28.04.2020

According to the information received from the International Affairs Division, Ministry of Transport of Thailand on 27 April, while border closure bans the movement of people travelling through land border, the movement of goods is possible although subjected to public health measure set out by Center for COVID-19 Situation Administration (CCSA). In addition, COVID-19 related measures vary across different provinces/borders. For example, in Mukdahan province where one of the Thailand-Laos border is located, only freight trucks are allowed to pass through the border. Furthermore, only 2 persons are allowed in a truck. They are also subjected to health screening (e.g. body temperature measurement) from the disease control staff.

Following are major border crossing points and their operational hours: The First Thai–Lao Friendship Bridge (Nongkhai-Vientiane) (Everyday during 06:00-22:00); The Second Thai-Lao Friendship Bridge (Mukdahan-Savannakhet) (Everyday during 06:00-22:00); The Third Thai-Lao Friendship Bridge (Nakhon Phanom-Khammouane) (Everyday during 06:00-22:00); The Fourth Thai-Lao Friendship Bridge (Everyday during 06:00-22:00); The Second Friendship Bridge Crossing Moei/Thaungyin River (Everyday during 06:30-18:30); The Friendship Bridge Thai-Malaysia (Buketa) (Everyday during 05:00-18:00)

1. Measures aiming to Facilitate the Cross-border Movement of Relief and Essential Supplies

Facilitation of Air Cargo Shipment for the importation of medical equipment with a purpose for public donation.

Expediting and prioritizing shipment of medical supplies and materials related

to COVID-19 pandemic and launching of a guideline on Customs procedures

for shipment donated to public hospitals/organizations.

Fast-track of ad-hoc applications for imported permission of surgical and dust

masks at the ports of entry; for personal utilisation. Thai FDA temporarily

allows an importation as personal belongings of 180 pieces /person within sixmonth period.

Ad-hoc special "Green lanes" for importation of medical supplies and

materials related to COVID-19 pandemic.

2. Measures aiming at Supporting the Economy and Sustaining Supply Chain Continuity

Import duty exemption for surgical masks, dusk masks and the raw materials

used in the production of mask.

Extension of the time-limit for Customs procedures; (1) Re-export of temporarily imported items and (2) Extension of storage period in Bonded Warehouses, Free Zones and Free Trade Zones.

3. Measures aiming at Protecting Customs administrations' Staff

Work-From-Home policy

Collaboration with other public health agencies for cleaning working premises and Customs houses.

Distribution of protective masks and sanitizing materials to all Customs personnel.

4. Measures aiming at Protecting Society

Temporary export ban on surgical and dust masks.

Exemption only given for passengers' belongings (30 pieces/pax/flight without medical description, 50 pieces/pax/flight with medical prescription).

Temporary export ban on bird eggs of fowls of the species Gallus Domesticus (HS 0407.21.00; 0407.29.90)

Intensified Customs control of masks and Protective Personal Equipment, especially to fight against counterfeit and unauthorized medical supplies and materials related to COVID-19

5. Other Measures.

Exemption of VAT in case of importation of medical supplies and materials related to COVID-19, given to public hospitals/organizations.
