Remarks from the International Road Transport Union

30.04.2020

On 28 April 2020, the Russian President announced the extension of measures to ensure the sanitary and epidemiological safety of the population in connection with the spread of the coronavirus infection, and extended the 'non-working' period until 11 May.

The movement of any person or transport in the city of Moscow or the surrounding region must obtain a special digital permit. Exemption is granted to international freight transport in the Moscow surrounding region at any time of day, and in the city of Moscow during the night (22:00-06:00). Entry into the city of Moscow during daytime hours (06:00-22:00) will only be permitted for those in the possession of a special HGV permit (regulated by Moscow Government Order of 22 August 2011 No.379-).

In its continued effort to prevent the spread of the coronavirus (COVID-19) across the territory of the Russian Federation, the Russian Government has issued the Decree of 27 March 2020 No. 763 which temporarily restricts any movements through road, rail, pedestrian, rivers and combined border-crossing points, including the overland section at the Russia-Belarus border. This decision is effective from 30 March 2020.

The above restrictions do not apply to truck drivers engaged in international road transport of goods (paragraph 2). This provision is valid for citizens of the Russian Federation and for foreign truck drivers (paragraph 2 clause 2 of the Government Decree of March 16, 2020 No. 635 followed by amendments introduced by Government Decree of March 25, 2020 No. 730).

At a meeting of the State Commission on the sustainability and development of the Russian economy, it was decided to temporarily allow the use of on-board units making payments to the Platon Electronic Toll Collection (ETC) for paying toll charges over the next 90 calendar days from the date of expiration of their service (verification) with the possibility to extend this period.

On 25 March, the Russian President addressed the nation and officially declared next week (28 March - 5 April) non-business week for all across Russia. Passenger transport and international road transport are exempted from the provision.

Transit

According to the Directive of the Chief State Sanitary Doctor of the Russian Federation No.7 of 18 March 2020, all persons arriving from abroad at the territory of the Russian Federation must be quarantined for 14 days.

On 23 March 2020, further clarification from the Chief State Sanitary Doctor of the Russian Federation followed, which provided a clear exception for drivers engaged in international goods transport.

It is, however, obligatory for drivers to use/wear individual protective equipment and follow personal hygiene rules.
From 20 March onwards, for a period of one month, the Russian Government has cancelled all restrictions (including customs) on the supply of basic consumer goods and a “green corridor” has been established for importers and large retail chains. A zero rate of customs duties has been levied on the import of a number of goods, including medicines and medical products.

**Weight control**

The Federal Transportation Inspection Service of the Russian Federation (Rostransnadzor) has announced that from 21 March to 25 April 2020, the weight control of vehicles transporting basic food (foodstuffs, baby goods, medicines), and non-food consumer goods (platform-type trailers and semi-trailers with tented sides), has been suspended.

This measure follows the Russian Government Plan of priority measures (actions) to ensure sustainable economic development in relation to the deteriorating situation caused by the spread of the coronavirus (Covid-19) infection.

**Restrictions on crew members**

Currently there’s no specific restriction imposed on crews engaged in international transport operations in Russia.

**Restrictions**

The Russian federation is temporarily restricting the entry of foreign citizens and stateless persons, from 18 March 00:00 to 1 May 00:00 (Governmental Decree No. 635- of 16 March 2020).

The entry restrictions will not apply to the following:

- vehicle drivers on international roads;

- crew members of aircrafts, ships/boats and international railway trains;

- members of official delegations;

- persons with diplomatic, service or ordinary private visas that were issued in connection with the death of a close relative;

- persons either permanently living in the Russian Federation or travelling through air border crossing points.

The current decree establishes a unified approach towards the border crossing of Russia and substitutes other legal acts adopted earlier in this regard.

**Relieves**

The Prime Minister of the Russian Federation, Mikhail Mishustin, has announced that with effect from 20 March, 2020, all restrictions (including customs restrictions) on the supply of essential goods will be lifted for one month.

Mr Mishustin said, “We are introducing a “green corridor” for importers and large retail chains. A zero customs duty rate is set for the import of a number of goods, including medicines and medical devices”.
