Border crossing conditions at Turkmenistan-Iran border
Turkmenistan - Iran (Islamic republic of)

According to the Road Transport Agency of Turkmenistan, since October 2021 the “Altyn asyr-Ingeburun” border crossing point (Turkmenistan-Iran border) is operational for imports, exports and transit of foreign vehicles through the territory of Turkmenistan. Vehicles, including trucks and semi-trailers can cross without any mandatory swap of tractor. However, crossings must be done in a “non-contact mode”, meaning that foreign drivers should stay at the neutral zone, passing trucks and semi-trailers to Turkmen drivers.

Turkmen vehicles, including trucks and semi-trailers, are allowed to travel to foreign countries through this border crossing point following the same procedure.
