registration or quarantine if they are (a) en route to the country of their nationality or residence (b) EU citizens and family members travelling to another EU state (c) other persons who qualify for an exemption.
- Travellers transiting Slovakia by land must pass through "transport corridors" without stopping, except to refuel, and within eight hours of entering Slovakia.
- Quarantine is not mandatory for persons fleeing national or international armed conflict. They are also exempted from having to complete the Registration Form.

Austria: temporary reintroduction of border control - Update

This Flash info refers to the publication published on 31 October 2022, regarding the temporary reintroduction of border control at the Austrian-Slovakian border. The temporarily introduced border controls with Slovakia will be extended again. The controls will be extended until 12 December 2022 (included).

Additionally, the Federal gazette for the Republic of Austria published on 10 November an ordinance on the temporary reintroduction of border controls at the internal borders with the Republic of Slovenia and Hungary. In the period from 12 November 2022, 00:00, until 11 May 2023, 24:00, the internal borders with the Republic of Slovenia and Hungary may be crossed only at border crossing points.

Czech Republic - Slovakia

Czech Republic/Slovakia: temporary reintroduction of border control - Update

After the introduction of controls on illegal migration at the border between Slovakia and the Czech Republic, several hour-long convoys of trucks formed at the border crossing on the D2 highway - Lanžhot/Kúty. Therefore, from Monday 7 November 2022, the number of checkpoints was increased and access to these checkpoints was modified.

The controls will be carried out until 12 December 2022.

The Minister of Transport of the Czech Republic and the Police Director ask drivers to respect the instructions of the police at the crossing points to make the passage through the check point as quickly as possible.

General measures

All services and shops are open for all persons regardless of their vaccination status. Facemasks should be worn indoors.

Learn more:
Public Health Authority

Restrictions at the regional or local level

Each district of Slovakia is evaluated every week according to its epidemiologic situation, and it is colour-classified according to the conditions set out in the Covid Automat.

The current situation in districts is available at https://korona.gov.sk

Use of facemasks

Respirators are mandatory indoors, including in schools and outdoors where distancing is less than 2 meters. There are exceptions for staff taking care of children and pupils with impairments, autism spectrum disorders, mental disabilities and other disabilities.

Indoor and outdoor meetings, public or private gatherings and events

Indoor and outdoor events and gatherings can be held with no limit on numbers. Respirators must be worn.

Safety measures for public transportation

Respirators must be worn when using public transportation.

Places of worship

This Flash Info refers to the publication on 6 October 2022, regarding the temporary reintroduction of border control between Austria and Slovakia.

The temporarily introduced border controls with Slovakia will be extended again. The controls will be extended until 12 November 2022 (included).

Religious services are allowed with no capacity limits. Respirators must be worn at all times.

Quarantine

All travellers must complete a Registration Form and, if arriving by air, a Passenger Locator Form. They should be aware that unvaccinated travellers are required to self-isolate for 5 days on arrival, unless they obtain a negative PCR test result. The test can be taken immediately after arrival in Slovakia.

General isolation and quarantine measures (non-travel related)

For all persons with positive test results without symptoms the period of mandatory isolation is 5 days (from the time they test positive). For persons with symptoms, the duration will be decided by an attending GP.

In case of contact with a positive person (quarantine measures):

- For the unvaccinated person—if without symptoms—the mandatory period is 5 days. For the person with symptoms, the duration of quarantine will be decided by an attending GP.
- For persons who are vaccinated/recovered (180 days after recovery): if without symptoms, no mandatory quarantine is required; if with symptoms, the duration of quarantine will be decided by an attending GP.

Closed roads and border crossings. Pope Francis’ visit will significantly limit transport in Slovakia

Pope Francis will visit Slovakia from 12th to 15th September 2021. The Slovak police have warned the public that during visit, it is necessary to take into consideration limitations at the border crossings, where traffic will be suspended for the necessary amount of time.

On Sunday, September 12, freight transport will be limited from 15:00 and 16:00 at the Jarovce – Kittsee border crossing with Austria and the unovo – Rajka border crossing with Hungary in the direction to Slovakia.

Other limitations are expected on Tuesday, September 14 at the same border crossing in the direction to Slovakia between 6:30 and 8:00 and from 19:00 to 20:00.

The police recommends all drivers to avoid transit through the city of Prešov on Tuesday, September 14 in the time from 06.00 to 15.00.

Police in Košice recommends carriers who plan to use the passage through Košice that traffic restrictions will apply on Tuesday, September 14 from 05.00 to 20.00. Carriers who are planning to use the transit route Vyšný Komárnik border crossing - Milhost border crossing are advised to use the Slovenské Nové Mesto border crossing instead of the Milhost border crossing. For transit traffic PL north - HU south it is recommended to use the road from the border crossing with the Republic of Poland on the road I / 21. Then continue in the direction of Stropkov on the road I / 15 to the town of Vranov nad Topou. From the town of Vranov nad Topou continue on the road I / 79 in the direction of Slovenské Nové Mesto.

Limitations will also impact the Brodské – Beclav border crossing with the Czech Republic in the direction to Slovakia between 17:30 and 19:30.

On Wednesday, September 15, traffic will be limited at the border crossings Jarovce – Kittsee and unovo-Rajka between 6:00 and 8:00 and between 12:30 to 13:30. In the case of the Brodské-Beclav border crossing, traffic will be limited between 11:00 and 13:00.

Public Health Authority

Entering this country with the EU Digital COVID certificate

All travellers can enter Slovakia if their 'EU Digital COVID Certificate' contains one of the following:

- Proof of vaccination completed 14 days after receiving the full vaccination (2-dose) and 21 days (1-dose) after completing the 1-dose vaccination series. Double dose or single dose vaccines are valid for 9 months. All types of vaccines are accepted.
- COVID-19 certificate of recovery. Recovery status is valid within 180 days of recovery.

All travellers must complete the Registration Form. If arriving by air, they must also complete the Passenger Locator Form.

Unvaccinated travellers, and persons who have not recovered from COVID-19 within the past 180 days, are required to self-isolate for 5 days on arrival, unless they obtain a negative PCR test result. Tests can be carried out immediately on arrival.

Children below 12 years and 2 months are exempt from quarantine and testing requirements.

Entering this country without the EU Digital COVID certificate or with a certificate not compliant with national requirements

Documents equivalent to the 'EU Digital COVID Certificate' (EUDCC) are also accepted, if they meet the same requirements listed above for the EUDCC.

All travellers must complete a Registration Form and, if arriving by air, they must also complete a Passenger Locator Form.

COVID-19 update: Professional drivers are exempted from the new regulations in Slovakia

From 09 July 2021 06:00 hours, a new regulation about the latest border measures will come in force in Slovakia. The new regulation will modify registration and quarantine obligations for persons entering the territory of the Slovak Republic.

Professional drivers are excluded from these obligations – they don’t have to register their entry into the country and they don’t have to undergo quarantine.

Source: CESMAD Slovakia

24.12.2020

extended the exemption from driving ban

Slovakia - United Kingdom

Let me inform you that due to the release of restrictions on the borders of Great Britain and France on 30 December and in an effort to help truck drivers not to stand on the borders of the Slovak Republic and go home to their families, the Police of Slovak Republic extended the exemption from driving ban in connection with the upcoming public holidays for transit through the Slovak Republic on 24 December, 25 December and 26 December 2020.

Source: Association of Slovak Hauliers

12.11.2020

Based on a result of the wide-scale testing in Slovakia, many drivers have been in quarantine because of their positive tests for COVID-19. Therefore Slovakia has agreed to a temporary and limited relaxation of the enforcement of driving and rest times for the drivers involved in domestic and international delivery of goods. This temporary relaxation applies from 11 November 2020 and will run until 10 December 2020. Details of the temporary relaxation you may find attached.

Slovak government extended the curfew until 14 November 2020.

The curfew does not apply to the freight and bus drivers entering the territory of the Slovak Republic, if they leave the territory within 48 hours from entry. They only need a certificate for international transport worker.

**Source:** CESMAD SLOVAKIA

**03.07.2020**

As from 10 June, Slovakia has started classifying third countries on the grounds of safety risks. Individuals travelling to Slovakia, who in the previous 14 days have visited a country that is not considered to be safe, must provide proof of a negative test result not older than 96 hours upon arrival at the border.

In cases where individuals enter Slovakia from an unmanned border crossing point, they must immediately submit proof of a negative test to the competent Regional Public Health Authority (in English, German, Czech or Slovak). They must then self-isolate at home and repeat the test on the 5th day of isolation at the earliest. Isolation lasts until the result of the test is negative.

International goods transport drivers remain exempted from any provision.

More information can be found [here](https://cesmad.sk).

**Source:** CESMAD

**11.06.2020**

As from 11 June, Slovakia has opened all border crossing points with neighbouring countries, with the exception of Poland. On the Slovakia-Poland border, controls will be carried out until 26 June, and the only open crossing points are Trstená-Chyžné and Vyšný Komárnik-Barwinek.

**Source:** CESMAD

**21.05.2020**

On 21 May, the Slovak government extended border controls until 26 June. It will only be possible to enter and exit the country through the following border crossing points:

**On the border with Austria**

- Bratislava – Jarovce – Kittsee (motorway)
- Bratislava – Jarovce - Kittsee (old road)
- Bratislava – Petřžalka – Berg
- Moravský Svätý Ján - Hohenau
- Záhorská Ves – Angern an der March

**On the border with Hungary**

- Bratislava unovo – Rajka (motorway)
- Medveov – Vámoszszabadi
- Komárno – Komárom
- Štúrovo – Esztergom
- Šahy – Parassapuszta
- Slovenské armonty – Balassagyarmat
- Šiatórská Bukovinka – Salgótarján
- Krá – Bánréve
- Milhos – Tornyosnémeth (road no. I/17)
- Milhos – Tornyosnémeth cesta (road no. R4)
- Slovenské Nové Mesto – Sátoraljaújhely
- Hosovce – Tornánádaska

**On the border with the Czech Republic**

---
What are the rules if I go abroad from this country, and when I return from abroad?

To discover specific conditions to go abroad and return to Slovakia, depending on your country of departure complete a Registration Form and Passenger Locator Form.

The Public Health Authority lists countries where quarantine is required and provides travellers with rules for quarantine and testing requirements.

May I transit this country?

- Travellers transiting Slovakia are not subject to compulsory registration or quarantine if they are (a) en route to the country of their nationality or residence (b) EU citizens and family members travelling to another EU state (c) other persons who qualify for an exemption.
- Travellers transiting Slovakia by land must pass through “transport corridors” without stopping, except to refuel, and within eight hours of entering Slovakia.
- Quarantine is not mandatory for persons fleeing national or international armed conflict. They are also exempted from having to complete the Registration Form.

08.05.2020

On 7 May, the Slovakian Government extended their border control measures until 27 May 2020. During this period it will only be possible to enter and exit Slovakia through designated land border crossings (the list remains the same as in the original decision):

Slovakia – Austria
- Bratislava – Jarovce – Kittsee (motorway)
- Bratislava – Jarovce - Kittsee (old road)
- Bratislava – Petrižalka – Berg
- Moravský Svätý Ján - Hohenau

Slovakia – Hungary
- Bratislava unovo – Rajka (motorway)
- Medveov – Vámosszabadi
- Komárno – Komárom
- Štúrovo – Esztergom
- Šahy – Parassapusza
- Slovenské armoty – Balassagyarmat
- Štiatarská Bukovinka – Salgótarján
- Krá – Bárány
- Milhos – Tornyosnémeti (road no. I/17)
- Milhos – Tornyosnémeti cesta (road no. R4)
- Slovenské Nové Mesto – Sátoraljaújhely

Slovakia – Czech Republic
- Svrinovec – Mosty u Jablunkova
- Makov – Bílá-Bumbálka
- Horné Smie – Brumov-Bylnice
- Drietoma – Starý Hrozenkov
- Moravské Lieskové – Stráni
- Lysá pod Makytou – Stelná
- Vrbovce – Velká nad Velíkou
- Brodské – Beclav (highway)

- Svrinovec – Mosty u Jablunkova
- Makov – Bílá-Bumbálka
- Horné Smie – Brumov-Bylnice
- Drietoma – Starý Hrozenkov
- Moravské Lieskové – Stráni
- Lysá pod Makytou – Stelná
- Vrbovce – Velká nad Velíkou
- Brodské – Beclav (highway)
Face masks and respirators are mandatory indoors, including in schools and outdoors where distancing is less than 2 meters. There are exceptions for staff taking care of children and pupils with impairments, autism spectrum disorders, mental disabilities and other disabilities.

**Indoor and outdoor meetings, public or private gatherings and events**

There are two types of events and gatherings with different rules according to the potential risk of infection.

**Low-risk**: Maximum capacity of 500 persons, or 50% of capacity of the venue. Only stable standing or sitting is allowed and visitors are required to wear respirators. Low-risk events include cinema or theatre performances with no possibility of eating.

**High-risk**: These are events that do not fulfill the criteria for low-risk events. The maximum capacity is 50 persons.

**Safety measures for public transportation**

Face masks and respirators must be worn when using public transportation.

**Places of worship**

Religious services are allowed with no capacity limits.

**Quarantine**

All travellers must complete a Registration Form and, if arriving by air, a Passenger Locator Form. They should be aware that unvaccinated travellers are required to self-isolate for 5 days on arrival, unless they obtain a negative PCR test result. The test can be taken immediately after arrival in Slovakia.

**General isolation and quarantine measures (non-travel related)**

For all persons with positive test results without symptoms the period of mandatory isolation is 5 days (from the time they test positive). For persons with symptoms, the duration will be decided by an attending GP.

In case of contact with a positive person (quarantine measures):
• For the unvaccinated person—if without symptoms—the mandatory period is 5 days. For the person with symptoms, the duration of quarantine will be decided by an attending GP.
• For persons who are vaccinated/recovered (180 days after recovery): if without symptoms, no mandatory quarantine is required; if with symptoms, the duration of quarantine will be decided by an attending GP.

Procedures at green lane border crossings remain unchanged.

In addition, the Slovak police have lifted driving restrictions for goods vehicles heavier than 3.5 tonnes on 10, 12 and 13 April.

Source: CESMAD Slovakia

28.03.2020

After yesterday’s (27 March) closures of border crossing points with the Czech Republic, Hungary, Poland and Austria to freight vehicles over 7.5 tonnes, due to bottlenecks and resulting traffic jams at the Hungarian border, the situation is now slowly getting back to normal.

All border crossings are now open, including the border crossing point Brodske - Breclav between Slovakia and the Czech Republic.

Source: CESMAD-Slovakia and CESMAD-Bohemia

27.03.2020

According to information from the Slovak Government Authorities, Slovakia is currently closing its borders with the Czech Republic, Hungary, Poland and Austria, to freight vehicles over 7.5 tonnes, due to bottlenecks and resulting traffic jams which have accumulated since this morning at the Hungarian borders.

The only exempted transports are those unloading in Slovakia and those allowed on the dedicated green lanes https://ec.europa.eu/transport/sites/transport/files/green-lanes.pdf. The list of goods allowed to use the green lanes are post, perishable goods, fuel supply for gas stations, foodstuff, transport of live animals, and medical and biological products.

Exiting Slovakia is possible.

The duration is not specified.

**EU Digital COVID Certificates**

Information on “EU Digital COVID Certificates” issued in Slovakia

In Slovakia, the ‘EU Digital COVID Certificate’ is required to access cultural and leisure facilities and public transport. Please consult the Measures section for further details. Travellers are reminded to carry relevant certificates at all times.

The ‘EU Digital COVID Certificate’ (EUDCC) is digital proof, valid in all EU countries, that a person has either been vaccinated against COVID-19, has recovered from COVID-19, or has received a negative test result. **National authorities are responsible for issuing the certificate.** All EU citizens and their family members, as well as non-EU nationals who are legally staying or residing in an EU country and have the right to travel within the EU, can get the EUDCC. A list of non-EU countries and territories whose certificates are accepted under the same conditions as the EUDCC is also available.

Note: although the ‘EU Digital COVID Certificate’ is valid across the EU, countries remain responsible for their own entry rules and health measures during the pandemic. This means that entry requirements depend on your destination.

As of 1 February 2022, vaccination certificates will be valid for travel purposes within the EU for a period of 9 months (270 days).

20.03.2020

Slovakia has agreed on a temporary and limited relaxation of the enforcement of driving and rest times for drivers involved in domestic and international delivery of goods. This temporary relaxation applies from 19 March 2020 and will run until 17 April 2020, included.

Slovakia has made it clear that driver and road safety must not be compromised. Drivers should not be expected to drive whilst tired - employers remain responsible for the health and safety of their employees and other road users.

For the above mentioned category of drivers, the following provisions will be temporarily relaxed as follows:

- Derogation to Article 6(1): replacement of the maximum daily driving limit of 9 hours with one of 11 hours.

- Derogation to Article 6(2): replacement of the maximum weekly driving limit of 56 hours with one of 60 hours.

- Derogation to Article 6(3): replacement of the maximum fortnightly driving limit of 90 hours with one of 96 hours.

- Derogation to Article 7: replacement of the minimum daily breaks requirements by imposing a break of 45 minutes after 5 and a half hours.

- Derogation to Article 8(1): Reduction of the daily rest requirements from 11 to 9 hours.

What are the rules to enter this country from an EU Member State or Schengen Associated country?

Document checklist

1. All travellers must complete a Registration Form.
2. If arriving by air, they must also complete a Passenger Locator Form.
3. Proof of vaccination, recovery or a negative test result. Details in the section below.

Entry rules

- To avoid quarantine, 2-dose vaccines must be completed at least 14 days (and a maximum one year) after the second dose, while 1-dose vaccines must be completed at least 21 days (and a maximum one year). Recovered persons vaccinated with at least one vaccine dose within 180 days after recovery, and where the vaccine was administered more than 14 days and less than 1 year ago, do not have to quarantine.
- Persons with adverse reactions to vaccines can avoid quarantine by providing a medical certificate and a negative PCR test result (72 hours).
- Mandatory quarantine is in effect for all travellers (regardless of vaccination status or recovery) who have visited the following countries in the last 14 days: South Africa, Botswana, Namibia, Lesotho, Eswatini, Mozambique and Zimbabwe. The Public Health Authority provides these travellers with rules for quarantine and testing requirements.

Children below 12 years and 2 months are exempt from quarantine and testing requirements.

Learn more:
- Public Health Authority

Entering this country with the EU Digital COVID certificate

All travellers can enter Slovakia if their 'EU Digital COVID Certificate' contains one of the following:

- Proof of vaccination completed 14 days after receiving the full vaccination (2-dose) and 21 days (1-dose) after completing the 1-dose vaccination series. Double dose or single dose vaccines are valid for 365 days. All types of vaccines are accepted.
- COVID-19 certificate of recovery. Recovery status is valid at least 14 days after administration of the first dose of the vaccine if it was administered within 180 days of recovery.
All travellers must complete the Registration Form. If arriving by air, they must also complete the Passenger Locator Form.

Unvaccinated travellers are required to self-isolate for 10 days on arrival, unless they obtain a negative PCR test result. Tests can only be carried out at the earliest on the fifth day of isolation.

Children below 12 years and 2 months are exempt from quarantine and testing requirements.

Entering this country without the EU Digital COVID certificate or with a certificate not compliant with national requirements

Documents equivalent to the ‘EU Digital COVID Certificate’ (EUDCC) are also accepted, if they meet the same requirements listed above for the EUDCC.

All travellers must complete a Registration Form and, if arriving by air, they must also complete a Passenger Locator Form.

Unvaccinated travellers are required to self-isolate for 10 days on arrival, unless they obtain a negative PCR test result. Tests can only be carried out at the earliest on the fifth day of isolation.

Children below 12 years and 2 months are exempt from quarantine and testing requirements.

Learn more:

Public Health Authority

What are the rules to enter this country from outside an EU Member State or Schengen Associated country?

Entry rules
If arriving by air, persons considered vaccinated or recovered coming from third countries that are not on the list of green countries must also provide a negative PCR test result (no older than 72 hours).

Unvaccinated travellers are required to self-isolate for 10 days on arrival, unless they obtain a negative PCR test result. Tests can only be carried out at the earliest on the fifth day of isolation.

Mandatory quarantine is in effect for all travellers (regardless of vaccination status or recovery) coming to Slovakia who have visited the following countries in the last 14 days: South Africa, Botswana, Namibia, Lesotho, Eswatini, Mozambique and Zimbabwe. The Public Health Authority provides these travellers with rules for quarantine and testing requirements.

Children below 12 years and two months are exempt from quarantine and testing requirements.

**Mandatory travel documents**

1. All travellers must complete a **Registration Form**.
2. If arriving by air, they must also complete a **Passenger Locator Form**.
3. Travellers with an ‘EU Digital COVID Certificate (EUDCC)’ can enter Slovakia if it contains one of the following:
   - Proof of **vaccination** completed 14 days after receiving the full vaccination (2-dose) and 21 days (1-dose). Double dose and single dose vaccines are valid for 365 days. All types of vaccines are valid.
   - Certificate of **recovery** valid for 180 days. Recovery status is valid for at least 14 days after administration of the first dose of vaccine if it was administered within 180 days.

Learn more:

Public Health Authority

**What are the rules if I go abroad from this country, and when I return from abroad?**

To discover specific conditions to go abroad and return to Slovakia, depending on your country of departure complete a **Registration Form** and **Passenger Locator Form**.

The Public Health Authority lists countries where quarantine is required and provides travellers with rules for quarantine and testing requirements.

**May I transit this country?**

Travellers transiting Slovakia are not subject to compulsory registration or quarantine if they are (a) en route to the country of their nationality or residence (b) EU citizens and family members travelling to another EU state (c) other persons who qualify for an exemption.
Travellers transiting Slovakia by land must pass through "transport corridors" without stopping, except to refuel, and within eight hours of entering Slovakia.

Learn more:
Migration Information Center

General measures

There are four different regimes based on vaccination:

1. **Basic** (all persons);
2. **OTP** (vaccinated, tested, recovered);
3. **OP** (vaccination/primary series, recovered/maximum 180 days after recovery);
4. **OP+** (vaccinated with a booster, primary vaccination series + test; primary vaccination series + recovery/maximum 180 days after recovery).

All non-essential shops and services are open. The regime they operate under depends on the degree of risk involved in the types of services they provide.

Respirators must be worn indoors and outdoors if there is less than 2 meters between each person. Travellers are reminded to always carry their certificates of vaccination, recovery or negative test result.

Learn more:
Public Health Authority

Use of facemasks

Wearing face masks and respirators is mandatory indoors, including in schools and outdoors where distancing is less than 2 meters. There are exceptions for staff taking care of children and pupils with impairments, autism spectrum disorders, mental disabilities and other disabilities.

Indoor and outdoor meetings, public or private gatherings and events

There are three types of events and gatherings with different rules according to the potential risk of infection.

**Low-risk:** Maximum capacity of 100 persons, or 50% of the capacity of the venue under strict rules (OP regime—only vaccinated and recovered persons wearing respirators). Low-risk events include cinema and theatre performances where there is no possibility of eating.
Medium-risk: Maximum capacity of 100 persons, or 25% of the capacity of the venue under strict rules (OP regime—only vaccinated and recovered persons wearing respirators). Medium-risk events include cinema and theatre performances with the possibility of eating.

High-risk: there is a maximum capacity of 20 persons (OP + regime—vaccinated with a booster, primary vaccination series + test or primary vaccination series + recovery). High-risk events include wedding celebrations, parties, etc.

Safety measures for public transportation

Respirators must be worn when using public transportation.

Places of worship

Religious services are allowed with a maximum of 100 persons who are vaccinated or recovered.

Quarantine

All travellers must complete a Registration Form and, if arriving by air, a Passenger Locator Form. They should be aware that unvaccinated travellers are required to self-isolate for 14 days on arrival, unless they obtain a negative PCR test result. The test can be taken at the earliest on the 5th day of quarantine.

General isolation and quarantine measures (non-travel related)

- For the unvaccinated person—if without symptoms—the mandatory period is 5 days. For the person with symptoms, the duration of quarantine will be decided by an attending physician.
- For persons who are vaccinated/recovered (180 days after recovery—if without symptoms, no mandatory quarantine is required; if with symptoms, the duration of quarantine will be decided by an attending GP.

Learn more:

Public Health Authority

Non-essential (other than medicine and food) shops
Non-essential shops are open for everyone.

**Tourist accommodations**

Tourist hotels operate under the rules of the \textit{OP+} regime (vaccinated with a booster, or two series vaccination + test, or two series vaccination + recovery/no more than 180 days ago).

Hotel facilities such as restaurants and wellness businesses are open under strict limits.

If not vaccinated, children from the age of 6 to 12 are required to have a test. Children under the age of 6 are not required to have a test.

**Catering establishments**

Catering establishments are open. They operate under strict limits for the vaccinated from 5:00 until 10:00 (\textit{OP regime}).

Take-away businesses are open for the unvaccinated.

**Cinemas, museums and indoor attractions**

Museums, galleries and exhibition halls are open. They operate under strict limits for vaccinated and recovered persons (\textit{OP regime}).

Cinemas, theatres and other cultural facilities are also open (under the rules of the \textit{OP regime}).

**Personal care services**

Personal care businesses are open for vaccinated and recovered persons under the \textit{OP} regime.

Fitness facilities, wellness centres and swimming pools are open under the \textit{OP+} regime (vaccinated/booster, primary vaccination series + test, primary vaccination series + recovery/maximum 180 days after recovery).

**Outdoors areas and beaches**
Outdoor exercise is allowed.

You can find the latest information on air travel regulations for this country on the IATA website.

You can also find information about air passenger rights on our portal for citizens.

General measures
Non-essential shops are open for vaccinated and recovered persons. Lockdown measures for the unvaccinated will remain in force until 9 January, 2022. Services including hairdressers and gyms will reopen for the vaccinated and recovered on 17 December. Hotels reopen for the vaccinated and recovered on 25 December. Restaurants and bars remain closed until after the New Year.

Face masks and respirators must be worn indoors. Travellers are reminded to at all times carry their certificates of vaccination, recovery or negative test result.

**Use of facemasks**

Wearing of face masks and respirators is mandatory indoors including in schools. There are exceptions for staff taking care of children and pupils with impairments, autism spectrum disorders, mental disabilities and other disabilities.

When outdoors, face masks, respirators and shawls are mandatory when standing less than 2 meters from others.

**Indoor and outdoor meetings, public or private gatherings and events**

Mass gatherings are prohibited. There is a maximum capacity of 10 persons at professional performances.

**Safety measures for public transportation**

A maximum of two passengers can be seated in each row of seats.

**Places of worship**

OPEN WITH LIMITATIONS

Religious services are allowed with a capacity of 30 persons who are vaccinated or recovered.

**Quarantine**

All travellers must fill in a Registration Form and Passenger Locator Form. They should be aware that unvaccinated travellers are required to self-isolate for 14 days on arrival, unless they obtain a negative PCR test after five days at the earliest.
Entry requirements for travellers outside the EU/Schengen area depend on the colour attributed to the country of departure, according to Slovakia's national classification of risk areas: green, red and black.

Travellers who display signs of COVID-19, who have arrived from a high-risk country, or who receive an SMS confirming a positive test result, must self-isolate at home for at least 10 days. They must contact their general practitioners, alert those they came in contact with, and if they develop symptoms ask for an examination. While in self-isolation, they should wait for further instructions from the relevant Regional Public Health Office.

What are the rules to enter this country from an EU Member State or Schengen Associated country?

Travel alert

In Slovakia, due to the current COVID-19 infection situation, a temporary lockdown and curfew are in effect from 25 November until at least 9 December. A 90-day state of emergency is also in place. Travel to Slovakia for tourism will only be possible again after this period.

Mandatory travel documentation

All travellers entering this country must fill in a Registration Form and a Passenger Locator Form. They must show either proof of vaccination, a negative COVID-19 test, or proof of past infection.

Entry requirements depend on the colour attributed to the country of departure, according to Slovakia's national classification of risk areas: green, red and black.

Children below 12 are exempt from quarantine and testing requirements.

Travellers are urged to consult current measures at the korona.gov.sk website.

Entering this country with the EU Digital COVID certificate

In Slovakia, due to the current COVID-19 infection situation, a temporary lockdown and curfew are in effect from 25 November until at least 9 December. A 90-day state of emergency is also in place. Travel to Slovakia for tourism will only be possible again after this period.
Travellers who hold an 'EU Digital COVID Certificate (EUDCC)' can enter Slovakia if it contains one of the following:

- **proof of vaccination** completed 14 days after receiving the full vaccination. Double dose or single dose vaccines are valid for 360 days. Four vaccines are approved for use: Pfizer-BioNtech, Moderna, Oxford-AstraZeneca, and Johnson & Johnson Janssen.
- **negative result** to a PCR test not older than 72 hours.
- **COVID-19 certificate** of recovery valid for 180 days.

All travellers must fill in a Registration Form and a Passenger Locator Form. They should be aware that unvaccinated travellers are required to self-isolate for 14 days on arrival, unless they obtain a negative PCR test after five days at the earliest.

Entry requirements also depend on the colour attributed to the country of departure, according to Slovakia's national classification of risk areas: green, red and black.

### Entering this country without the EU Digital COVID certificate or with a certificate not compliant with national requirements

In Slovakia, due to the current COVID-19 infection situation, a temporary lockdown and curfew are in effect from 25 November until at least 9 December. A 90-day state of emergency is also in place. Travel to Slovakia for tourism will only be possible again after this period.

Travellers can enter Slovakia if they can provide:

- **proof of vaccination** completed 14 days after receiving the full vaccination. Double dose or single dose vaccines are valid for 360 days. Four vaccines are approved for use: Pfizer-BioNtech, Moderna, Oxford-AstraZeneca, and Johnson & Johnson Janssen.
- **negative result** to a PCR test not older than 72 hours.
- **COVID-19 certificate** of recovery valid for 180 days.

All travellers must fill in a Registration Form and a Passenger Locator Form. They should be aware that unvaccinated travellers are required to self-isolate for 14 days on arrival, unless they obtain a negative PCR test after five days at the earliest.

Entry requirements also depend on the colour attributed to the country of departure, according to Slovakia’s national classification of risk areas: green, red and black.

**Children below 12** are exempt from quarantine and testing requirements.

Learn more:
What are the rules to enter this country from outside an EU Member State or Schengen Associated country?

The Decree concerning border regime of Slovakia with the effect from October 15, 2021 can be found here: https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska%20255.pdf

From now onwards, only and exclusively fully vaccinated people who have received both doses of a 2-scheme vaccine (or a single dose of a 1-scheme vaccine) are considered as low risk. Such persons do not require to enter quarantine or abide self-isolation measures when entering Slovakia. They are now free from any obligations of RT-PCR or rapid antigen testing.

Definition of fully vaccinated persons:

- Vaccines with a 2-dose schedule: 14 days after the administration (day 15) of the second dose,
- Vaccines with a single dose schedule: 21 days after the administration (day 22) of the vaccine,
- People who recovered from COVID-19: 14 days after receiving the first dose of the vaccine if it was administered within 180 days since COVID-19 recovery,
- Children up to 12 years and 2 months of age

All unvaccinated persons entering the territory of the Slovak Republic are deemed as extremely high risk in a Delta variant environment. When entering Slovakia, they are required to enter mandatory self-isolation and undertake an RT-PCR test (earliest on 5th day of self-isolation) regardless of the country in which they have stayed for the last 14 days.

Definition of unvaccinated persons:

- All persons not eligible for fulfilling the conditions of being fully vaccinated.

If, after arrival from abroad, people have COVID-19 symptoms, they have to report this to their attending physician or paediatrician; if they do not have an attending physician in the Slovak Republic, they shall inform a locally competent physician of the self-governing region.

Registration in e-border

All travellers entering the Slovak Republic must register at http://korona.gov.sk/ehranica and must be able, when requested, to show certification about registration during their stay in the territory of the Slovak Republic.
Persons up to the age of 12 years and 2 months and persons transiting through the territory of Slovakia (defined below) do not have to register. Registration does not apply to freight crews, bus transport, aircrew members, ship crews, drivers, drivers, train crews and railway service staff. Registration does not apply also to drivers and crews of medical services who transport a patient or transport organs intended for transplantation, blood and blood substitutes. Registration does not apply to funeral workers who carry out the international transport of human remains or human remains for burial or cremation.

Registration is mandatory during each entry to the territory of the Slovak Republic. This does not apply to:

- fully vaccinated – their first registration is valid for the next 6 months;
- persons travelling for the purpose of diagnostics or treatment, fire fighting activities or appointment at an embassy accredited to the Slovak Republic with the seat in Austria, Czechia or Hungary - registration valid for 1 week.
- Unvaccinated pendlers – registration valid for 1 month
- Slovak students attending schools in Austria, Czechia or Hungary and vice versa – registration valid for 1 month

Pendlers (cross-border commuters)

1. Persons who have a permanent or temporary residence in Slovakia and a place of work in other EU countries or in Iceland, Norway, Liechtenstein or Switzerland, having visited only these countries in the last 14 days and traveling only for work.
2. Persons who have a permanent or temporary residence in the countries of the European Union except the Slovak Republic, Iceland, Norway, Liechtenstein or Switzerland and in the case of Ukraine within 100 km of an open border crossing point, work place in the Slovak Republic and travel only for work.

Border requirements for cross-border commuters:

- Unvaccinated commuters are exempted from quarantine if:
  - they have a certificate from the employer about the place of work
  - and a negative RT-PCR test result not older than 7 days
  - they are registered at eHranica - registration is valid for 1 month, after expiration they are required to register again.

Vaccinated commuters are registered at eHranica for 6 months, after entering the territory of the Slovak Republic they do not have an ordered quarantine, nor do they have to prove themselves with a negative RT-PCR test result.

Arrival by air

People arriving in the Slovak Republic by air are also obliged to fill in the passenger locator form: [https://www.mindop.sk/covid/](https://www.mindop.sk/covid/). Passengers arriving by air from a country not included in the list of countries stated below need to show a negative RT-PCR test result not older than 72 hours.

List of the countries from which a negative RT-PCR test is not necessary:
Students entering the territory of the Slovak Republic, who are more than 12 years and 2 months old, and they attend a kindergarten, an elementary school, a secondary grammar school or a university in any of the bordering states (or vice versa, they reside in any of the bordering countries and they attend a school in the Slovak Republic) do not have to undergo quarantine in case they have a confirmation from the school stating their full-time studies (on a daily basis), as well as a negative RT-PCR or rapid antigen test results not older than 7 days. The same conditions apply to one accompanying person. Except of demonstrating a negative test result, the accompanying person must present a confirmation of an accompanying person status.

NOTE that students can cross borders only for the reason of their active studies (the full-time educational process must be in place; this border regime cannot be applied when teaching on-site is interrupted, e.g. during summer break).

May I transit this country?

Partially

TRANSIT ROUTES THROUGH THE SLOVAK REPUBLIC
VALID FROM JULY 9, 2021

After entering the territory of the Slovak Republic, quarantine obligation does not apply to the transit of persons and their family members to a country, in which they have an official residence or of which they are citizens.

- Transit through the Slovak Republic must be carried out without stopping with the exception of refuelling.
- Transit must be carried out within 8 hours.
- It is not obligatory to register before the transit

There are designated transit corridors through which it is possible to travel:

Ukraine - Czechia

- Route Ukraine - Czechia has been designated in the direction: border crossing Vyšné Nemecké - Užhorod or a border crossing Uba - Maly Bereznyj, Prešov, Poprad, Ružomberok, Žilina through the road crossing Makov - Bila-Bumbálka or Starý Hrozenkov - Drietom

Czechia - Ukraine

- Route Czechia - Ukraine has been designated in the direction: border crossing Makov - Bila-Bumbálka /Starý Hrozenkov - Drietoma, Žilina, Ružomberok, Poprad, Prešov, Michalovce, Sobrance, border crossing Vyšné Nemecké - Užhorod or border crossing Uba – Maly Bereznyj

Ukraine - Austria

- Route Ukraine - Austria has been designated in the direction: border crossing Vyšné Nemecké - Užhorod or border crossing Uba - Maly Bereznyj, Prešov, Poprad, Ružomberok, Žilina, Bratislava through the road crossing Bratislava - Jarovce - Kitsee

Austria - Ukraine

- Route Austria - Ukraine has been designated in the direction: road crossing Bratislava - Jarovce - Kitsee, Bratislava, Prešov, Žilina, Ružomberok, Poprad, Prešov and through the border crossing Vyšné Nemecké - Užhorod or border crossing Uba - Maly Bereznyj

Poland - Austria / Hungary
• Route Poland - Austria / Hungary has been designated in the direction: border crossing Trstená - Chyžné, Dolný Kubín, Martin, Žilina, Nové Mesto nad Váhom, Bratislava border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka).

• Route Poland - Hungary has been designated in the direction: border crossing Trstená - Chyžné, Dolný Kubín, Ružomberok, Banská Bystrica, Zvolen, border crossing Šahy - Parassapuszta.

• Route Poland - Austria / Hungary has been designated in the direction: border crossing Skalité - Zwardo, adca, Kysucké Nové Mesto, Žilina, Nové Mesto nad Váhom, Bratislava border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka).

• Route Poland - Hungary has been designated in the direction: border crossing Vyšný Komárnik - Barwinek - Svidník, Giraltovce, Prešov, Košice, border crossing Milhos - Tornyosnémeti.

Austria / Hungary - Poland

• Route Austria / Hungary - Poland has been designated in the direction: border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka), Bratislava, Nové Mesto nad Váhom, Žilina, Martin, Dolný Kubín, border crossing Trstená - Chyžné.

• Route Hungary - Poland has been designated in the direction: border crossing Šahy - Parassapuszta, Zvolen, Banská Bystrica, Ružomberok, Dolný Kubín, hraničný priechod Trstená - Chyžné.

• Route Austria / Hungary - Poland has been designated in the direction: border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka), Bratislava, Nové Mesto nad Váhom, Žilina, Kysucké Nové Mesto, adca, border crossing Skalité - Zwardo.

• Route Hungary - Poland has been designated in the direction: border crossing Milhos - Tornyosnémeti, Košice, Prešov, Giraltovce, Svidník, border crossing Vyšný Komárnik - Barwinek.

Czech Republic – Austria / Hungary

• Route through D2 in the direction: former border crossing Beclav - Brodské, Bratislava, border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka).

Austria / Hungary - Czechia

• Route through D2 in the direction: border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka), Bratislava, former border crossing Beclav - Brodské.

Persons with permanent or temporary residence, also with their family members who are entering or leaving the Slovak Republic for diagnostics or medical treatment do not have to apply at the Ministry of Health of the Slovak Republic for an exception, in case their stay will not last more than 12 hours.

However, they have to present a medical invitation or show a certificate of treatment afterwards. If their stay lasts longer than 12 hours, they have to apply for an appraisal of request on the following website https://cestujem.standardnepostupy.sk.

Persons, who transport their relatives from/to international airports in the Czech Republic, Poland, Hungary and Austria should register themselves at https://naletisko.mzv.sk/, at the latest while leaving the Slovak Republic. They have to show this registration in a paper form and their relative’s flight ticket in an electronic or a paper form at the control. It is obligatory to travel exclusively through the territory of EU Member States, without any stopping (with the exception of stopping because of refuelling or boarding and disembarking of transported persons). While observing the rules, it is possible to enter the Slovak Republic without a negative test.
If any symptoms of a respiratory disease will appear after your arrival from a foreign country, no matter from which country you have come, you should call your treating doctor and familiarise him with your travel anamnesis.

The doctor will determine further process of diagnosis and treatment. The same stands for people who have symptoms of a respiratory disease and know that they were in contact with a person, who came from a foreign country.

**General measures**

The measures and restrictions in a given district may change according to the local epidemiological situation, as set out in a framework known as the ‘Covid Automat’.

Each district of Slovakia is evaluated every week according to its epidemiologic situation, and it is colour-classified according to the conditions set out in the COVID Automat.

The current situation in districts is available at https://korona.gov.sk

**Use of facemasks**

**Indoors**, nose and mouth must be covered. Wearing a respirator is obligatory in districts in I – III Warning Levels of the Covid Automat (red, dark red, black). In districts in the level of Monitoring or Vigilance (green and orange), respirator can be replaced by a face mask, shawl or a scarf.

**Outdoors**, nose and mouth must be covered in those districts that are in the II and III Warning Levels of the Covid Automat (dark red, black).

**Outdoors**, in districts in the I Warning Degree (red), Vigilance (orange) or Monitoring (green), nose and mouth must be covered at mass events and gatherings.

Nose and mouth do not have to be covered in case of pedagogical and professional staff taking care of and educating children and pupils with hearing impairments, autism spectrum disorders, moderate to profound mental disabilities, or pupils with mental disabilities who also have other disabilities.

Find out more: https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlasca_250.pdf

**Indoor and outdoor meetings, public or private gatherings and events**

For the purpose of mass gatherings and events, the following groups of people are recognized:
1. fully vaccinated persons (as stated in the conditions for travelling)
2. VTR (vaccinated / tested / recovered) persons
   - fully vaccinated persons
   - persons with a negative RT-PCR or a LAMP test not older than 72 hours, or with a negative rapid antigen test not older than 48 hours
   - recovered persons not longer than 180 days since recovery
3. other persons

Conditions for mass gatherings and events are stated in the Covid Automat which classifies districts of the Slovak Republic into 5 colour codes:

1. Green – Monitoring Level
2. Orange – Vigilance Level
3. Red – I Warning Level
4. Dark Red – II Warning Level
5. Black – III Warning Level

Each colour code of a district means different conditions for organisers of mass gatherings and events in terms of capacity and protective measures.

Generally, mass events and gatherings in districts in III Warning Level (black) are prohibited (exceptions are stated in the Decree of the Public Health Authority of the Slovak Republic nr. 254)

In all other colour codes (dark red, red, orange, green), organisers have the possibility to set their conditions (exactly stipulated for each colour code in the Decree of the Public Health Authority of the Slovak Republic nr. 241) for entry to their establishments / events:

- either entry for only fully vaccinated persons – no or very soft capacity limits and protective measures (stated in the Decree)
- or entry for VTR (vaccinated, tested, recovered) – stricter capacity limits and protective measures (stated in the Decree)
- or entry for all persons – very strict capacity limits and protective measures (stated in the Decree)

Organiser of a mass event is obliged to inform through a visible announcement upon entry, if entry is allowed for:

- only fully vaccinated persons
- VTR (vaccinated, tested, recovered) persons
- persons other than vaccinated, tested or recovered

Organisers are entitled to request from a participant a proof of vaccination, a negative test result or a proof of recovery, also in the form of EU Digital Covid Certificate, upon entry to the event / establishment.

The use of face masks or respirators is mandatory in each colour code of a district, indoors and outdoors.

Find out more: https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska%20254.pdf (in Slovak)

General rules for mass events

For the purpose of mass gatherings and events, the following groups of people are recognized:
1. fully vaccinated persons (as stated in the conditions for travelling)
2. VTR (vaccinated / tested / recovered) persons
   - fully vaccinated persons
   - persons with a negative RT-PCR or a LAMP test not older than 72 hours, or with a negative rapid antigen test not older than 48 hours
   - recovered persons not longer than 180 days since recovery
3. other persons

Conditions for mass gatherings and events are stated in the Covid Automat which classifies districts of the Slovak Republic into 5 colour codes:

1. Green – Monitoring Level
2. Orange – Vigilance Level
3. Red – I Warning Level
4. Dark Red – II Warning Level
5. Black – III Warning Level

Each colour code of a district means different conditions for organisers of mass gatherings and events in terms of capacity and protective measures.

Generally, mass events and gatherings in districts in III Warning Level (black) are prohibited (exceptions are stated in the Decree of the Public Health Authority of the Slovak Republic nr. 254)

In all other colour codes (dark red, red, orange, green), organisers have the possibility to set their conditions (exactly stipulated for each colour code in the Decree of the Public Health Authority of the Slovak Republic nr. 254) for entry to their establishments / events:

- either entry for only fully vaccinated persons – no or very soft capacity limits and protective measures (stated in the Decree)
- or entry for VTR (vaccinated, tested, recovered) persons – stricter capacity limits and protective measures (stated in the Decree)
- or entry for all persons – very strict capacity limits and protective measures (stated in the Decree)

Organiser of a mass event is obliged to inform through a visible announcement upon entry, if entry is allowed for:

- only fully vaccinated persons
- VTR (vaccinated, tested, recovered) persons
- persons other than vaccinated, tested or recovered

Organisers are entitled to request from a participant a proof of vaccination, a negative test result or a proof of recovery, also in the form of EU Digital Covid Certificate, upon entry to the event / establishment.

The use of face masks or respirators is mandatory in each colour code of a district, indoors and outdoors.

General capacity limits for establishments

Unless otherwise stipulated, a limit of one person per 15 square metres applies to establishments. This limit does not include children up to an age of 12 years accompanied by an adult. If the sales space devoted to customers is smaller than 15 m², maximum one customer may be present in the establishment.

Find out more: https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska%20253.pdf
Safety measures for public transportation

For taxi services: Maximum 2 people can be seated in a row of seats (including the driver). In the Monitoring Level of the Covid Automat, capacity in a taxi is unlimited. In the III Warning Level the capacity of a taxi is limited to 2 persons.

Places of worship

Open with limitations

With regards to places of worship, the following groups of people are recognized:

1. fully vaccinated persons (as stated in the conditions for travelling)
2. VTR (vaccinated / tested / recovered) persons
   - fully vaccinated persons
   - persons with a negative RT-PCR or a LAMP test not older than 72 hours, or with a negative rapid antigen test not older than 48 hours
   - recovered persons not longer than 180 days since recovery
3. other persons

The church has the possibility to set their rules (exactly stipulated for each colour code in the Decree of the Public Health Authority of the Slovak Republic nr. 254) for entry to the venue:

- either entry for only fully vaccinated persons
- or entry for VTR (vaccinated, tested, recovered) persons
- or entry for all persons

According to a colour code of a district, capacity limitations are applied.

Organisers are entitled to request from a participant a proof of vaccination, a negative test result or a proof of recovery, also in the form of EU Digital Covid Certificate, upon entry to the event / establishment.

Find out more: https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska%2020253.pdf (in Slovak)

Quarantine

A person tested positive (through an RT-PCR, LAMP or a rapid antigen test) must contact all the persons who s/he had been in contact with 2 days before the sample was collected.

In case the person has clinical signs of COVID-19, all the persons, who s/he had been in touch with 2 days before the clinical signs appeared, must be contacted.

In case of close contact with a confirmed COVID-19 case:
• stay in self-isolation;
• contact your general practitioner in order to obtain a sick leave;
• in case of symptoms, apply for a Covid-19 test;
• follow the instruction of the relevant Regional Public Health Office.

Close contact is defined as:

• personal contact with a COVID-19 case within less than 2 metres of distance and for longer than 15 minutes;
• physical contact with a COVID-19 case;
• unprotected direct contact with a COVID-19 case in a closed space (e.g. household, classroom, hospital waiting room, etc.) for longer than 15 minutes;
• sitting within 2 seats in an airplane with a COVID-19 case;
• caring for and serving in a section of an airplane where a passenger with COVID-19 was seated.

Find out more:
Mandatory self-isolation

Non-essential (other than medicine and food) shops

Open with limitations

No capacity limits apply to the Monitoring and Vigilance Level of the Covid Automat.

The ban on the consumption of meals and beverages inside department stores remains in existence. This does not apply to mass catering facilities in department stores, where conditions valid for the establishments of mass catering facilities are followed. Kids' corners and sitting areas may be open in the districts in the Monitoring and Vigilance Levels (green, orange).

Tourist accommodations

Open with limitations

Capacity limitations do not apply in the Monitoring Level (green) of the Covid Automat.

In all the other levels, entry to fully vaccinated persons or VTR (vaccinated, tested, recovered) persons can be allowed, based on the preference of the accommodation operator. Conditions of such entry are stipulated in the Decree of the Public Health Authority of the Slovak Republic nr. 240.

Accommodation operators are entitled to request from a guest a proof of vaccination, a negative test result or a proof of recovery, also in the form of EU Digital Covid Certificate, upon entry to the establishment.

Find out more: https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska%2020253.pdf

Catering establishments
In the districts in the Vigilance Level (orange) and I – III Warning Levels (red, dark red, black), it is prohibited to consume meals and beverages indoors and outdoors. Take away is permitted.

If only fully vaccinated persons or VTC (vaccinated, tested, recovered) persons are admitted upon presenting a proof of vaccination, test or recovery (also in the form of EU Digital Covid Certificate) in the Vigilance and I – III Warning Levels, indoor and outdoor dining is allowed under specific conditions. The conditions are stipulated in the Decree of the Public Health Authority of the Slovak Republic nr. 240.

Find out more: [https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska%2020253.pdf](https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska%2020253.pdf)

Museums, galleries, exhibition halls:

Each establishment has the possibility to set their rules (exactly stipulated for each colour code in the Decree of the Public Health Authority of the Slovak Republic nr. 241) for entry to the venue:

- either entry for only fully vaccinated persons
- or entry for VTR (vaccinated, tested, recovered) persons
- or entry for all persons

According to a colour code of a district, capacity limitations and protective measures are applied.

Organisers are entitled to request from a visitor a proof of vaccination, a negative test result or a proof of recovery, also in the form of EU Digital Covid Certificate, upon entry to the event / establishment.

Find out more: [https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska%2020253.pdf](https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska%2020253.pdf) (in Slovak)

Personal care services

Open with limitations
The time schedule of the establishment must be adjusted so that there is time to clean and disinfect the workplace between individual customers; disinfection must be carried out after every customer, using a disinfectant with virucidal activity. The sanitary facilities of the establishment must be equipped with liquid soap and paper towels.

Outdoors areas and beaches

Open with limitations

Artificial swimming pools

The permitted capacity depends on the colour of the district:

27.08.2021

What are the rules to enter this country from an EU Member State or Schengen Associated country?

The Decree concerning border regime of Slovakia with the effect from July 19, 2021 (from 06:00 AM) can be found here: https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska_231.pdf
From now onwards, only and exclusively fully vaccinated people who have received both doses of a two-series vaccine (or a single dose of a one-series vaccine) are considered as low risk. Such persons do not require to enter quarantine or self-isolation measures when entering Slovakia. They are now free from any obligations of RT-PCR or rapid antigen testing.

Definition of fully vaccinated persons:

- Vaccines with a two-dose schedule: 14 days after the administration (day 15) of the second dose,
- Vaccines with a single dose schedule: 21 days after the administration (day 22) of the vaccine;
- People who have had COVID-19: 14 days after receiving the first dose of the vaccine if it was given within 180 days after having COVID-19,
- Children up to 12 years of age

All unvaccinated persons entering the territory of the Slovak Republic are deemed as extremely high risk in a Delta variant environment. When entering Slovakia, they are required to enter a mandatory self-isolation and undertake an RT-PCR test (earliest on 5th day of self-isolation) regardless of the country in which they have stayed for the last 14 days.

Definition of unvaccinated persons:

- All persons not eligible for fulfilling the conditions of being fully vaccinated.

Children aged 12-18 will have a transitional period between 9 July and 9 August, during which they will follow the same quarantine rules applied to their parents (if their parents are vaccinated, they can avoid self-isolation).

If, after arrival from abroad, people have COVID-19 symptoms, they have to report this to their attending physician or paediatrician; if they do not have an attending physician in the Slovak Republic, they shall inform a locally competent physician of the self-governing region.

Registration in e-border

All travellers entering the Slovak Republic must register at http://korona.gov.sk/ehranica and must be able, when requested, to show certification about registration during their stay in the territory of the Slovak Republic.

Persons up to the age of 12 and persons transiting through the territory of Slovakia (defined below) do not have to register. Registration does not apply to freight crews, bus transport, aircrew members, ship crews, drivers, drivers, train crews and railway service staff. Registration does not apply also to drivers and crews of medical services who transport a patient or transport organs intended for transplantation, blood and blood substitutes. Registration does not apply to funeral workers who carry out the international transport of human remains or human remains for burial or cremation.

Registration is mandatory during each entry to the territory of the Slovak Republic. This is not applied on:

- fully vaccinated – their first registration is valid for the next 6 months;
- persons after vaccination with the first dose of any vaccine – for these persons the first registration is valid till 9 August;
- persons from 12 to 18 years – in this case, the first registration is valid till 9 August;
- persons travelling for the purpose of diagnostics or treatment, for these persons the first registration is valid 1 week.

**Pendlers (cross-border commuters)**
1. Persons who have a permanent or temporary residence in Slovakia and a place of work in other EU countries or in Iceland, Norway, Liechtenstein or Switzerland, having visited only these countries in the last 14 days and traveling only for work.

2. Persons who have a permanent or temporary residence in the countries of the European Union except the Slovak Republic, Iceland, Norway, Liechtenstein or Switzerland and in the case of Ukraine within 100 km of an open border crossing point, work place in the Slovak Republic and travel only for work.

Border requirements for cross-border commuters:

- Unvaccinated commuters are exempted from quarantine if:
  - they have a certificate from the employer about the place of work
  - and a negative RT-PCR test result not older than 7 days
  - they are registered at eHranica - registration is valid for 1 month, after expiration they are required to register again.

Vaccinated commuters are registered at eHranica for 6 months, after entering the territory of the Slovak Republic they do not have an ordered quarantine, nor do they have to prove themselves with a negative RT-PCR test result.

Arrival by air

People arriving in the Slovak Republic by air are also obliged to fill in the passenger locator form: https://www.mindop.sk/covid/. Passengers arriving by air from a country not included in the list of countries stated below need to show a negative RT-PCR test result not older than 72 hours.

List of the countries from which a negative RT-PCR test is not necessary:

Albania, Andorra, Armenia, Australia, Azerbaijan, Belarus, Belgium, Bosnia and Herzegovina, Bulgaria, Montenegro, People’s Republic of China, Czechia, Croatia, Cyprus, Denmark, Estonia, Finland, France, Greece, Georgia, The Netherlands, Hong Kong, Ireland, Italy, Iceland, Israel, Japan, Jordan, Canada, South Korea, Kosovo, Cuba, Lebanon, Lichtenstein, Lithuania, Latvia, Luxembourg, Macau, Hungary, Malta, Moldova, Monaco, Germany, Norway, New Zealand, Poland, Portugal, Austria, Romania, San Marino, North Macedonia, Singapore, Slovenia, Spain, United States of America, Mexico, Serbia, Switzerland, The Holy See (Vatican), Sweden, Taiwan, Turkey, Ukraine

Students entering the territory of the Slovak Republic, who are more than 12 years old, and they attend a kindergarten, an elementary school, a secondary grammar school or a university in any of the bordering states (or vice versa, they reside in any of the bordering countries and they attend a school in the Slovak Republic) do not have to undergo quarantine in case they have a confirmation from the school stating their full-time studies (on a daily basis), as well as a negative RT-PCR or rapid antigen test results not older than 7 days. The same conditions apply to one accompanying person. Except of demonstrating a negative test result, the accompanying person must present a confirmation of an accompanying person status.

NOTE that students can cross borders only for the reason of their active studies (the full-time educational process must be in place; this border regime cannot be applied when teaching on-site is interrupted, e.g. during summer break).

Find out more:
Travel to the Slovak Republic
COVID-19 in Slovakia
Entering this country with the EU Digital COVID certificate

Provisional information subject to further revision and confirmation from National Authorities

The Slovak Republic has been issuing and accepting the EU Digital COVID Certificate (EUDCC).

Border crossing procedure: vaccinated persons must prove their vaccination by providing a vaccination certificate (EUDCC or a national vaccination certificate either in Slovak, Czech or English with a QR code).

Besides EU COVID certificate or vaccination certificate from Slovakia, certificates from other countries are also accepted, on the condition that the certificate is in Slovak, Czech or English.

Fully vaccinated persons are exempted from the conditions of isolation, quarantine or testing after their arrival to the Slovak Republic (note: regardless of the country in which they have stayed for the last 14 days).

Entering this country without the EU Digital COVID certificate or with a certificate not compliant with national requirements

All unvaccinated entering Slovakia are required to enter a mandatory self-isolation and undertake an RT-PCR test (earliest on the 5th day of self-isolation) regardless of the country in which they have stayed for the last 14 days.

Border crossing procedure:

- mandatory registration in the eHranica system;
- mandatory 14-day quarantine;
- the passenger has the opportunity to take an RT-PCR test at the earliest on the 5th day of quarantine. In case of a negative result, the person can leave the quarantine as soon as he/she receives the report on the negative RT-PCR result.

For more info:
COVID-19 in Slovakia

What are the rules to enter this country from outside an EU Member State or Schengen Associated country?

The Decree concerning the border regime of Slovakia with the effect from July 19, 2021 (from 06:00 AM) can be found here: https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_rok_2021/vyhlasa_231.pdf

Travel to the Slovak Republic
COVID-19 in Slovakia
The Decree concerning border regime of Slovakia with the effect from 19 July 2021 (from 6:00) can be found here: Gazette of the Government of the Slovak Republic, Decree No. 231, 16 July 2021.

From now onwards, only and exclusively fully vaccinated people who have received both doses of a two-series vaccine (or a single dose of a one-series vaccine) are considered as low risk. Such persons do not require to enter quarantine or self-isolation measures when entering Slovakia. They are now free from any obligations of RT-PCR or antigen testing.

Definition of fully vaccinated persons:

- Vaccines with a two-dose schedule: 14 days after the administration (day 15) of the second dose;
- Vaccines with a single dose schedule: 21 days after the administration (day 22) of the vaccine;
- People who have had COVID-19: 14 days after receiving the first dose of the vaccine if it was given within 180 days after having COVID-19.

All unvaccinated persons entering the territory of the Slovak Republic are deemed as extremely high risk in a Delta variant environment. When entering Slovakia, they are required to enter a mandatory self-isolation and undertake an RT-PCR test (earliest on the 5th day of self-isolation) regardless of the country in which they have stayed for the last 14 days.

Transitional period

All persons vaccinated before 9 July 2021 and who do not fall under the definition of fully vaccinated persons above, have to enter self-isolation after entering the territory of Slovakia. The quarantine can be terminated by obtaining a negative RT-PCR test result. The test can be taken right after arrival in Slovakia. This transitional period is valid from 19 July till 2 August 2021 6:00.

Definition of unvaccinated persons:

- All persons not eligible for fulfilling the conditions of being fully vaccinated.

Children aged 12-18 will have a transitional period between 9 July and 9 August, during which they will follow the same quarantine rules applied to their parents (if their parents are vaccinated, they can avoid self-isolation).

If, after arrival from abroad, people have COVID-19 symptoms, they have to report this to their attending physician or paediatrician; if they do not have an attending physician in the Slovak Republic, they shall inform a locally competent physician of the self-governing region.

Registration in e-border

All travellers entering the Slovak Republic must register here and must be able, when requested, to show certification about registration during their stay in the territory of the Slovak Republic.
Persons up to the age of 12 and persons transiting through the territory of Slovakia (defined below) do not have to register. Registration does not apply to freight crews, bus transport, aircrew members, ship crews, drivers, drivers, train crews and railway service staff. Registration does not apply also to drivers and crews of medical services who transport a patient or transport organs intended for transplantation, blood and blood substitutes. Registration does not apply to funeral workers who carry out the international transport of human remains or human remains for burial or cremation.

Registration is mandatory during each entry to the territory of the Slovak Republic. This is not applied on:

- fully vaccinated – their first registration is valid for the next 6 months;
- persons after vaccination with the first dose of any vaccine – for these persons the first registration is valid till 9 August;
- persons from 12 to 18 years – in this case, the first registration is valid till 9 August;
- persons travelling for the purpose of diagnostics or treatment, for these persons the first registration is valid 1 week.

One registration is sufficient till 1 September:

- for persons having permanent or temporary residence in Slovakia and they work in neighbouring states, EU countries or Iceland, Norway, Liechtenstein or Switzerland, and during the past 14 days they visited only these countries and they travel for work;
- for persons with permanent residence or residence in EU countries, Iceland, Norway, Liechtenstein or Switzerland and in case of Ukraine up to 100 km from an open border crossing, working in the territory of the Slovak Republic and travelling only for the purpose of work.

Arrival by air

People arriving in the Slovak Republic by air are also obliged to fill in the passenger locator form: [https://www.mindop.sk/covid](https://www.mindop.sk/covid). Passengers arriving by air from a country not included in the list of countries stated below need to show a negative RT-PCR test result not older than 72 hours.

List of the countries from which anegative RT-PCR test is not necessary:

- Albania, Andorra, Armenia, Australia, Azerbaijan, Belarus, Belgium, Bosnia and Herzegovina, Bulgaria, Montenegro, People’s Republic of China, Czechia, Croatia, Cyprus, Denmark, Estonia, Finland, France, Greece, Georgia, The Netherlands, Hong Kong, Ireland, Italy, Iceland, Israel, Japan, Jordan, Canada, South Korea, Kosovo, Cuba, Lebanon, Lichtenstein, Lithuania, Latvia, Luxembourg, Macau, Hungary, Malta, Moldova, Monaco, Germany, Norway, New Zealand, Poland, Portugal, Austria, Romania, San Marino, North Macedonia, Singapore, Slovenia, Spain, United States of America, Mexico, Serbia, Switzerland, The Holy See (Vatican), Sweden, Taiwan, Turkey, Ukraine

Regime for the people travelling for work who are not vaccinated – valid till 1 September 2021:

Self-isolation is not applied if persons fulfil all these conditions:
• within the last 14 days they only visited EU countries, Iceland, Norway, Lichtenstein, Switzerland or Ukraine and at the same time:
  ◦ they have a permanent or temporary residence in the Slovak Republic and they work in an EU country, Iceland, Norway, Lichtenstein, Switzerland or Ukraine or
  ◦ they have a permanent or temporary residence in an EU country, Iceland, Norway, Lichtenstein or in Switzerland and in the case of Ukraine up to 100 km from an open border crossing, and they work in the Slovak Republic;
• they have a confirmation from their employer stating the place of work;
• they have a negative RT-PCR test not older than 7 days.

Students entering the territory of the Slovak Republic, who are more than 12 years old, and they attend a kindergarten, an elementary school, a secondary grammar school or a university in any of the bordering states (or vice versa, they reside in any of the bordering countries and they attend a school in the Slovak Republic) do not have to undergo quarantine in case they have a confirmation from the school stating their full-time studies (on a daily basis), as well as anegative RT-PCR or rapid antigen test results not older than 7 days. The same conditions apply to one accompanying person. Except of demonstrating negative test result, the accompanying person must present confirmation of an accompanying person status.

NOTE that students can cross borders only for the reason of their active studies (the full-time educational process must be in place; this border regime cannot be applied when teaching on-site is interrupted, e.g. during summer break).

COVID-19 in Slovakia

May I transit this country?

Partially

TRANSIT ROUTES THROUGH THE SLOVAK REPUBLIC
VALID FROM JULY 9, 2021

After entering the territory of the Slovak Republic, quarantine obligation does not apply to the transit of persons and their family members to a country, in which they have an official residence or of which they are citizens.

• Transit through the Slovak Republic must be carried out without stopping with the exception of refuelling.
• Transit must be carried out within 8 hours.
• It is not obligatory to register before the transit

There are designated transit corridors through which it is possible to travel:

Ukraine - Czechia

• Route Ukraine - Czechia has been designated in the direction: border crossing Vyšné Nemecké - Užhorod or a border crossing Uba - Maly Bereznyj, Prešov, Poprad, Ružomberok, Žilina through the road crossing Makov - Bíla-Bumbálka or Starý Hrozenkov - Drietom
**Czechia - Ukraine**
- Route Czechia - Ukraine has been designated in the direction: border crossing Makov - Bílá-Bumbálka / Stary Hrozenkov - Drietoma, Žilina, Ružomberok, Poprad, Prešov, Michalovce, Sobrance, border crossing Vyšné Nemecké - Užhorod or border crossing Uba – Malý Bereznyj

**Ukraine - Austria**
- Route Ukraine - Austria has been designated in the direction: border crossing Vyšné Nemecké - Užhorod or border crossing Uba - Malý Bereznyj, Prešov, Poprad, Ružomberok, Žilina, Bratislava through the road crossing Bratislava - Jarovce - Kittsee

**Austria - Ukraine**
- Route Austria - Ukraine has been designated in the direction: road crossing Bratislava - Jarovce - Kittsee, Bratislava, Prešov, Žilina, Ružomberok, Poprad, Prešov and through the border crossing Vyšné Nemecké - Užhorod or border crossing Uba - Malý Bereznyj

**Poland - Austria / Hungary**
- Route Poland - Austria / Hungary has been designated in the direction: border crossing Trstená - Chyžné, Dolný Kubín, Martin, Žilina, Nové Mesto nad Váhom, Bratislava border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka).
- Route Poland - Hungary has been designated in the direction: border crossing Trstená - Chyžné, Dolný Kubín, Ružomberok, Bánska Bystrica, Zvolen, border crossing Šahy - Parassapuszta.
- Route Poland - Austria / Hungary has been designated in the direction: border crossing Skalité - Zwardo, adca, Kysucké Nové Mesto, Žilina, Nové Mesto nad Váhom, Bratislava border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka).
- Route Poland - Hungary has been designated in the direction: border crossing Vyšný Komárnik - Barwinek, Svidník, Giraltovce, Prešov, Košice, border crossing Milhos - Tornyosnémeti.

**Austria / Hungary - Poland**
- Route Austria / Hungary - Poland has been designated in the direction: border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka), Bratislava, Nové Mesto nad Váhom, Žilina, Martin, Dolný Kubín, border crossing Trstená - Chyžné.
- Route Hungary - Poland has been designated in the direction: border crossing Šahy - Parassapuszta, Zvolen, Bánska Bystrica, Ružomberok, Dolný Kubín, hraniný priechod Trstená - Chyžné.
- Route Austria / Hungary - Poland has been designated in the direction: border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka), Bratislava, Nové Mesto nad Váhom, Žilina, Kysucké Nové Mesto, adca, border crossing Skalité - Zwardo.
- Route Hungary - Poland has been designated in the direction: border crossing Milhos - Tornyosnémeti, Košice, Prešov, Giraltovce, Svidník, border crossing Vyšný Komárnik - Barwinek.

**Czech Republic – Austria / Hungary**
- Route through D2 in the direction: former border crossing Beclav - Brodské, Bratislava, border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka).

**Austria / Hungary - Czechia**
Route through D2 in the direction: border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka), Bratislava, former border crossing Beclav - Brodké.

Persons with permanent or temporary residence, also with their family members who are entering or leaving the Slovak Republic for diagnostics or medical treatment do not have to apply at the Ministry of Health of the Slovak Republic for an exception, in case their stay will not last more than 12 hours.

However, they have to present a medical invitation or show a certificate of treatment afterwards. If their stay lasts longer than 12 hours, they have to apply for an appraisal of request on the following website https://cestujem.standardnepostupy.sk.

Persons, who transport their relatives from/to international airports in the Czech Republic, Poland, Hungary and Austria should register themselves at https://naletisko.mzv.sk/, at the latest while leaving the Slovak Republic. They have to show this registration in a paper form and their relative's flight ticket in an electronic or a paper form at the control. It is obligatory to travel exclusively through the territory of EU Member States, without any stopping (with the exception of stopping because of refuelling or boarding and disembarking of transported persons). While observing the rules, it is possible to enter the Slovak Republic without a negative test.

If any symptoms of a respiratory disease will appear after your arrival from a foreign country, no matter from which country you have come, you should call your treating doctor and familiarise him with your travel anamnesis.

The doctor will determine further process of diagnosis and treatment. The same stands for people who have symptoms of a respiratory disease and know that they were in contact with a person, who came from a foreign country.

May I fly to this country?

Travellers entering the Slovak Republic by air from any of the countries not listed below are obliged to demonstrate to the Police of the Slovak Republic anegative RT-PCR test result not older than 72 hours, regardless of the traveller being vaccinated or not.

List of the countries from which anegative RT-PCR test is not necessary:

- Albania, Andorra, Armenia, Australia, Azerbaijan, Belarus, Belgium, Bosnia and Herzegovina, Bulgaria, Montenegro, People's Republic of China, Czechia, Croatia, Cyprus, Denmark, Estonia, Finland, France, Greece, Georgia, The Netherlands, Hong Kong, Ireland, Italy, Iceland, Israel, Japan, Jordan, Canada, South Korea, Kosovo, Cuba, Lebanon, Lichtenstein, Lithuania, Latvia, Luxembourg, Macau, Hungary, Malta, Moldova, Monaco, Germany, Norway, New Zealand, Poland, Portugal, Austria, Romania, San Marino, North Macedonia, Singapore, Slovenia, Spain, United States of America, Mexico, Serbia, Switzerland, The Holy See (Vatican), Sweden, Taiwan, Turkey, Ukraine.

After arrival from all other countries, anegative RT-PCR test is necessary.
• these conditions are applied to arrivals by plane to Slovak airports;
• every incoming person must fill out the following form https://www.mindop.sk/covid;
• after flying into the Slovak Republic from a country not listed in the list above, it is obligatory to present a negative RT-PCR test not older than 72 hours – this is applicable to vaccinated persons also. This condition has been stipulated because of the fact that incoming travellers arrive by means of transportation with a higher risk of infection transmission from a country, which may have a higher risk of spreading infection of an epidemiologically grave SARS-CoV-2 variant of concern. By combining the registration and testing, the risk of importing and further spreading of new dangerous variants of concern is significantly decreased.

You can find the latest information on air travel regulations for this country on the IATA website.

You can also find information about air passenger rights on our portal for citizens.

**General measures**

The measures and restrictions in a given district may change according to the local epidemiological situation, as set out in a framework known as the 'Covid Automat'.

Each district of Slovakia is evaluated every week according to its epidemiologic situation, and it is colour-classified according to the conditions set out in the COVID Automat.

The current situation in districts is available at https://korona.gov.sk

**Use of facemasks**

**Indoors**, nose and mouth must be covered. Wearing a respirator is obligatory in districts in I – III Warning Levels of the Covid Automat (red, dark red, black). In districts in the level of Monitoring or Vigilance (green and orange), respirator can be replaced by a face mask, shawl or a scarf.

**Outdoors**, nose and mouth must be covered in those districts that are in the II and III Warning Levels of the Covid Automat (dark red, black).

**Outdoors**, in districts in the I Warning Degree (red), Vigilance (orange) or Monitoring (green), nose and mouth must be covered at mass events and gatherings.

Nose and mouth do not have to be covered in case of pedagogical and professional staff taking care of and educating children and pupils with hearing impairments, autism spectrum disorders, moderate to profound mental disabilities, or pupils with mental disabilities who also have other disabilities.

Find out more: https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska_237.pdf
Indoor and outdoor meetings, public or private gatherings and events

For the purpose of mass gatherings and events, the following groups of people are recognized:

1. fully vaccinated persons (as stated in the conditions for travelling)
2. VTR (vaccinated / tested / recovered) persons
   - fully vaccinated persons
   - persons with a negative RT-PCR or a LAMP test not older than 72 hours, or with a negative rapid antigen test not older than 48 hours
   - recovered persons not longer than 180 days since recovery
3. other persons

Conditions for mass gatherings and events are stated in the Covid Automat which classifies districts of the Slovak Republic into 5 colour codes:

1. Green – Monitoring Level
2. Orange – Vigilance Level
3. Red – I Warning Level
4. Dark Red – II Warning Level
5. Black – III Warning Level

Each colour code of a district means different conditions for organisers of mass gatherings and events in terms of capacity and protective measures.

Generally, mass events and gatherings in districts in III Warning Level (black) are prohibited (exceptions are stated in the Decree of the Public Health Authority of the Slovak Republic nr. 241)

In all other colour codes (dark red, red, orange, green), organisers have the possibility to set their conditions (exactly stipulated for each colour code in the Decree of the Public Health Authority of the Slovak Republic nr. 241) for entry to their establishments / events:

- either entry for only fully vaccinated persons – no or very soft capacity limits and protective measures (stated in the Decree)
- or entry for VTR (vaccinated, tested, recovered) – stricter capacity limits and protective measures (stated in the Decree)
- or entry for all persons – very strict capacity limits and protective measures (stated in the Decree)

Organiser of a mass event is obliged to inform through a visible announcement upon entry, if entry is allowed for:

- only fully vaccinated persons
- VTR (vaccinated, tested, recovered) persons
- persons other than vaccinated, tested or recovered

Organisers are entitled to request from a participant a proof of vaccination, a negative test result or a proof of recovery, also in the form of EU Digital Covid Certificate, upon entry to the event / establishment.

The use of face masks or respirators is mandatory in each colour code of a district, indoors and outdoors.

General rules for mass events
For the purpose of mass gatherings and events, the following groups of people are recognized:

1. fully vaccinated persons (as stated in the conditions for travelling)
2. VTR (vaccinated / tested / recovered) persons
   - fully vaccinated persons
   - persons with a negative RT-PCR or a LAMP test not older than 72 hours, or with a negative rapid antigen test not older than 48 hours
   - recovered persons not longer than 180 days since recovery
3. other persons

Conditions for mass gatherings and events are stated in the Covid Automat which classifies districts of the Slovak Republic into 5 colour codes:

1. Green – Monitoring Level
2. Orange – Vigilance Level
3. Red – I Warning Level
4. Dark Red – II Warning Level
5. Black – III Warning Level

Each colour code of a district means different conditions for organisers of mass gatherings and events in terms of capacity and protective measures.

Generally, mass events and gatherings in districts in III Warning Level (black) are prohibited (exceptions are stated in the Decree of the Public Health Authority of the Slovak Republic nr. 241)

In all other colour codes (dark red, red, orange, green), organisers have the possibility to set their conditions (exactly stipulated for each colour code in the Decree of the Public Health Authority of the Slovak Republic nr. 241) for entry to their establishments / events:

- either entry for only fully vaccinated persons – no or very soft capacity limits and protective measures (stated in the Decree)
- or entry for VTR (vaccinated, tested, recovered) persons – stricter capacity limits and protective measures (stated in the Decree)
- or entry for all persons – very strict capacity limits and protective measures (stated in the Decree)

Organiser of a mass event is obliged to inform through a visible announcement upon entry, if entry is allowed for:

- only fully vaccinated persons
- VTR (vaccinated, tested, recovered) persons
- persons other than vaccinated, tested or recovered

Organisers are entitled to request from a participant a proof of vaccination, a negative test result or a proof of recovery, also in the form of EU Digital Covid Certificate, upon entry to the event / establishment.

The use of face masks or respirators is mandatory in each colour code of a district, indoors and outdoors.

General capacity limits for establishments

Unless otherwise stipulated, a limit of one person per 15 square metres applies to establishments. This limit does not include children up to an age of 12 years accompanied by an adult. If the sales space devoted to customers is smaller than 15 m2, maximum one customer may be present in the establishment.
Safety measures for public transportation

For taxi services: Maximum 2 people can be seated in a row of seats (including the driver). In the Monitoring Level of the Covid Automat, capacity in a taxi is unlimited. In the III Warning Level the capacity of a taxi is limited to 2 persons.

Places of worship

Open with limitations

With regards to places of worship, the following groups of people are recognized:

1. fully vaccinated persons (as stated in the conditions for travelling)
2. VTR (vaccinated / tested / recovered) persons
   • fully vaccinated persons
   • persons with a negative RT-PCR or a LAMP test not older than 72 hours, or with a negative rapid antigen test not older than 48 hours
   • recovered persons not longer than 180 days since recovery
3. other persons

The church has the possibility to set their rules (exactly stipulated for each colour code in the Decree of the Public Health Authority of the Slovak Republic nr. 241) for entry to the venue:

- either entry for only fully vaccinated persons
- or entry for VTR (vaccinated, tested, recovered) persons
- or entry for all persons

According to a colour code of a district, capacity limitations are applied.

Organisers are entitled to request from a participant a proof of vaccination, a negative test result or a proof of recovery, also in the form of EU Digital Covid Certificate, upon entry to the event / establishment.

Quarantine

A person tested positive (through an RT-PCR, LAMP or a rapid antigen test) must contact all the persons who s/he had been in contact with 2 days before the sample was collected.
In case the person has **clinical signs of COVID-19**, all the persons, who s/he had been in touch with **2 days before the clinical signs appeared**, must be contacted.

In case of **close contact with a confirmed COVID-19 case:**

- stay in self-isolation;
- contact your general practitioner in order to obtain a sick leave;
- in case of symptoms, **apply for a Covid-19 test**;
- follow the instruction of the relevant Regional Public Health Office.

Close contact is defined as:

- **personal contact** with a COVID-19 case **within less than 2 metres of distance and for longer than 15 minutes**;
- **physical contact** with a COVID-19 case;
- unprotected direct contact with a COVID-19 case **in a closed space** (e.g. household, classroom, hospital waiting room, etc.) **for longer than 15 minutes**;
- **sitting within 2 seats in an airplane** with a COVID-19 case;
- **caring for and serving in a section of an airplane** where a passenger with COVID-19 was seated

**Find out more:**
[Mandatory self-isolation](https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska_240.pdf)

**Non-essential (other than medicine and food) shops**

Open with limitations

No capacity limits apply to the Monitoring and Vigilance Level of the Covid Automat.

The ban on the consumption of meals and beverages inside department stores remains in existence. This does not apply to mass catering facilities in department stores, where conditions valid for the establishments of mass catering facilities are followed. Kids’ corners and sitting areas may be open in the districts in the Monitoring and Vigilance Levels (green, orange).

**Tourist accommodations**

Open with limitations

Capacity limitations do not apply in the Monitoring Level (green) of the Covid Automat.

In all the other levels, entry to fully vaccinated persons or VTR (vaccinated, tested, recovered) persons can be allowed, based on the preference of the accommodation operator. Conditions of such entry are stipulated in the Decree of the Public Health Authority of the Slovak Republic nr. 240.

**Accommodation operators are entitled to request** from a guest a **proof of vaccination, a negative test result or a proof of recovery**, also in the form of EU Digital Covid Certificate, upon entry to the establishment.

**Find out more:** [https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska_240.pdf](https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska_240.pdf)
Catering establishments

Open with limitations

In the districts in the Vigilance Level (orange) and I – III Warning Levels (red, dark red, black), it is prohibited to consume meals and beverages indoors and outdoors. Take away is permitted.

If only fully vaccinated persons or VTC (vaccinated, tested, recovered) persons are admitted upon presenting a proof of vaccination, test or recovery (also in the form of EU Digital Covid Certificate) in the Vigilance and I – III Warning Levels, indoor and outdoor dining is allowed under specific conditions.

The conditions are stipulated in the Decree of the Public Health Authority of the Slovak Republic nr. 240.

Find out more: https://www.minv.sk/swift_data/source/verejna_sprava/vestnik_vlady_sr_rok_2021/vyhlaska_240.pdf

Cinemas, museums and indoor attractions

Open with limitations

Museums, galleries, exhibition halls:

Each establishment has the possibility to set their rules (exactly stipulated for each colour code in the Decree of the Public Health Authority of the Slovak Republic nr. 241) for entry to the venue:

- either entry for only fully vaccinated persons
- or entry for VTR (vaccinated, tested, recovered) persons
- or entry for all persons

According to a colour code of a district, capacity limitations and protective measures are applied.

Organisers are entitled to request from a visitor a proof of vaccination, a negative test result or a proof of recovery, also in the form of EU Digital Covid Certificate, upon entry to the event / establishment.

Personal care services

Open with limitations
The time schedule of the establishment must be adjusted so that there is time to clean and disinfect the workplace between individual customers; disinfection must be carried out after every customer, using a disinfectant with virucidal activity. The sanitary facilities of the establishment must be equipped with liquid soap and paper towels.

Outdoors areas and beaches

Open with limitations

Artificial swimming pools

The permitted capacity depends on the colour of the district:

________________________
16.07.2021

What are the rules to enter this country from an EU Member State or Schengen Associated country?

The Decree concerning border regime of Slovakia with the effect from 19 July 2021 (from 6:00) can be found here: Gazette of the Government of the Slovak Republic, Decree No. 231, 16 July 2021.

From now onwards, only and exclusively fully vaccinated people who have received both doses of a two-series vaccine (or a single dose of a one-series vaccine) are considered as low risk. Such persons do not require to enter quarantine or self-isolation measures when entering Slovakia. They are now free from any obligations of RT-PCR or antigen testing.

Definition of fully vaccinated persons:
• Vaccines with a two-dose schedule: 14 days after the administration (day 15) of the second dose, valid for 1 year;
• Vaccines with a single dose schedule: 21 days after the administration (day 22) of the vaccine, valid for 1 year;
• People who have had COVID-19: 14 days after receiving the first dose of the vaccine if it was given within 180 days after having COVID-19, valid for 1 year.

All unvaccinated persons entering the territory of the Slovak Republic are deemed as extremely high risk in a Delta variant environment. When entering Slovakia, they are required to enter a mandatory self-isolation and undertake an RT-PCR test (earliest on the 5th day of self-isolation) regardless of the country in which they have stayed for the last 14 days.

Transitional period

All persons vaccinated before 9 July 2021 and who do not fall under the definition of fully vaccinated persons above have to enter self-isolation after entering the territory of Slovakia. The quarantine can be terminated by obtaining a negative RT-PCR test result. The test can be taken right after arrival in Slovakia. This transitional period is valid from 19 July till 2 August 2021 6:00.

Definition of unvaccinated persons:

• All persons not eligible for fulfilling the conditions of being fully vaccinated.

Children aged 12-18 will have a transitional period between 9 July and 9 August, during which they will follow the same quarantine rules applied to their parents (if their parents are vaccinated, they can avoid self-isolation).

If, after arrival from abroad, people have COVID-19 symptoms, they have to report this to their attending physician or paediatrician; if they do not have an attending physician in the Slovak Republic, they shall inform a locally competent physician of the self-governing region.

Registration in e-border

All travellers entering the Slovak Republic must register here and must be able, when requested, to show certification about registration during their stay in the territory of the Slovak Republic.

Persons up to the age of 12 and persons transiting through the territory of Slovakia (defined below) do not have to register. Registration does not apply to freight crews, bus transport, aircrew members, ship crews, drivers, drivers, train crews and railway service staff. Registration does not apply also to drivers and crews of medical services who transport a patient or transport organs intended for transplantation, blood and blood substitutes. Registration does not apply to funeral workers who carry out the international transport of human remains or human remains for burial or cremation.

Registration is mandatory during each entry to the territory of the Slovak Republic. This is not applied on:
• fully vaccinated – their first registration is valid for the next 6 months;
• persons after vaccination with the first dose of any vaccine – for these persons the first registration is valid till 9 August;
• persons from 12 to 18 years – in this case, the first registration is valid till 9 August;
• persons travelling for the purpose of diagnostics or treatment, for these persons the first registration is valid 1 week.

One registration is sufficient till 1 September:

• for persons having permanent or temporary residence in Slovakia and they work in neighbouring states, EU countries or Iceland, Norway, Liechtenstein or Switzerland, and during the past 14 days they visited only these countries and they travel for work;
• for persons with permanent residence or residence in EU countries, Iceland, Norway, Liechtenstein or Switzerland and in case of Ukraine up to 100 km from an open border crossing, working in the territory of the Slovak Republic and travelling only for the purpose of work.

Arrival by air

People arriving in the Slovak Republic by air are also obliged to fill in the passenger locator form: https://www.mindop.sk/covid/. Passengers arriving by air from a country not included in the list of countries stated below need to show a negative RT-PCR test result not older than 72 hours.

List of the countries from which a negative RT-PCR test is not necessary:
Albania, Andorra, Armenia, Australia, Azerbaijan, Belarus, Belgium, Bosnia and Herzegovina, Bulgaria, Montenegro, People's Republic of China, Czechia, Croatia, Cyprus, Denmark, Estonia, Finland, France, Greece, Georgia, The Netherlands, Hong Kong, Ireland, Italy, Iceland, Israel, Japan, Jordan, Canada, South Korea, Kosovo, Cuba, Lebanon, Lichtenstein, Lithuania, Latvia, Luxembourg, Macau, Hungary, Malta, Moldova, Monaco, Germany, Norway, New Zealand, Poland, Portugal, Austria, Romania, San Marino, North Macedonia, Singapore, Slovenia, Spain, United States of America, Mexico, Serbia, Switzerland, The Holy See (Vatican), Sweden, Taiwan, Turkey, Ukraine

Regime for the people travelling for work who are not vaccinated – valid till 1 September 2021:

Self-isolation is not applied if persons fulfil all these conditions:

• within the last 14 days they only visited EU countries, Iceland, Norway, Liechtenstein, Switzerland or Ukraine and at the same time:
  ◦ they have a permanent or temporary residence in the Slovak Republic and they work in an EU country, Iceland, Norway, Liechtenstein, Switzerland or Ukraine or
  ◦ they have a permanent or temporary residence in an EU country, Iceland, Norway, Liechtenstein or in Switzerland and in the case of Ukraine up to 100 km from an open border crossing, and they work in the Slovak Republic;
• they have a confirmation from their employer stating the place of work;
• they have a negative RT-PCR test not older than 7 days.
**Students** entering the territory of the Slovak Republic, who are more than 12 years old, and they attend a kindergarten, an elementary school, a secondary grammar school or a university in any of the bordering states (or vice versa, they reside in any of the bordering countries and they attend school in the Slovak Republic) do not have to undergo quarantine in case they have a confirmation from the school stating their full-time studies (on a daily basis), as well as a negative RT-PCR or rapid antigen test results not older than 7 days. The same conditions apply to one accompanying person. Except of demonstrating a negative test result, the accompanying person must present a confirmation of an accompanying person status.

NOTE that students can cross borders only for the reason of their active studies (the full-time educational process must be in place; this border regime cannot be applied when teaching on-site is interrupted, e.g. during summer break).

Find out more:  
Registration at arrival from abroad  
Travel to the Slovak Republic  
COVID-19 in Slovakia

**Entering this country with the EU Digital COVID certificate**

Provisional information subject to further revision and confirmation from National Authorities

The Slovak Republic has been issuing and accepting the EU Digital COVID Certificate (EUDCC).

Border crossing procedure: vaccinated persons must prove their vaccination by providing a vaccination certificate (EUDCC or a national vaccination certificate either in Slovak, Czech or English with a QR code).

Besides EU COVID certificate or vaccination certificate from Slovakia, certificates from other countries are also accepted, on the condition that the certificate is in Slovak, Czech or English.

Fully vaccinated persons are exempted from the conditions of isolation, quarantine or testing after their arrival to the Slovak Republic (note: regardless of the country in which they have stayed for the last 14 days).

**Entering this country without the EU Digital COVID certificate or with a certificate not compliant with national requirements**

All unvaccinated entering Slovakia are required to enter a mandatory self-isolation and undertake an RT-PCR test (earliest on the 5th day of self-isolation) regardless of the country in which they have stayed for the last 14 days.

Border crossing procedure:
• mandatory registration in the eHranica system;
• mandatory 14-day quarantine;
• the passenger has the opportunity to take the RT-PCR test at the earliest on the 5th day of quarantine. In case of a negative result, the person can leave the quarantine as soon as he/she receives the report on the negative RT-PCR result.

Health cover for temporary stays

What are the rules to enter this country from outside an EU Member State or Schengen Associated country?

The Decree concerning border regime of Slovakia with the effect from 19 July 2021 (from 6:00) can be found here: Gazette of the Government of the Slovak Republic, Decree No. 231, 16 July 2021.

From now onwards, only and exclusively fully vaccinated people who have received both doses of a two-series vaccine (or a single dose of a one-series vaccine) are considered as low risk. Such persons do not require to enter quarantine or self-isolation measures when entering Slovakia. They are now free from any obligations of RT-PCR or antigen testing.

Definition of fully vaccinated persons:

• Vaccines with a two-dose schedule: 14 days after the administration (day 15) of the second dose, valid for 1 year;
• Vaccines with a single dose schedule: 21 days after the administration (day 22) of the vaccine, valid for 1 year;
• People who have had COVID-19: 14 days after receiving the first dose of the vaccine if it was given within 180 days after having COVID-19, valid for 1 year.

All unvaccinated persons entering the territory of the Slovak Republic are deemed as extremely high risk in a Delta variant environment. When entering Slovakia, they are required to enter a mandatory self-isolation and undertake an RT-PCR test (earliest on the 5th day of self-isolation) regardless of the country in which they have stayed for the last 14 days.

Transitional period

All persons vaccinated before 9 July 2021 and who do not fall under the definition of fully vaccinated persons above, have to enter self-isolation after entering the territory of Slovakia. The quarantine can be terminated by obtaining a negative RT-PCR test result. The test can be taken right after arrival in Slovakia. This transitional period is valid from 19 July till 2 August 2021 6:00.

Definition of unvaccinated persons:

• All persons not eligible for fulfilling the conditions of being fully vaccinated.
Children aged 12-18 will have a transitional period between 9 July and 9 August, during which they will follow the same quarantine rules applied to their parents (if their parents are vaccinated, they can avoid self-isolation).

If, after arrival from abroad, people have COVID-19 symptoms, they have to report this to their attending physician or paediatrician; if they do not have an attending physician in the Slovak Republic, they shall inform a locally competent physician of the self-governing region.

**Registration in e-border**

All travellers entering the Slovak Republic must register here and must be able, when requested, to show certification about registration during their stay in the territory of the Slovak Republic.

Persons up to the age of 12 and persons transiting through the territory of Slovakia (defined below) do not have to register. Registration does not apply to freight crews, bus transport, aircrew members, ship crews, drivers, drivers, train crews and railway service staff. Registration does not apply also to drivers and crews of medical services who transport a patient or transport organs intended for transplantation, blood and blood substitutes. Registration does not apply to funeral workers who carry out the international transport of human remains or human remains for burial or cremation.

Registration is mandatory during each entry to the territory of the Slovak Republic. This is not applied on:

- fully vaccinated – their first registration is valid for the next 6 months;
- persons after vaccination with the first dose of any vaccine – for these persons the first registration is valid till 9 August;
- persons from 12 to 18 years – in this case, the first registration is valid till 9 August;
- persons travelling for the purpose of diagnostics or treatment, for these persons the first registration is valid 1 week.

One registration is sufficient till 1 September:

- for persons having permanent or temporary residence in Slovakia and they work in neighbouring states, EU countries or Iceland, Norway, Liechtenstein or Switzerland, and during the past 14 days they visited only these countries and they travel for work;
- for persons with permanent residence or residence in EU countries, Iceland, Norway, Liechtenstein or Switzerland and in case of Ukraine up to 100 km from an open border crossing, working in the territory of the Slovak Republic and travelling only for the purpose of work.

**Arrival by air**

People arriving in the Slovak Republic by air are also obliged to fill in the passenger locator form: https://www.mindop.sk/covid/. Passengers arriving by air from a country not included in the list of countries stated below need to show a negative RT-PCR test result not older than 72 hours.

List of the countries from which a negative RT-PCR test is not necessary:
Albania, Andorra, Armenia, Australia, Azerbaijan, Belarus, Belgium, Bosnia and Herzegovina, Bulgaria, Montenegro, People’s Republic of China, Czechia, Croatia, Cyprus, Denmark, Estonia, Finland, France, Greece, Georgia, The Netherlands, Hong Kong, Ireland, Italy, Iceland, Israel, Japan, Jordan, Canada, South Korea, Kosovo, Cuba, Lebanon, Lichtenstein, Lithuania, Latvia, Luxembourg, Macau, Hungary, Malta, Moldova, Monaco, Germany, Norway, New Zealand, Poland, Portugal, Austria, Romania, San Marino, North Macedonia, Singapore, Slovenia, Spain, United States of America, Mexico, Serbia, Switzerland, The Holy See (Vatican), Sweden, Taiwan, Turkey, Ukraine

Regime for the people travelling for work who are not vaccinated – valid till 1 September 2021:

Self-isolation is not applied if persons fulfil all these conditions:

- within the last 14 days they only visited EU countries, Iceland, Norway, Lichtenstein, Switzerland or Ukraine and at the same time:
  - they have a permanent or temporary residence in the Slovak Republic and they work in an EU country, Iceland, Norway, Lichtenstein, Switzerland or Ukraine or
  - they have a permanent or temporary residence in an EU country, Iceland, Norway, Lichtenstein or in Switzerland and in the case of Ukraine up to 100 km from an open border crossing, and they work in the Slovak Republic;
- they have a confirmation from their employer stating the place of work;
- they have a negative RT-PCR test not older than 7 days.

Students entering the territory of the Slovak Republic, who are more than 12 years old, and they attend a kindergarten, an elementary school, a secondary grammar school or a university in any of the bordering states (or vice versa, they reside in any of the bordering countries and they attend a school in the Slovak Republic) do not have to undergo quarantine in case they have a confirmation from the school stating their full-time studies (on a daily basis), as well as a negative RT-PCR or rapid antigen test results not older than 7 days. The same conditions apply to one accompanying person. Except of demonstrating a negative test result, the accompanying person must present confirmation of an accompanying person status.

NOTE that students can cross borders only for the reason of their active studies (the full-time educational process must be in place; this border regime cannot be applied when teaching on-site is interrupted, e.g. during summer break).

May I transit this country?

Partially

TRANSIT ROUTES THROUGH THE SLOVAK REPUBLIC
VALID FROM JULY 9, 2021
After entering the territory of the Slovak Republic, quarantine obligation does not apply to the transit of persons and their family members to a country, in which they have an official residence or of which they are citizens.

- Transit through the Slovak Republic must be carried out **without stopping** with the exception of refuelling.
- Transit must be carried out within 8 hours.
- It is not obligatory to register before the transit.

There are designated transit corridors through which it is possible to travel:

**Ukraine - Czechia**

- Route: Ukraine - Czechia has been designated in the direction: border crossing Vyšné Nemecké - Užhorod or a border crossing Uba - Maly Bereznyj, Prešov, Poprad, Ružomberok, Žilina through the road crossing Makov - Bila-Bumbálka or Starý Hrozenkov - Drietom

**Czechia - Ukraine**

- Route: Czechia - Ukraine has been designated in the direction: border crossing Makov - Bilá-Bumbálka /Starý Hrozenkov - Drietoma, Žilina, Ružomberok, Poprad, Prešov, Michalovce, Sobrance, border crossing Vyšné Nemecké - Užhorod or border crossing Uba – Maly Bereznyj

**Ukraine - Austria**

- Route: Ukraine - Austria has been designated in the direction: border crossing Vyšné Nemecké - Užhorod or border crossing Uba - Maly Bereznyj, Prešov, Poprad, Ružomberok, Žilina, Bratislava through the road crossing Bratislava - Jarovce - Kittsee

**Austria - Ukraine**

- Route: Austria - Ukraine has been designated in the direction: road crossing Bratislava - Jarovce - Kittsee, Bratislava, Prešov, Žilina, Ružomberok, Poprad, Prešov and through the border crossing Vyšné Nemecké - Užhorod or border crossing Uba – Maly Bereznyj

**Poland - Austria / Hungary**

- Route: Poland - Austria / Hungary has been designated in the direction: border crossing Trstená - Chyžné, Dolný Kubín, Martin, Žilina, Nové Mesto nad Váhom, Bratislava border crossing (Bratislava - Jarovce - Kittsee / unovo - Rajka).
- Route: Poland - Hungary has been designated in the direction: border crossing Trstená - Chyžné, Dolný Kubín, Ružomberok, Banská Bystrica, Zvolen, border crossing Šahy - Parassapusza.
- Route: Poland - Austria / Hungary has been designated in the direction: border crossing Skalité - Zwardo, adča, Kysucké Nové Mesto, Žilina, Nové Mesto nad Váhom, Bratislava border crossing (Bratislava - Jarovce - Kittsee / unovo - Rajka).
- Route: Poland - Hungary has been designated in the direction: border crossing Vysny Komárnik - Barwinek - Svidnik, Giraltovce, Prešov, Košice, border crossing Milhos - Tornyosnémeti.

**Austria / Hungary - Poland**
Route Austria / Hungary - Poland has been designated in the direction: border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka), Bratislava, Nové Mesto nad Váhom, Žilina, Martin, Dolný Kubín, border crossing Trstená - Chyžné.

Route Hungary - Poland has been designated in the direction: border crossing Šáhy - Parassapusztta, Zvolen, Banská Bystrica, Ružomberok, Dolný Kubín, hraničný priechod Trstená - Chyžné.

Route Austria / Hungary - Poland has been designated in the direction: border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka), Bratislava, Nové Mesto nad Váhom, Žilina, Kysucké Nové Mesto, adca, border crossing Skalité - Zwardo.

Route Hungary - Poland has been designated in the direction: border crossing Milhos - Tornyosnémeti, Košice, Prešov, Giraltovce, Svidník, border crossing Vyšný Komárnik - Barwinek.

Czech Republic – Austria / Hungary

Route through D2 in the direction: former border crossing Beclav - Brodské, Bratislava, border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka).

Austria / Hungary - Czechia

Route through D2 in the direction: border crossing (Bratislava - Jarovce - Kittsee/ unovo - Rajka), Bratislava, former border crossing Beclav - Brodské.

Persons with permanent or temporary residence, also with their family members who are entering or leaving the Slovak Republic for diagnostics or medical treatment do not have to apply at the Ministry of Health of the Slovak Republic for an exception, in case their stay will not last more than 12 hours.

However, they have to present a medical invitation or show a certificate of treatment afterwards. If their stay lasts longer than 12 hours, they have to apply for an appraisal of request on the following website https://cestujem.standardnepostupy.sk.

Persons, who transport their relatives from/to international airports in the Czech Republic, Poland, Hungary and Austria should register themselves at https://naletisko.mzv.sk/, at the latest while leaving the Slovak Republic. They have to show this registration in a paper form and their relative’s flight ticket in an electronic or a paper form at the control. It is obligatory to travel exclusively through the territory of EU Member States, without any stopping (with the exception of stopping because of refuelling or boarding and disembarking of transported persons). While observing the rules, it is possible to enter the Slovak Republic without a negative test.

If any symptoms of a respiratory disease will appear after your arrival from a foreign country, no matter from which country you have come, you should call your treating doctor and familiarise him with your travel anamnesis.

The doctor will determine further process of diagnosis and treatment. The same stands for people who have symptoms of a respiratory disease and know that they were in contact with a person, who came from a foreign country.

May I fly to this country?

Travellers entering the Slovak Republic by air from any of the countries not listed below are obliged to demonstrate to the Police of the Slovak Republic a negative RT-PCR test result not older than 72 hours, regardless of the traveller being vaccinated or not.
List of the countries from which a negative RT-PCR test is not necessary:

- Albania, Andorra, Armenia, Australia, Azerbaijan, Belarus, Belgium, Bosnia and Herzegovina, Bulgaria, Montenegro, People's Republic of China, Czechia, Croatia, Cyprus, Denmark, Estonia, Finland, France, Greece, Georgia, The Netherlands, Hong Kong, Ireland, Italy, Iceland, Israel, Japan, Jordan, Canada, South Korea, Kosovo, Cuba, Lebanon, Lichtenstein, Lithuania, Latvia, Luxembourg, Macau, Hungary, Malta, Moldova, Monaco, Germany, Norway, New Zealand, Poland, Portugal, Austria, Romania, San Marino, North Macedonia, Singapore, Slovenia, Spain, United States of America, Mexico, Serbia, Switzerland, The Holy See (Vatican), Sweden, Taiwan, Turkey, Ukraine.

After arrival from all other countries, a negative RT-PCR test is necessary.

- these conditions are applied to arrivals by plane to Slovak airports;
- every incoming person must fill out the following form [link];
- after flying into the Slovak Republic from a country not listed in the list above, it is obligatory to present a negative RT-PCR test not older than 72 hours — this is applicable to vaccinated persons also. This condition has been stipulated because of the fact that incoming travellers arrive by a means of transportation with a higher risk of infection transmission from a country, which may have a higher risk of spreading infection of an epidemiologically grave SARS-CoV-2 variant of concern. By combining the registration and testing, the risk of importing and further spreading of new dangerous variants of concern is significantly decreased.

You can find the latest information on air travel regulations for this country on the [IATA website](https://www.iata.org).

You can also find information about air passenger rights on our portal for citizens.

**General measures**

The measures and restrictions in a given district may change according to the local epidemiological situation, as set out in a framework known as the 'Covid Automat'.

Each district of Slovakia is evaluated every week according to its epidemiologic situation, and it is colour-classified according to the conditions set out in the COVID Automat.

The current situation in districts is available at [https://korona.gov.sk](https://korona.gov.sk)

**Use of facemasks**

Indoors, the nose and mouth must always be covered by respirator.

In the districts at Degree of Warning I, II or III according to the COVID Automat (purple, red, pink colour of districts), the nose and mouth must be covered outdoors (respirator, face mask, scarf or shawl).
Some exceptions may apply.

Find out more:

**Face masks obligation**

**Indoor and outdoor meetings, public or private gatherings and events**

Negative test result for COVID-19 is required for:

1. wedding receptions, funeral feasts, parties and similar events in catering facilities;
2. sporting events (both spectators and competitors);
3. waterparks – only for interior areas (except WC, showers and dressing rooms).

This obligation does not apply to children up to an age of 10 years. Negative test result can be substituted by a confirmation of vaccination or by a confirmation of recovery from COVID-19 no older than 180 days.

Find out more:

**Mass events** (in Slovak)

**General rules for mass events**

- Degree of Warning III (purple): events up to 6 people permitted.
- Degree of Warning II (red): events up to 10 people permitted.
- Degree of Warning I (pink): events up to 25 people indoors or up to 50 people outdoors permitted.
- Degree of Alert II (orange): o seated venue: indoors: up to 25 % of capacity, max. 250 people; outdoors: up to 50 % of capacity, max. 500 people. o standing venue: indoors up to 50 people, outdoors up to 100 people.
- Degree of Alert I (yellow): o seated venue: up to 50 % of capacity, max. 250 people; outdoors: up to 75 % of capacity, max. 500 people o standing venue: indoors up to 100 people, outdoors up to 250 people.
- Degree of Monitoring (green): o standing venue: up to 50 % of venue capacity, indoors up to 500 people, outdoors up to 1000 people. o seated venue: up to 75 % of venue capacity, indoors up to 500 people, outdoors up to 1000 people.
- The organiser is obliged to keep phone or e-mail contacts of attendees for a period of two weeks from the end of the event for the purposes of epidemiological investigation - this does not apply to events in the Degree of Monitoring (green). After the expiry of two weeks, the organiser is obliged to discard the data.

**General capacity limits for establishments**
Unless otherwise stipulated, a limit of one person per 15 square metres applies to establishments. This limit does not include children up to an age of 10 years accompanied by an adult. If the sales space devoted to customers is smaller than 15 m², maximum one customer may be present in the establishment. In the districts at the Degree of Monitoring and Alert I (green, yellow) general capacity limit does not apply. Limitations for specific types of facilities (listed below) may apply.

EU Digital COVID Certificates

This country is already connected to the Gateway and is issuing and/or verifying at least one EU Digital COVID Certificate (Vaccination, Recovery, Test)

Information on “EU Digital COVID Certificates” issued in Slovakia

The EU Digital COVID Certificate Regulation entered into force on 01 July 2021. EU citizens and residents will now be able to have their Digital COVID Certificates issued and verified across the EU. National authorities are in charge of issuing the certificate.

The certificate provides a standardised recognition of the holder's status related to vaccination, recovery from Covid-19, or test result. Despite the European Digital COVID Certificate, each country continues to be responsible for the definition of its own entry requirements and rules, which are not standardised at the EU level. This means that what is required to enter upon presentation of this certificate, depends on the measures and entry rules in place at your destination.

Factsheet

What are the rules to enter this country from an EU Member State or Schengen Associated country?

The Decree concerning the border regime of Slovakia with effect from 9 July 2021 (from 6:00 hours) can be found here.

Notice: The document does not serve as binding interpretation of the valid legislation. In the event of conflict, exclusively the wording of applicable Decree published in the Journal of the Government of the Slovak Republic shall apply.

All traveller entering in Slovakia must register at http://korona.gov.sk/ehranica and must be able, when requested, to show certification about registration during their stay in the territory of the Slovak Republic.

Persons up to the age of 12 and persons transiting through the territory of Slovakia (defined below) do not have to register.

People arriving in the Slovak Republic by air are also obliged to fill in the passenger locator form: https://www.mindop.sk/covid/.

Passangers arriving from country not included in the list of countries stated below need to show negative RT-PCR test result not older than 72 hours.

All unvaccinated persons entering the territory of the Slovak Republic from 9 July, 6:00 hours must enter self-isolation, which ends, in case of asymptomatic course and without testing on the 14th day.

Definition of a fully vaccinated person

- at least 14 days and not more than 12 months after administration of the second dose of a two-dose vaccine,
- at least 21 days and not more than 12 months after administration of a single-dose vaccine
- at least 14 days and not more than 12 months after administration of the first dose of vaccine, if it was administered up to 180 days after recovery from COVID-19 disease,
- after administration of the first dose of vaccine against COVID-19 disease with a single-dose or two-dose scheme (immediately after administration of the first dose) – temporarily till 9 August 2021

Besides EU COVID certificate or vaccination certificate from Slovakia, certificates from other countries are also accepted, on condition that the certificate is in Slovak, Czech or English.

If, after arrival from abroad, people have COVID-19 symptoms, they have to report this to their attending physician or paediatrician; if they do not have an attending physician in the Slovak Republic, they shall inform a locally competent physician of the self-governing region.

Registration in e-border

Every person entering the territory of the Slovak Republic from 9 July 2021 must register at http://korona.gov.sk/ehranica. Persons up to the age of 12 and persons transiting through the territory of Slovakia (defined below) do not have to register.
Registration is mandatory during each entry to the territory of the Slovak Republic. This is not applied on:

- fully vaccinated - their first registration is valid for the next 6 months
- persons after vaccination with the first dose of any vaccine – for these persons the first registration is valid till 9 August
- persons from 12 to 18 years, in this case the first registration is valid till 9 August
- persons travelling for the purpose of diagnostics or treatment, for these persons the first registration is valid 1 week

One registration is sufficient till 1 September:

- for persons having permanent or temporary residence in Slovakia and they work in neighbouring states, EU countries or Iceland, Norway, Liechtenstein or Switzerland, and during the past 14 days they visited only these countries and they travel for work
- for persons with permanent resident in EU countries, Iceland, Norway, Liechtenstein or Switzerland and in case of Ukraine up to 100 km from an open border crossing, working in the territory of the Slovak Republic and travelling only for the purpose of work
- for the Slovak citizens, living in frontier areas of neighbouring countries up to 100 km from an opened border crossing

Regime for the people travelling for work who are not vaccinated – valid till 1 September 2021:

Self-isolation is not applied if persons fulfill all these conditions:

- within the last 14 days they only visited EU countries, Iceland, Norway, Lichtenstein, Switzerland or Ukraine and at the same time:
  - they have a permanent or temporary residence in the Slovak Republic and they work in an EU country, Iceland, Norway, Lichtenstein, Switzerland or Ukraine or
  - they have a permanent or temporary residence in an EU country, Iceland, Norway, Lichtenstein or in Switzerland and in case of Ukraine up to 100 km from an open border crossing, and they work in the Slovak Republic
- they have a confirmation from their employer stating the place of work
- they have a negative RT-PCR test not older than 7 days

Students entering the territory of the Slovak Republic, who are more then 12 years old, and they attend a kindergarten, an elementary school, a secondary grammar school or a university in any of the bordering states (or vice versa, they reside in any of the bordering countries and they attend a school in the Slovak Republic) do not have to undergo quarantine in case they have a confirmation from the school stating their full-time studies (on a daily basis), as well as a negative RT-PCR or rapid antigen test result not older than 7 days. The same conditions apply for one accompanying person. Except of demonstrating a negative test result, the accompanying person must present a confirmation of an accompanying person status.

NOTE that students can cross borders only for the reason of their active studies (full-time educational process must be in place; this border regime cannot be applied when teaching on-site is interrupted, e.g. during summer break).
Further information available at site Travel to the Slovak Republic

Entering this country with the EU Digital COVID certificate

Provisional information subject to further revision and confirmation from National Authorities

Slovakia is accepting "EU Digital COVID certificates" (EUDCC) since 1 July 2021.

Entering this country without the EU Digital COVID certificate or with a certificate not compliant with national requirements

Slovakia adopts its own national classification of risk areas, hence travel restrictions for Slovakia are not based on the common "EU Traffic Lights" map.

The following entry rules apply:

- **Low-risk (green) countries**
  Travellers coming from countries included in this list will be required to follow the self-isolation rules. However, they can end their self-isolation as early as on the first day, provided that they obtain a negative test result.
  
  Travellers arriving from the green-list countries can enter Slovakia without the obligation to be tested or self-isolate if they are vaccinated and the following conditions are met:
  
  - In case of two-dose vaccines, from 21 days after the first dose (and until 90 days after vaccination); Following the administration of the second dose, the validity is extended to 12 months from the administration of the first dose;
  - In case of single-dose vaccines, from 21 days after the vaccination (validity: 12 months);
  - In case of persons who recovered from COVID-19 in the last 180 days, 21 days after the first dose of any vaccine (validity: 12 months).

- **High-risk (red) countries**
  All persons entering Slovakia after staying in a "red" country during the last 14 days will be required to stay self-isolated for 2 weeks. However, the quarantine period can be shortened if a negative COVID-19 test result is obtained on day 8. Vaccinated persons are also subject to the quarantine requirement when returning from a high-risk country. Nonetheless, vaccinated persons living in Slovakia and working in one of the countries placed on the red list, or vice versa, are exempt from the rule.
Extreme risk (black) countries

Travellers from "black" countries are subject to the quarantine requirement and will not be allowed to shorten their self-isolation period, even if a negative Coronavirus test result is presented.

Austria / Hungary - Czechia

• Route through D2 in the direction: border crossing (Bratislava-Jarovce – Kittsee/ unovo – Rajka), Bratislava, border crossing Beclav· Brodské.

Persons with permanent or temporary residence, also with their family members who are entering or leaving the Slovak Republic for diagnostics or medical treatment do not have to apply at the Ministry of Health of the Slovak Republic for an exception, in case their stay will not last more than 12 hours.

However, they have to present a medical invitation or show a certificate of treatment afterwards. If their stay will last longer than 12 hours, they have to apply for an appraisal of request on the following website https://cestujem.standardnepostupy.sk.
Persons, who transport their relatives from/to international airports in the Czech Republic, Poland, Hungary and Austria should register themselves at [https://naletisko.mzv.sk/](https://naletisko.mzv.sk/), at the latest while leaving the Slovak Republic. They have to show this registration in a paper form and their relative’s flight ticket in an electronic or a paper form at the control. It is obligatory to travel exclusively through the territory of EU Member States, without any stopping (with the exception of stopping because of refuelling or boarding and disembarking of transported persons). While observing the rules, it is possible to enter the Slovak Republic without a negative test.

If any symptoms of a respiratory disease will appear after your arrival from a foreign country, no matter from which country you have come, you should call your treating doctor and familiarise him with your travel anamnesis.

The doctor will determine further process of diagnosis and treatment. The same stands for people who have symptoms of a respiratory disease and know that they were in contact with a person, who came from a foreign country.

**General measures**

The measures and restrictions in a given district may change according to the local epidemiological situation, as set out in a framework known as the "Covid Automat".

Each district of Slovakia is evaluated every week according to its epidemiologic situation, and it is colour-classified according to the conditions set out in the Covid Automat.

The current situation in districts is available at [https://korona.gov.sk](https://korona.gov.sk)

**Use of facemasks**

Indoors, the nose and mouth must always be covered by respirator.

In the districts at Degree of Warning I, II or III according to the COVID Automaton (purple, red, pink colour of districts), the nose and mouth must be covered outdoors (respirator, face mask, scarf or shawl).

Some exceptions may apply.

**Find out more:**
[Face masks obligation](#)

**Indoor and outdoor meetings, public or private gatherings and events**

Negative test result for COVID-19 is required:

1. Wedding receptions, funeral feasts, parties and similar events in catering facilities,
2. Sporting events (both spectators and competitors),
3. Waterparks - only for interior areas (except WC, showers and dressing rooms).

This obligation does not apply to children up to an age of 10 years. Negative test result can be substituted by a confirmation of vaccination or by a confirmation of recovery from COVID-19 no older than 180 days.

EU Digital COVID Certificates

THIS COUNTRY IS ALREADY CONNECTED TO THE GATEWAY AND IS ISSUING AND/OR VERIFYING AT LEAST ONE EU DIGITAL COVID CERTIFICATE (VACCINATION, RECOVERY, TEST)

Information on "EU Digital COVID Certificates" issued in Slovakia

The EU Digital COVID Certificate Regulation entered into force on 01 July 2021. EU citizens and residents will now be able to have their Digital COVID Certificates issued and verified across the EU. National authorities are in charge of issuing the certificate.

The certificate provides a standardised recognition of the holder's status related to vaccination, recovery from Covid-19, or test result. Despite the European Digital COVID Certificate, each country continues to be responsible for the definition of its own entry requirements and rules, which are not standardised at the EU level. This means that what is required to enter upon presentation of this certificate, depends on the measures and entry rules in place at your destination.

Press Release
Questions & Answers
Factsheet
06.05.2021

From an EU Member State or Schengen Associated Country, may I enter this country without being subject to extraordinary restrictions?

No

Slovakia adopts its own national classification of risk areas, hence travel restrictions for Slovakia are not based on the common "EU Traffic Lights" map.

Is a quarantine required?

All travellers arriving by land or air must complete a 14-day quarantine.

The quarantine period may be shortened by taking an RT-PCR test no less than 8 days after arrival. If the result of this test is negative, the period of quarantine can end.

Vaccinated people and persons who have recovered from COVID-19 do not have to wait 8 days and may undergo the RT-PCR test at any time after their arrival.

Children under the age of 10 will have to stay in isolation as long as the other members of their common household are in quarantine.

Exceptions to the quarantine rule apply to commuters working in neighbouring countries (within 100 km from the border), citizens of the Slovak Republic who live in the territory of a neighbouring country within 100 km from an open border crossing point, students, caregivers, people employed in the cultural sector, the media and the like, as well as employees of diplomatic missions and international organisations enjoying diplomatic immunity.

All above-stated groups are required to present a negative result of an antigenic or PCR test, not older than 7 days, each time they enter Slovakia.

A detailed list of exceptions is available at: Travel to the Slovak Republic

Is a coronavirus test required?

Travellers from EU or Schengen Associated countries, who have either:

- recovered from COVID-19 within the last 180 days
- or been vaccinated against Covid-19, with their second dose received more than 14 ago in the case of mRNA vaccines (Pfizer/BioNTech and Moderna), or their first dose received more than 4 weeks ago in the case of vector vaccines (AstraZeneca)

can enter Slovakia if they present a negative Covid-19 antigen test no older than 48 hours or of a negative RT-PCR test no older than 72 hours.

Additionally, they will have to quarantine until they take a second test, at their expenses, and they result negative again.

Mandatory Travel Documentation
All travellers are obliged to register at korona.gov.sk/ehranica before arriving in Slovakia. Air travellers must also fill in a Passenger Locator Form.

Find out more:

What are the rules to enter this country from outside an EU Member State or Schengen Associated country?

Only travellers coming from the following countries can enter Slovakia without restrictions: Australia, China, New Zealand, Singapore, South Korea, Taiwan.

Is a quarantine required?

Starting from 17 February, all travellers entering Slovakia by land or air will need to quarantine upon arrival for a period of 14 days, which can be ended on day 8 of isolation at the earliest, if the traveller gets tested for COVID-19 and results negative.

Children under the age of 10 will have to stay in isolation as long as the other members of their common household are in quarantine.

Exceptions to the quarantine rule apply to commuters working in neighbouring countries, students, caregivers, people employed in the cultural sector, the media and the like, as well as employees of diplomatic missions and international organisations enjoying diplomatic immunity.

All above-stated groups are required to present a negative result of an antigenic or PCR test, not older than 7 days, each time they enter Slovakia.

Mandatory Travel Documentation

All travellers are obliged to register at korona.gov.sk/ehranica before arriving in Slovakia. Air travellers must also fill in a Passenger Locator Form.

Find out more:

May I transit this country?

Partially
As a general rule, passengers in transit in the EU+ area are exempted from temporary travel restriction.

EU citizens entering the EU from a third country, as well as their family members, irrespective of their nationality, are exempted from the travel restrictions regardless of whether or not they are returning to their country of nationality or residence.

Passengers travelling from a non-EU country to another non-EU country may transit through the international transit area of airports located in the Schengen area. Rules regarding airport transit visa requirements continue to apply.

More specifically for Slovakia, citizens of EU Member States, and their family members, returning to the EU Member State of which they are a citizen, can transit Slovakia providing travel documents at the border controls.

Travellers in transit must pass through the Slovak territory without stopping (only refuelling is allowed) for no more than 8 hours.

28.01.2021

From an EU Member State or Schengen Associated Country, may I enter this country without being subject to extraordinary restrictions?

**Partially**

Slovakia adopts its own national classification of risk areas, hence travel restrictions for Slovakia are not based on the common "EU Traffic Lights" map.

Entry from EU Member States and Schengen Associated countries is allowed without restrictions from countries classified as "low-risk" from the epidemiological point of view.

Is a coronavirus test required?

Travellers arriving from high-risk areas must present, upon arrival, a negative test result for COVID-19 not older than 72 hours. Alternatively, they have to undergo a quarantine.

Is a quarantine required?

If a negative PCR test result is not provided upon arrival, travellers who enter the territory of the Slovak Republic and who visited, during the previous 14 days, a country classified as "high-risk", must remain in self-isolation for **10 days** if they are asymptomatic. The self-isolation is ended after the 10-day period is over, even without the result of a negative RT-PCR test for Covid-19 disease. Alternatively, the self-isolation can be ended by a negative PCR test result for COVID-19 performed no earlier than on day 5 of self-isolation. If the person does not have a place of residence in the Slovak Republic, the isolation in a hotel or an accommodation facility is possible.

This person is obliged to contact the competent Regional Public Health Authority by phone or electronically by registration on eHranica form (providing information such as personal data, telephone number, address of the self-isolation). On the basis of this information, the Public Health Authority will arrange a COVID-19 test. This isolation must be extended to all persons living in a common household with the isolated person. The testing is not obligatory for children under 3 years of age unless the regional Public Health Authority of the General Practitioner - Paediatrician does not decide otherwise.

**Mandatory Travel Documentation**
People who, during the previous 14 days, visited a country not present on the list of safe countries, have to register through the Online form upon entry, presenting a confirmation of the above-mentioned registration to the members of the Police Force.

Travellers who enter the territory of the Slovak Republic from the border with Ukraine are obliged to present a registration available at korona.gov.sk

11.09.2020

**Travelling to Slovakia**

Travelling from EU countries is allowed without restrictions, except for Belgium, Bulgaria, Croatia, France, Luxembourg, Malta, The Netherlands, Portugal, Romania, Spain and Sweden.

Travelling from Norway, Switzerland, Iceland and Liechtenstein is allowed without restrictions.

**Travelling from Slovakia or returning to Slovakia**

No specific measures.
Rules and Exceptions
Travel is allowed without restrictions from countries or territories classified as "low risk" from an epidemiological point of view in relation to COVID-19.

In accordance with the Measure of the Public Health Authority of the Slovak Republic, all persons who enter the territory of the Slovak Republic and who visited, during the previous 14 days, a country not classified as "low risk" from the epidemiological point of view, must remain in self-isolation until they receive a negative RT-PCR test result for COVID-19. If the person does not have a place of residence in the Slovak Republic, the isolation in a hotel or an accommodation facility is possible.

This person is obliged to contact the competent Regional Public Health Authority (by phone or electronically) and to undergo the laboratory test for COVID-19 not earlier than on the fifth day of self-isolation. During the period of self-isolation, this isolation must be extended to all persons living in a common household with the isolated person. The testing is not obligatory for children under 3 years of age, unless the regional Public Health Authority of the General Practitioner - Paediatrician does not decide otherwise.

In order to contact the regional Public Health Authority the person may also fill in a form providing the contact information (e.g. personal data, telephone number, address of the self-isolation). On the basis of this information the Public Health Authority will arrange a COVID-19 test.

Mandatory Travel Documentation
No.

Third-country nationals
Travellers coming from the following countries can enter Slovakia without any restriction: Australia, China, Japan, New Zealand, South Corea, Faroe Islands.

Details can be found at: Covid-19 Information.

Financial Administration of the Slovak republic adopted on 16th of March 2020 the following measures:

- obligation for all employees to wear a mask or other protective equipment (shawl, scarf, etc.);
- prohibition of clients entering offices without a mask or other means of protection;
- introduction of temporary regime of service, enabling home office when its applicable;
- compulsory quarantine for all employees and persons living in the same household for 14 days after returning from abroad, in this case, the obligation to contact the doctor by telephone and then to notify the employer;
- obligation to wash hands or use an alcohol-based hand disinfectant especially after handling client documents;
- prohibition of clients entering the office premises outside of the premises reserved for the public (mail room, client center);
- recommendation to use telephone, electronic and written communications preferably, except in justified cases;
- to conduct personal meetings at the offices only in exceptional cases, in agreement with the client, in the designated areas;
- consider the use of disposable gloves when handling documents and documents from citizens and, after work, re-wash hands in the prescribed manner;
- to regulate the number of clients in client centers;
- to prohibit the entry of clients with symptoms of respiratory diseases to the workplaces;
- restrict the entry of clients with children to financial administration workplaces;
- keep a minimum distance of two meters between the negotiators during personal meetings if the workplace does not have a protective compartment;
- to shorten client handling in personal contact to a maximum of 15 minutes;
- recommendation to all employees to restrict private journeys to coronavirus-confirmed countries;
- ordering that the place of stay of employees must be known when applying for a leave from work;
- calls for frequent ventilation of the offices and other premises;
- cancelling all educational activities;
- cancelling the participation on foreign business trips with immediate effect and prohibits the reception of foreign delegations;
- in the case of care for a child under the age of 10, because the childcare institution or school has been closed pursuant to the regulations of the competent authorities, absence of employees will be justified.
