A temporary ban has been introduced for the entry into the territory of the Republic of Bulgaria of all persons, regardless of their nationality, through all border crossings, by air, sea, railway and road transport.

The ban does not apply to:
- Bulgarian citizens and persons with permanent status or long-term residence in Bulgaria, and members of their families;
- Nationals as well as persons holding a residence permit of Member States of the European Union (EU), the United Kingdom, Schengen Parties (including the Republic of San Marino, the Principality of Andorra, the Principality of Monaco and the Vatican City State) and members of their families;
- Citizens of Australia, Canada, Georgia, Japan, New Zealand, Rwanda, South Korea, Thailand, Tunisia, Uruguay, the United Arab Emirates, Ukraine, North Macedonia, Serbia, Bosnia and Herzegovina, Albania, Montenegro, Moldova, Israel, Kuwait, Belarus and Turkey.

Is entry based on nationality, residency or location of departure?
The main driver is nationality/residency, which sets if a traveller is authorised to enter the country. Additionally, only for authorised travellers, the location of departure defines if a PCR test is required or not. For the purposes of this order, the country from which a traveller arrives is considered to be the country of departure, irrespective of his stay or transit through other countries during his journey.

All persons authorised to enter the country, and arriving from a starting point in one of the above-mentioned countries, shall be admitted in Bulgaria without the need to provide a certificate showing a negative PCR result for COVID-19.

All persons who are allowed entry into the country, and who arrive from a starting point in a third country outside the above mentioned list, shall be admitted in Bulgaria only after providing a document showing a negative PCR result for COVID-19 conducted within 72 hours before entering the country. This certificate shall contain the name of the person according to the identity document with which he is travelling, information on the laboratory carrying out the test (name, address or other contact details), date on which the examination was carried out, written in the Latin method and allowing interpretation of the document.

The Bulgarian citizens, as well as long-term and permanent residents in Bulgaria and the members of their families who come from countries for which a negative PCR test is required, and who do not present such a test, are subject to 14 days of quarantine.

Other exceptions are also identified. Full details may be found in the Order No RD-01-459 of 31.08.2020 of the Minister of Health.

02.06.20

On 30 May, the Bulgarian government put in place some more deconfinement measures:

- The range of categories allowed to enter and/or transit through the Bulgarian territory has been expanded;
- The range of categories not subject to mandatory quarantine has been expanded; quarantine for Bulgarian coach and truck drivers coming from abroad has been lifted (non-Bulgarian drivers were permitted to enter the country without quarantine before that);
- The special regime for non-Bulgarian drivers, including the 24 hours deadline for leaving the territory of the Republic of Bulgaria, has been lifted.

Individuals entering Bulgaria who are not subject to quarantine provisions are still required to present a declaration to the border authorities.

Full details can be read here.

07.05.2020

On 7 May, the Bulgarian government put into force the following deconfinement measures:

The following special check-points, initially established at all entries and exits of the town of Bansko and of all regional centres, have been lifted: Blagoevgrad, Burgas, Varna, Veliko Tarnovo, Vidin, Vratsa, Gabrovo, Dobrich, Kardzhali, Kyustendil, Lovech, Montana, Pazardzhik, Pernik, Pleven, Plovdiv, Razgrad, Ruse, Silistra, Sliven, Smolyan, Sofia, Stara Zagora, Targovishte, Haskovo, Shumen, Yambol.

People and drivers can freely enter and exit these cities with no delays.

The use of a facial mask is already mandatory in closed public spaces. Nevertheless, people and drivers who are in open public places are required to comply with the requirement of social distancing and all anti-epidemic measures, and wear a protective mask in case there is a need to be in contact with others.

The border health authorities stopped issuing instruction notes to non-Bulgarian drivers entering Bulgaria; this will reduce waiting times at border crossing points.

The regime for non-Bulgarian drivers coming from a country with registered COVID-19 cases, is currently as follows:

- Drivers of goods vehicles transporting goods destined for the Bulgarian market should enter the territory of the Republic of Bulgaria, unload the goods transported (and load goods for the return trip, if need be), and immediately leave the territory of the Republic of Bulgaria.

- Transit through the Republic of Bulgaria is only permitted on routes determined by the Road Infrastructure Agency.

The deadline for leaving the territory of the Republic of Bulgaria cannot exceed 24 hours from entry into the country.

Measures apply immediately and until further notice.
