Entry Restrictions

A COVID-19 green list is reviewed on a fortnightly basis.

Travel to a very limited set of locations (COVID-19 green list) is exempted from the general advice against non-essential travel overseas. Individuals arriving into Ireland from these locations will not be requested to restrict their movements upon entry.

Passengers from any other location not on this list are asked to restrict their movements for 14 days. The general advice against non-essential travel includes Great Britain but does not apply to Northern Ireland.

Travelling to Ireland from a location that is on the COVID-19 green list
Travelling to Ireland from a location that is NOT on the COVID-19 green list

Travelling from (or returning to) Ireland

Travel advice by country from the Department of Foreign Affairs and Trade.

Rules and Exceptions
The Irish Authorities advise anyone coming into Ireland, apart from Northern Ireland and from locations with a security rating of "normal precautions" (green), to restrict their movements for 14 days. This includes citizens and residents returning to Ireland. Restricting your movements means staying indoors in one location and avoiding contact with other people and social situations as much as possible.

Before starting your journey, please check visa requirements at www.inis.gov.ie.

Remarks from the International Road Transport Union
22.04.2020

On 20 April, the Minister for Transport, Tourism and Sport announced details of the legislative steps he has taken in support of the necessary closure of a range of Road Safety Authority services as result of the ongoing Covid-19 situation.

Under the new measures, the following have come into effect in relation to vehicle testing:

- NCT vehicles with a test that was or will be due on or after 28 March 2020 have that test date extended by 4 months
- Commercial Vehicle Roadworthiness Tests (CVRT) – vehicles with a test that was or will be due on or after 28 March have that test date extended by 3 months

The Minister has also taken the following steps in relation to driver licensing:

- Driving licences due to expire between 1 March 2020 and 30 June 2020 inclusive have had their date of expiry extended by 4 months
- Learner permits due to expire between 1 March 2020 and 30 June 2020 inclusive have had their date of expiry extended by 4 months
- Driver Theory Test certificates due to expire between 1 March 2020 and 30 June 2020 inclusive have had that date extended by 4 months
- Certificates of Competency – issued when people pass a driving test and required when applying for a first full driving licence - due to expire between 1 March 2020 and 30 June 2020 inclusive have had that date extended by 4 months
- Initial Basic Training certificates for motorcycle learners due to expire between 1 March 2020 and 30 June 2020 inclusive have had that date extended by 4 months

In addition, and in line with the arrangements previously in place for NCT certificates in relation to private cars, it will no longer be necessary to have a current Certificate of Roadworthiness (CRW) in order to tax a commercial vehicle. Companies should be able to renew the motor tax for a commercial vehicle from 21 April without need of a CRW.

16.04.2020

On 15 April, the Irish department of transport agreed to relax rules on driving and rest times for a further 6 weeks. Exemptions will apply from 17 April to 31 May for all haulage activity within the republic of Ireland and are as follows:

- Art. 6.3: the fortnightly driving limit is increased from 90 to 112 hours.
- Art. 8.4: the maximum of three reduced daily rest periods between any two weekly rest periods is increased from three to five; if a driver reaches the maximum of five in the first five days following the end of the previous weekly rest period, and then continues to drive on the sixth consecutive day, his daily log must not exceed thirteen hours for day six.
Support measures for strategic maritime connections to Ireland

The Irish Government has announced the designation, on a temporary basis only, of five strategic maritime routes into and out of Ireland as Public Service Obligation (PSO) routes during COVID-19 for a period of up to three months. These are Dublin/Cherbourg and Rosslare/Fishguard, Pembroke, Cherbourg and Bilbao, with the emergency provision of a maximum contribution of €15 million towards the costs involved in the continued operation of passenger ferry services on these routes in that period. The operators currently providing these services are Irish Ferries, Stena Line and Brittany Ferries.

Quarantine of 14 days for travellers coming to Ireland (16.03.2020)

Anyone coming into Ireland, apart from Northern Ireland, will be required to restrict their movements on arrival for 14 days. This includes Irish residents. Essential supply chain services such as hauliers, pilots and maritime staff are exempt.

Start date: 16.03.2020
End date: not available

Temporary and limited relaxation of the enforcement of driving and rest times for the drivers of vehicles engaged in goods transport

Ireland has notified a temporary and limited relaxation of the enforcement of driving and rest times for the drivers of vehicles engaged in goods transport. This relaxation is granted pursuant to Article 14(2) of Regulation (EC) No 561/2006. It applies to drivers involved in domestic and international transport.

Start date: 18.03.2020
End date: 16.04.2020

driving-rule-coronavirus.pdf

Restrictions

The Irish Government have issued special advice about travelling, including restricting movements for 14 days on those entering Ireland who have been to affected areas. Freight transport is exempted. The government published a guidance note for supply chain workers. This document contains about one and half pages of useful guidelines for drivers.

To reduce the risk of infection, the ferry company Seatruck Ferries has temporarily stopped shipping any HGV drivers or any other passengers in their Irish Sea vessels. Accompanied road transport (complete truck combinations with driver) is then stopped until further notice, but the company will continue to carry unaccompanied semi-trailers, containers and swap bodies.

Relieves

In response to the extraordinary crisis due to the coronavirus pandemic (COVID-19), Ireland has agreed to a temporary and limited relaxation of the enforcement of driving and rest times rules for the drivers of vehicles engaged in domestic and international goods transport. This relaxation is granted pursuant to Article 14(2) of Regulation (EC) No 561/2006 and applies from 18 March 2020 and will run until 16 April 2020, provided that road safety is not affected when transport companies make use of these exemptions. Employers remain responsible for the health and safety of their employees and other road users. For the above mentioned category of drivers, the following provisions will be temporarily relaxed as follows:

- Derogation to Art. 6(3): the fortnightly driving limit is lifted from 90 hours to 112 hours.
- Derogation to the Art. 8(6): in any two consecutive weeks a driver shall take at least two reduced weekly rest periods whilst maintaining the rule that a weekly rest period shall start no later than at the end of the six 24-hour periods from the end of the previous weekly rest period. There shall be no requirement for compensation or for a regular weekly rest period to be taken.
