The head of the UN World Health Organization (WHO) has declared “with great hope” an end to COVID-19 as a public health emergency, stressing that it does not mean the disease is no longer a global threat.

The following map illustrates the countries for which the Observatory includes some information.

Last update: 18 July 2023

The designations employed and the presentation of material on this map do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.
