17 March

All the freight transport, international and domestic ones, by road, railway, sea and air, are all allowed to operate.

All the ferry lines with Italy and Greece for passenger transport are suspended until an undefined date.

All the airlines with Italy and UK are interrupted for an undefined period of time. The other airlines are still operating in Tirana International Airport, depending on the restriction measures of the destination airports.

Remarks from the International Road Union

From 23.59 of 22/3, the following applies:

- Tirana airport suspends all flights to and from Germany, Switzerland, Austria and Hungary. Very limited connection to Istanbul is maintained.
- Movement of people outside their home/household is strictly limited from 05.00h - 13.00h. People can leave their home only for professional interests and for buying goods or medical supplies. From 13.00h until 05.00h of the next day, only authorised personnel can leave their home.
- International and domestic passenger transport is forbidden.
- Transport of goods and medical supplies is exempted from the provision, prior to authorisation.
