As regards publications and guidance material associated with the COVID-19 state of emergency, a section has been created on the website of the Italian Customs and Monopolies Agency (www.adm.gov.it) called EMERGENZA COVID 19 where you may find:

- The guidelines issued by the Director General as to the four core business areas (Customs, energy and alcohol, tobaccos and games) for trade associations and the relevant stakeholders.
- Communiqués drafted by the central technical customs directorates in the above specified core business areas; and
- All information regarding the opening times of the customs offices linked to the current state of emergency.

Remarks from the International Road Transport Union

12.05.2020

Following questions raised by IRU members regarding the self-declaration’s compliance with GDPR, it is suggested to add the following sentence at the end of the self-declarations that are sent to the local health authority: “It is recommended, and required, that the management of transmitted personal data is performed in compliance with Regulation 2016/679/EU – GDPR”. Online notifications sent with a model are covered by GDPR terms; details can be found in the document attached.

On 26 April, the Italian Prime Minister announced the “Phase 2” rules, applicable from 4-17 May, by way of DPCM 26 April 2020. Many of the rules currently in force will be maintained.

Concerning road transport and logistics, relevant information is the following:

- Art. 2.7: Companies whose activity must be suspended following modifications to ATECO codes listed in Annex 3 must complete the shipment of goods in stock by 30 April.
- Art. 2.9: Companies whose activity can restart following modifications to ATECO codes listed in Annex 3 can undertake reopening preparations from 27 April.
- Art. 3.2: The obligation for passengers to wear a face mask while being in publicly accessible indoor areas and on public transport does not apply to children under 6 years of age nor to people with disabilities which are not compatible with wearing a mask.
- Art. 4.2: Before boarding, transport companies must check traveller's body temperature and transport documents. Boarding is refused in cases of fever or incomplete documentation. Transport companies must guarantee a minimum of 1m separation between travellers. Transport companies must supply travellers with appropriate personal protection equipment (masks, gloves) in case they don't have them.
- Art. 5: Rules and procedures for people entering or transiting through Italy for work – the current rules continue to apply.
- Annex 6, point 3 of the Protocol for Covid-19 containment: guidelines for the access of third party suppliers to companies’ premises:
  - Companies must identify entry, transit and exit procedures for their suppliers. Those procedures must consider itineraries and timings, with the aim of reducing contact between suppliers and company personnel.
  - If possible, drivers must stay on board the vehicle. Drivers cannot access the company offices. Concerning loading and unloading activities, the minimum 1m distance must be observed.
  - The company must designate or install toilet facilities for third party drivers/suppliers, separated from those used by its employees. Daily cleaning must be ensured.
  - In cases where the company carries out own account transport, workers’ security must be ensured at all times.

On 7 April, the Ministry of the Interior provided further instructions for personnel employed by companies, not based in Italy, carrying out international freight transport operations to or through Italy. Instructions concern the application of Decree 145/2020. People (including travelling staff of foreign companies) entering Italy with their own vehicle or with a private transport vehicle for proven work, needs to have to comply with the following:

- The transit on the Italian territory must not exceed 72 hours. The period could be extended for further 48 hours in case of specific and justified needs.

- Upon entrance to Italy, drivers must notify the entry to the prevention department ("Dipartimento di Prevenzione") of the local health authority (ASL) and submit the duly filled in self declaration that can be downloaded here.

- Also, drivers transiting through Italy must comply with the notification requirements. The permitted stay in the country cannot exceed 24 hours, which could be extended for a further 12 hours in case of specific and justified needs.

A department of the Ministry is currently identifying the contact points for every border crossing point. The list will be updated as soon as changes will be made available and can be consulted here. IRU and local member associations advise drivers to notify local health authorities as soon as possible, and to carry the original of the self-declaration on board.

Last night, the Prime Ministerial Decree dated 22 March 2020 was issued concerning “Further implementing provisions of the decree - 23 February 2020, no. 6, containing urgent measures regarding the containment and management of the epidemiological emergency from COVID-19”. This decree applies to the entire national territory, and also applies to regions with special statutes, and to the autonomous provinces of Trento and Bolzano.

Particular attention is drawn to the below:

- **Art. 1.1b**: People cannot use public or private means of transport to reach a different municipality from the one they are currently in, with the exception of work or health reasons or in cases of extreme urgency.

- **Art. 1.4**: Non-essential companies have until 25 March to prepare for suspension; this includes the shipment of goods in stock.

This decree takes effect from 23 March 2020 and is effective until 3 April 2020. In addition, the Prime Ministerial Decree of 11 March 2020 and the ordinance of the Minister of Health of 20 March 2020, both effective from 25 March 2020, are both extended to 3 April 2020.
All non-essential industrial and commercial production activities are suspended, with the exception of those mentioned in Annex 1 of the text. The decree’s (pdf file here—IT – official translation not available) general rules, in Annex 1, specify the production activities and services that can continue with their activity (ATECO Codes - https://www.istat.it/it/archivio/17888).

It is recommended that road freight transport and logistics companies check with their customers/clients based in Italy to verify whether their activity is among those included in Annex 1 and can therefore continue working.

Some of the activities included in Annex 1:
- Production of wood packaging material
- Waste collection, treatment and disposal; recovery of materials
- Vehicle maintenance and repair
- Trade in vehicles’ parts and accessories
- Wholesale trade of transport equipment
- Wholesale trade of petroleum products, lubricants and heating fuel
- Land transport and pipeline transport
- Maritime and waterway transport
- Air transport
- Storage and transport support activities
- Postal and courier services
- Packaging (own account and third parties)
