Restrictions

On 22 March 2020, the Greek Prime Minister announced that Greece will impose a national lockdown as of 23 March 2020, 06:00.

Passenger Transport:

- The movement of Greek citizens is heavily restricted within Greek territory. Special written permission is required under certain circumstances. For people going to/from their place of work, an attestation form from their employer is required (attached in Greek only).

- Foreign citizens are not allowed to enter Greece.

- Greek citizens returning to Greece from abroad must self-isolate at home for 14 days.

- Most international flights to/from Greek airports have been temporarily cancelled.

Goods Transport:

- Goods transport is exempt from all restrictive measures.

- All borders are open for international transport operations.

- Truck drivers are exempt from self-isolation.

- In some cases a Locator Form may be required by port authorities when entering Greece. Truck drivers will be given the form and asked to complete and sign it. The form requires personal and family contact details (attached in English).

- Currently, it remains unclear whether foreign transport operators/drivers will be required to have an attestation form from their employer (as in point 1 of Passenger Transport above). OFAE has requested further clarification from the Greek authorities on this point.
