COVID-19 Update: end of the PLF submission in Romania

An Emergency Ordinance was published on the abrogation of the implementation of the digital entry form in Romania. **As of 12 March 2022, the Passenger Locator Form (PLF) is not required anymore before arrival in Romania.**

Source: UNTRR

10.03.2022

COVID-19 Update: end of extension of state of alert in Romania but PLF remains in force

From 9 March 2022, 00:00, the Romanian Government lifted all COVID restrictions, including the obligation to wear protective masks both indoors and outside, the requirement to show a digital COVID-19 certificate or a negative test result upon arrival in the country.

However, the provisions regarding the Passenger Locator Form (PLF) remain in force. The PLF should be completed no more than 72 hours before entering the country.

Also, **the following crossing points are open now: Carei - at the Romanian-Hungarian border, and LipniHa, Dobromir - at the Romanian-Bulgarian border.**

In addition, the documents (ex.: identity card, driving license) whose validity has been extended during the state of alert, will expire after 90 days from the termination of the state of alert.

The Decision of 31 January 2022 on the quarantine measure and its abrogation of 8 March are available for download when opening the Flash Info publication (in Romanian).

COVID-19 Update: drivers only need to fill in the Passenger Locator Form once

The Ordinance on the implementation of the digital passenger locator form (PLF) in Romania has been modified.

From 9 February 2022, the obligation to fill the PLF before entering the Romanian territory can be performed no later than 72 hours before crossing the border (24h previously).

In addition, the following categories **only have to complete the form once before entering the territory of Romania** b and no more every time when crossing the border b **by checking the option bexempt personnel on the form**:
- **drivers of vehicles with a maximum permitted weight of more than 2.4 tonnes performing transport of goods, as well as drivers of vehicles with more than 9 seats, including the driver's seat, performing transport of passengers**.
- persons who cross the state border at least once in 24 hours in order to travel to work.

The modified Ordinance is available in attachment (in Romanian).

What are the rules to enter this country from an EU Member State or Schengen Associated country?

Document checklist:

Travellers must provide all the following documents:

1. Fill in a Passenger Locator Form, in the 72 hours before entering Romania.
2. Provide a valid 'EU Digital COVID Certificate' (EUDCC) or equivalent documents. Details in the sections below.

Children younger than 12 are exempt from quarantine and testing requirements.

Covid-19 Update - drivers performing transport of goods coming from non-UE or EFTA countries are now exempt to quarantine and test

The National Committee for Emergency Situations in Romania published an additional order (in attachment in Romanian), amending the measures applying to professional drivers entering Romania from non-UE or EFTA countries:
- Drivers of vehicles with a maximum authorized capacity exceeding 2.4 tonnes, who are performing **transport of goods are now are exempt to quarantine and from the obligation to present a negative result of a RT-PCR test** for SARS- CoV-2 infection.

- drivers with more than 9 seats (including the driver's seat), who are performing **passenger transport are exempt to quarantine if they have been vaccinated, prove the confirmation for SARS-CoV-2 infection in the last 180 days before entering Romania, or can present a negative RT-PCR test performed no later than 48 hours** before entering the country. Note that only complete schemes of vaccination (10 days minimum) are accepted. B The driver exemption only applies when travelling for professional purposes.

The measures applying to drivers of goods vehicles, as well as those who provide passenger transport, who are not vaccinated or recovered, arriving from Member States of the European Union, the European Economic Area or the Swiss Confederation remain the same:
- Drivers coming from the green or yellow zones are exempted to quarantine or to present a negative result of a RT-PCR test for SARS- CoV-2 infection. The driver exemption only applies when travelling for professional purposes.
- Drivers coming from the red zone are exempted to quarantine if they present a negative result of a RT-PCR test for SARS- CoV-2 infection performed no later than 72 hours before entering the country. The driver exemption only applies when travelling for professional purposes.

24.12.2021

COVID-19 Update - Romania drivers performing transport of goods are exempt to quarantine and RT-PCR test, regardless of country and zone they are coming

Entry rules and quarantine

- People who have been in direct contact with a confirmed positive case must quarantine for 5 days, including if they hold proof of vaccination or a negative test result. People who have recovered from COVID-19 in the last 90 days are exempt.
- People who test positive to COVID-19 must quarantine for 5 days (if they are vaccinated or have recovered from COVID-19 in the last 90 days) or for 7 days (if they are not vaccinated or have recovered from COVID-19 longer than 90 days ago.

Entering this country with the EU Digital COVID certificate

Travellers can enter Romania without further restrictions if their 'EU Digital COVID Certificate' (EUDCC) contains one of the following:

- Proof of full vaccination.
  Validity:
  - for 9 months after the primary vaccination series was completed, or
  - after the booster dose was administered, or
  - for 180 days (6 months) for people who completed the primary vaccination series and then recovered from COVID-19.
- Proof of recovery from COVID-19. Validity: 6 months
- Negative result to a molecular (PCR) test. Validity: 72 hours

Entering this country without the EU Digital COVID certificate or with a certificate not compliant with national requirements

Travellers who hold documents equivalent to the 'EU Digital COVID Certificate' (EUDCC) that meet the requirements listed above for the EUDCC can enter Romania at the same conditions. Equivalent certificates must be provided in the language of the issuing country and in English.

Travellers who do not provide the documents required must **quarantine for 5 days**.

Exemptions from the quarantine obligation (details and further categories available on the National Platform for Emergency Preparedness):

The National Committee for Emergency Situations in Romania published Order no 116/2021, amending the measures applied to professional drivers, regardless of country and zone they are coming:
- drivers of vehicles with a maximum authorized capacity exceeding 2.4 tonnes who are performing transport of goods are exempted to quarantine and from the obligation to present a negative result of a RT-PCR test for SARS- CoV-2 infection.B
- drivers with more than 9 seats, including the driver's seat, who are performing passenger transport are exempted to quarantine if they have been vaccinated with the full scheme and for which 10 days have elapsed since their completion, or prove the confirmation for SARS-CoV-2 infection in the last 180 days before entering Romania, or present a negative result of a RT-PCR test for SARS-CoV-2 infection performed no later than 48 hours before entering the country. The driver exemption only applies when travelling for professional purposes.B

COVID-19 update: new rules in Romania

Based on the Government Decision no 1090/2021, entering into force on 25 October 2021, new measures are introduced in Romania to prevent and combat the effects of the COVID-19 pandemic.

Note that **economic operators providing passenger and goods transport activities can operate in "normal working regime", in compliance with the sanitary protection measures** (use face mask, disinfection of working place, etc.).

Most important measures that applies according to Government Decision:

1. The Government Decision no 1090/2021 introduces restrictions on movement at night during the next 30 days. From 22:00 to 05: 00, people are obliged to stay in their places of residence. **The measure does not apply to drivers performing national and international transport of goods and passengers.** Persons vaccinated against SARS-CoV-2 virus (valid 10 day after completion of vaccination scheme), and persons who recovered from COVID-19 (between 15 and 180 days after confirmation of infection) are exempted of this measure providing proof of vaccination or infection. Persons who are not exempted and that should leave their place of residence during this time must complete a self-declaration (in Romanian).

1. Fill in a Passenger Locator Form in the 72 hours before entering Romania.

2. A valid 'EU Digital COVID Certificate' (EUDCC), or an equivalent document (in English and in the language of the issuing country) certifying one of the following:

   Proof of full vaccination. Validity:
   - for 9 months after the primary vaccination series was completed, or
   - after the booster dose was administered, or
   - for 180 days (6 months) for people who completed the primary vaccination series and then recovered from COVID-19.

   or

   Proof of recovery from COVID-19 (valid for 6 months)

   or

   Negative result to a pre-departure molecular (PCR) test, valid 72 hours.

Exemptions from the quarantine obligation (details and further categories available on the National Platform for Emergency Preparedness):

- Children younger than 12; children aged between 12 and 16 who provide a negative molecular (PCR) test, valid 72 hours, regardless of their country of departure.
- Romanian students (also if they reside outside Romania) and their guardians (for minor students) who have recovered from COVID-19 during the last 6 months and hold a negative molecular (PCR) test result performed within 72 hours.
- People who do not hold proof of vaccination or recovery from COVID-19 if they provide a negative molecular test result (valid 48 hours) and stay in Romania for maximum 3 days.
- Travellers in transit (maximum 24 hours)
- Cross-border workers entering from Serbia, Ukraine and the Republic of Moldova.

COVID-19 update: Updated classification of countries /territories in Romania

The National Committee for Emergency Situations in Romania updated yesterday, 21 October 2021, the list of countries/territories according to the cumulative incidence rate of COVID-19.
Since last week, the following changes have been introduced: Belgium, Austria, Greece, and Belarus are now in the red zone.

The updated list that will enter in force on 24 October 2021 (00h00) is available in the attachment (in Romanian).
The other measures published on Flash Info on 1st October 2021 remain the same.

Persons in transit are not subject to quarantine requirements if they leave Romania within 24 hours.

General measures

Information is available on the National Platform for emergency preparedness and on gov.ro/ro/masuri.

The '**EU Digital COVID Certificate**' (EUDCC) or an equivalent certificate is **necessary** to access many places and events, listed below. It must contain proof of **full vaccination** (valid 10 days after the vaccination cycle has been completed), of **recovery** from COVID-19 (between 15 and 180 days after being infected), or a negative result to a molecular **test** (valid 72 hours) or rapid antigen test (valid 48 hours). The EUDCC is required to enter:

- All shops, except grocery stores, pharmacies and gas stations.
- Cafes and restaurants, including terraces, and other catering establishments.
- Premises of central and local public institutions (except for employees). Public administrations can deliver services to those who do not hold an EUDCC outside their premises and must take the necessary measures to ensure urgent procedures.
- Touristic accommodations.
- All events and organized activities, including courses, sports activities and competitions and cultural, artistic and entertainment events.

Exemptions:

- The EUDCC is not required to access to grocery stores up to 200 square metres, pharmacies and gas stations.
- **Children younger than 12** are not required to hold an EUDCC or a negative test result, but they must be accompanied by an adult who holds an EUDCC with valid proof of vaccination or of recovery from COVID-19.

Citizens of countries that do not issue the EUDCC should provide equivalent certificates, in English and in the language of the issuing country.

Use of facemasks

The use of **FFP2 or surgical facemasks** is mandatory in **all indoor and outdoor public spaces**, including in the streets, on public transport and at the workplace. Facemasks made of other materials (textiles, plastic etc.) are prohibited.

Exemptions:

COVID-19 update: Updated classification of countries /territories in Romania

The National Committee for Emergency Situations in Romania updated yesterday, 14 October 2021, the list of countries/territories according to the cumulative incidence rate of COVID-19.
Since last week, the following changes have been introduced:

- Ukraine is now in the red zone

- Albania is now in the yellow zone (previously on the red one), so as the Netherlands (coming from the green zone)

- Switzerland, Jordan, Andorra and Kazakhstan are entering the green zone

The updated list that will enter in force on 17 October 2021 (00h00) is available in the attachment (in Romanian).
The other measures published on Flash Info on 1st October 2021 remain the same.

Source: UNTRR

- children younger than 5
- people working alone in the office
- Provided that a 3m distance is respected: TV presenters and their guests, religious representatives during services, speakers in enclosed or open spaces.
- people performing intense physical and sports activities and / or in physically demanding working conditions.

Indoor and outdoor meetings, public or private gatherings and events

Private events (weddings, baptisms, birthdays, festive meals, etc.) are **not allowed**.

Courses, trainings, workshop and conferences can take place betweem 5.00 and 22.00, at 50% capacity (maximum 150 participants) or 30% capacity (maximum 100 participants) depending on the local incidence rate. At least 4 square metres per participant are ensured, and everyone must wear a facemask. Only holders of a valid EUDCC can access.

Rallies and demonstrations can take place under strict regulations:

- Only holders of a valid EUDCC can participate.
- Maximum 100 participants.
- All participants must wear a facemask.

Safety measures for public transportation

In all forms of public transport (as well as in taxis), **facemasks are mandatory**. Also, social distance should be maintained as much as possible, as well as ventilation and disinfection. In some cases, temperature checks are conducted.

Places of worship

Open with limitations

Religious activities and services can be carried out inside and outside places of worship. At least 2 square metres per participant must be ensured.

Quarantine

08.10.2021

COVID-19 update: Updated classification of countries /territories in Romania

On 7 October 2021, the National Committee for Emergency Situations in Romania updated the list of countries/territories according to the cumulative incidence rate of COVID-19. The following changes have been introduced:

- Slovakia is now in the red zone

- Bosnia and Herzegovina, North Macedonia, and Belarus are now in the yellow zone (previously on the red one), so as Andorra and Jordan (coming from the green zone)

- Norway, Azerbaijan, and Tunisia are entering the green zone.

The updated list that will enter in force on 10 October 2021 (00h00) is available in the attachment (in Romanian).

The other measures published on Flash Info on 1st October 2021 remain the same.

01.10.2021

COVID-19 update: Updated classification of countries /territories in Romania and amendment of quarantine measures for drivers

On 30 September 2021, the National Committee for Emergency Situations in Romania updated the list of countries/territories according to the cumulative incidence rate of COVID-19. The following changes have been introduced:

- Republic of Moldova, Armenia, Bulgaria, and Belarus are now in the red zone

- Austria, Switzerland, Gibraltar, and Iran are now in the yellow zone (previously on the red one), so as Ukraine (coming from the green zone)

Confirmed COVID-19 cases must isolate for 7 days if they are vaccinated or have recovered from the disease in the last 6 months. Otherwise, quarantine lasts 10 days.

Travellers who enter Romania without the documents required and people who have been in direct contact with an infected person (less than 2 metres for longer than 15 minutes and without a surgical or FFP2 mask) must quarantine according to the following rules:

- Quarantine lasts 5 days for people who are vaccinated or have recovered from COVID-19 in the last 6 months.
- Quarantine lasts 10 days for people who are not vaccinated and have not recovered from COVID-19 in the last 6 months.

No further negative test result is required to end the quarantine.

Testing centres
Quarantine and isolation guidance (in Romanian)

Non-essential (other than medicine and food) shops

Open with limitations

Between **22.00 and 5.00**, **shops are closed** and can only provide home deliveries.

Only holders of a valid EUDCC (or equivalent document) can access shopping malls and grocery stores larger than 200 square metres. However, access in grocery stores inside shopping malls is also allowed to people who do not hold an EUDCC.

Exceptions: pharmacies, petrol stations, home delivery services and road trasport companies can carry out their activities under normal working conditions, in compliance with the health measures.

Tourist accommodations

Open with limitations

Tourism services can provide accommodation only for customers who hold a valid EUDCC (or equivalent certificate).

Catering establishments

Open with limitations

- The Netherlands, Germany, France, San Marino, Liechtenstein, and Kosovo are entering the green zone.

In addition, Decision no. 43 from 01.07.2021 is now amended: drivers of goods vehicles, as well as those providing passenger transport are **also exempted to quarantine if they present a negative result of an RT-PCR test for SARS- CoV-2 performed no later than 72 hours** before entering the country, **when travelling for professional purposes**.

These changes will enter into force **on 03.10.2021** (00h00).
****
Reminder:
1. Persons arriving in Romania from green areas from Member States of the European Union, European Economic Area or Swiss Confederation are not subject to quarantine measure.

1. Persons arriving in Romania from **yellow areas - including drivers of goods vehicles and drivers of passenger transport** - are subject to a 14-day quarantine. The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities.
   Exceptions:
   - persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania.
   - persons who are in possession of a negative RT-PCR test (completed no more than 72 hours before boarding or arriving at the border if travelling independently).
   - persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania.
   - persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country
   - cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova
2. Persons arriving in Romania from **red areas - including drivers of goods vehicles and drivers of passenger transport-** are subject to a 14-day quarantine. The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities.
   Exceptions:
   - persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania.
   - persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania.
   - persons who stay in Romania for less than 3 days (72 hours) and have a negative RT-PCR test for SARS-CoV-2 virus infection, completed no more than 72 hours before boarding or arriving at the border if travelling independently. If the persons do not leave Romania within 3 days (72 hours), they will be quarantined for a period of 14 days, starting with the fourth day following the entry on the Romanian territory.
   - cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova
   - persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country

Restaurants, cafes, and all permanent and temporary catering establishments, including those inside hotels or other accommodtion establishments and terraces:

- Can only host customers who hold a valid EUDCC (or equivalent document).
- Are **open between 5.00 and 22.00**. Only home delivery services are allowed between 22.00 and 5.00.
- Can operate up to 50% or 30% of capacity during opening hours, depending on the local incidence rate.

Cinemas, museums and indoor attractions

Partially

Bars, clubs and discos are closed.

The following establishments and activities can only operate between 5.00 and 22.00, at 50% or 30% capacity depending on the local incidence rate, and only holders of a valid EUDCC (or equivalent document) can access:

- Museums, libraries, bookstores.
- Cinemas, film and audio-visual production studios.
- Shows, concerts, festivals. Depending on the local incidence rate, maximum 1,000 or 500 people can participate. Wearing facemasks and ensuring 4 square metres per person is compulsory.
- Sports events, competitions and activities. Wearing facemasks and ensuring 2 square metres per person is compulsory.
- Gyms and fitness centres; indoor swimming pools. Wearing facemasks and ensuring 2 square metres per person is compulsory in gyms and fitness centres.
- Gaming and gambling establishments.

Personal care services

Open with limitations

Outdoors areas and beaches

Open with limitations

Wearing FFP2 or surgical facemasks is compulsory.

3. **Foreign drivers arriving in Romania from third countries** (other than Member States of the European Union, European Economic Area or Swiss Confederation) **are not exempted from quarantine, regardless of the classification of the zone – green, yellow or red.** (note that these rules do not apply to Romanian drivers, but to any other drivers regardless of his/her nationality).
   The quarantine measure is established for a period of 14 days regardless of the area in which the country of arrival is located.
   Exceptions:
   - persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania.
   - persons who stay in Romania for less than 3 days (72 hours) and have a negative RT-PCR test for SARS-CoV-2 virus infection, completed no more than 72 hours before boarding or arriving at the border if travelling independently. If the persons do not leave Romania within 3 days (72 hours), they will be quarantined for a period of 14 days, starting with the fourth day following the entry on the Romanian territory.
   - persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania.
   - persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country
   - cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova.

   Supporting documents:
   - The proof of vaccination is made by EU Digital COVID Certificate, or the document issued by the health center that administered it in Romania or abroad, and presented in the language of the country where the vaccine was administered, and in English language.
   - The proof of a negative RT-PCR test for SARS-CoV-2 is made by EU Digital COVID Certificate, or by a negative result of an RT-PCR test for SARS-CoV-2 virus infection, performed no more than 72 hours before entering Romania, and issued in the language of the country where the test was performed, and in English language.
   - The proof of positive confirmation for SARS-CoV-2 virus infection is made by EU Digital COVID Certificate, or a positive RT-PCR test at the date of diagnosis by the competent authority from Romania or abroad, and presented in the language of the country where the test was performed, and in English language.

The detailed rule is available in the attachment (in Romanian).

Source: UNTRR

The following establishments are only open between 5.00 and 22.0, and only holders of a valid 'EU Digital COVID Certificate' (or equivalent document) can access:

- Playgrounds for children, at 50% capacity.
- Fairs and flea markets, at 50% or 30% capacity depending on the local incidence rate.

Sport activities, events and competitions can take place indoors and outdoors, at 50% or 30% capacity depending on the local incidence rate, between 5.00 and 22.00. In addition:

- Only holders of a valid EUDCC (or equivalent document) can participate.
- Wearing FFP2 or surgical facemasks and ensuring a 2 square metres distance is compulsory.
- No more than 10 people who do not live together can participate in recreational individual or group sports activities.

13.09.2021

Romania: updated classification of countries/territories entering into force on 12.09.2021

The list entered into force on 12 September 2021 at midnight - 00h00.

Although the provisions of Decision no. 43 from 01.07.2021 did not change since July, the list of countries/territories according to the cumulative incidence rate of COVID-19 updates every week on Thursday evening.

Last week, Germany, Portugal, Croatia and Latvia were added in yellow zone. In yellow zone are also the following European countries: Belgium, Belarus, Bosnia and Herzegovina, Austria, Spain, the Netherlands, Denmark, and Russian Federation.

In red zone are the following European countries: Montenegro, Kosovo, UK, Serbia, North Macedonia, Ireland, Switzerland, Albania, Greece, Estonia, Cyprus, Norway, France, Lithuania, and Bulgaria.

Drivers of goods vehicles and passenger transport, are subject to 14-day quarantine in Romania if they come from a country listed in yellow or red zone.

The information in IRU Flash Info from 16.07.2021 is still in force, only the paragraph regarding Brazil, Nepal, etc. (see in red below) is no more in force.

Foreign drivers arriving in Romania from third countries (other than Member States of the European Union, European Economic Area or Swiss Confederation)**are not excepted from quarantine, regardless of the classification of the zone – green, yellow or red.** (note that these rules do not apply to Romanian drivers, but to any other drivers regardless of his/her nationality).
Persons arriving in Romania from **third countries** (other than Member States of the European Union, European Economic Area or Swiss Confederation), the quarantine measure is established for a period of 14 days regardless of the area in which the country of arrival is located.
Exceptions from quarantine measure:
- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania.
- persons who stay in Romania for less than 3 days (72 hours) and have a negative RT-PCR test for SARS-CoV-2 virus infection, completed no more than 72 hours before boarding or arriving at the border if travelling independently. If the persons do not leave Romania within 3 days (72 hours), they will be quarantined for a period of 14 days, starting with the fourth day following the entry on the Romanian territory.
- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania.
- persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country
- cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova.

Documents of Proof :
The proof of vaccination is made by EU Digital COVID Certificate, or the document issued by the health center that administered it in Romania or abroad, and presented in the language of the country where the vaccine was administered, and in English language.
The proof of a negative RT-PCR test for SARS-CoV-2 is made by EU Digital COVID Certificate, or by a negative result of an RT-PCR test for SARS-CoV-2 virus infection, performed no more than 72

Important: in Romania, the 'EU Digital COVID Certificate' (EUDCC) is **required to access public spaces**, such as bars and restaurants, museums, swimming pools, large events. Please, consult the Measures section fur further details. Travellers are strongly advised to carry relevant certificates at all times.

What are the rules to enter this country from an EU Member State or Schengen Associated country?

Document checklist:

1. All travellers must fill in a Passenger Locator Form, at the latest 24 hours before entering Romania.

2. Further entry requirements are listed in the sections below, and depend on the colour attributed to the country of departure, according to Romania's own national classification of risk areas: green, yellow or red areas.

Children younger than 12 are exempt from quarantine and testing requirements.

Entering this country with the EU Digital COVID certificate

Travellers from **green and yellow countries** (according to Romania's classification) can enter Romania if their 'EU Digital COVID Certificate' (EUDCC) contains one of the following:

- Proof of full vaccination
- Proof of recovery from COVID-19. Validity: 6 months
- Negative result to a molecular (PCR) test. Validity: 72 hours

Travellers from **red countries** (according to Romania's classification) can enter Romania if their EUDCC contains one of the following:

- Proof of full vaccination
- Proof of recovery from COVID-19, Validity: 6 months

Entering this country without the EU Digital COVID certificate or with a certificate not compliant with national requirements

hours before entering Romania, and issued in the language of the country where the test was performed, and in English language. The proof of positive confirmation for SARS-CoV-2 virus infection is made by EU Digital COVID Certificate, or a positive RT-PCR test at the date of diagnosis by the competent authority from Romania or abroad, and presented in the language of the country where the test was performed, and in English language.

Reminder about the zones and their respective restrictions:
Risk areas are classified as follows:
- Green areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is less than or equal to 1.5 per 1000 inhabitants;
- Yellow areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is between 1.5 and 3 per 1000 inhabitants;
- Red areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is greater than or equal to 3 per 1000 inhabitants.
Persons arriving in Romania from **green areas** from Member States of the European Union, European Economic Area or Swiss Confederation are not subject to quarantine measure.
Persons arriving in Romania from **yellow areas - including drivers of goods vehicles and drivers of passenger transport -** are subject to a 14-day quarantine. The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities.
Exceptions from quarantine measure:
- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania.
- persons who are in possession of a negative RT-PCR test (completed no more than 72 hours before boarding or arriving at the border if travelling independently).
- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania.
- persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country
- cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova
Persons arriving in Romania from **red areas - including drivers of goods vehicles and drivers of passenger transport-** are subject to a 14-day quarantine. The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities.
Exceptions from quarantine measure:
- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania.
- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania.
- persons who stay in Romania for less than 3 days (72 hours) and have a negative RT-PCR test for SARS-CoV-2 virus infection, completed no more than 72 hours before boarding or arriving at the border if travelling independently. If the persons do not leave Romania within 3 days (72 hours), they will be quarantined for a period of 14 days, starting with the fourth day following the entry on the Romanian territory.
- cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova
- persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country

The only information that is no more in force is the following:

For persons arriving in Romania (including drivers of goods vehicles and drivers of passenger transport) from Great Britain, Brazil, Nepal, South Africa and India,only the following **exceptions** from the quarantine measure apply:
- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania. The proof of vaccination is made by EU Digital COVID Certificate, or the document issued by the health centre that administered it, in Romania or abroad and presented in the

Travellers who hold documents equivalent to the 'EU Digital COVID Certificate' (EUDCC) that meet the requirements listed above for the EUDCC can enter Romania at the same conditions.

Travellers from green, yellow and red who do not hold the documents required must **quarantine for 10 days**.

Exceptions to the quarantine obligation (details available on the National Platform for Emergency Preparedness):

- Children younger than 12; children aged between 12 and 16 who provide a negative molecular (PCR) test, valid 72 hours, regardless of their country of departure.
- Travellers in transit (maximum 24 hours)
- People who do not hold proof of vaccination or recovery from COVID-19 if they provide a negative molecular test result (valid 72 hours) and stay in Romania for maximum 3 days.
- Cross-border workers entering from Hungary or Bulgaria
- Romanian students (also if they reside outside Romania) and their guardians (for minor students) who have recovered from COVID-19 during the last 6 months and hold a negative molecular (PCR) test result performed within 72 hours.
- Upon presentation of a negative molecular (PCR) test result performed within 72 hours: members of sports delegation, artists, drivers of certain vehicles, members of diplomatic missions and diplomatic staff.

https://gov.ro/ro/masuri

What are the rules to enter this country from outside an EU Member State or Schengen Associated country?

Entry rules

Entering Romania is **forbidden** to foreign or stateless travellers arriving from **Angola**, **Botswana**, **Eswatini**, **Lesotho** , **Malawi**, **Mozambique**, **Namibia**, **South Africa, Zambia** and **Zimbabwe**.

Document checklist

Travellers must provide all the following documents:

1. Fill in a Passenger Locator Form, at the latest 24 hours before entering Romania.
2. Proof of full vaccination or proof of recovery from COVID-19 (valid for 6 months)
3. Negative result to a pre-departure molecular (PCR) test, valid 48 hours.

Travellers who do not hold proof of vaccination or recovery from COVID-19 must **quarantine for 10 days**.

Exceptions to the quarantine obligation (details available on the National Platform for Emergency Preparedness):

language of the country where the vaccine was administered, and in English language.
- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania. The proof of SARS-CoV-2 virus infection is made by EU Digital COVID Certificate.

Although UNTRR informed and sent to Romanian authorities numerous letters stating that drivers should be excepted from quarantine measure, and in all countries except Romania drivers are excepted from quarantine measure, unfortunately the Romanian authorities answered that the quarantine measure is for all persons ”in order not to discriminate certain professional categories in favour of others”.

Source: UNTRR

29.07.2021

Driving restrictions for vehicles with a maximum gross weight of over 7.5t in Romania

The '**EU Digital COVID Certificate**' (EUDCC) or an equivalent certificate is **necessary** to access many places and events, listed below. It must contain proof of **full vaccination** (valid after **10 days** after the vaccination cycle has been completed), of **recovery** from COVID-19 (**between 15 and 180 days** after being infected), or a negative result to a molecular (valid 72 hours) or rapid antigen test (valid 48 hours). The EUDCC is required to enter:

- All shops, except grocery stores, pharmacies and gas stations.
- Cafes and restaurants, including terraces, and other catering establishments.
- Premises of central and local public institutions (except for employees). Public administrations can deliver services to those who do not hold an EUDCC outside their premises and must take the necessary measures to ensure urgent procedures.
- Touristic accommodations.
- All events and organized activities, including courses, sports activities and competitions and cultural, artistic and entertainment events.

Exemptions – the EUDCC is **not required** in the following cases:

- Access to grocery stores up to 200 square metres, pharmacies and gas stations.
- **Children younger than 12** are not required to hold an EUDCC or a negative test result, but they must be accompanied by an adult who holds an EUDCC.

Citizens of countries that do not issue the EUDCC should provide equivalent certificates, in English and in the language of the issuing country.

Use of facemasks

The use of **FFP2 or surgical facemasks** is mandatory in **all indoor and outdoor public spaces**, including in the streets, on public transport and at the workplace. Facemasks made of other materials (textiles, plastic etc.) are prohibited.

Exemptions:

- children younger than 5
- people working alone in the office
- Provided that a 3m distance is respected: TV presenters and their guests, religious representatives during services, speakers in enclosed or open spaces.
- people performing intense physical and sports activities and / or in physically demanding working conditions.

Indoor and outdoor meetings, public or private gatherings and events

Private events (weddings, baptisms, birthdays, festive meals, etc.) are **banned**.

Due to extreme heat in Romania, the National Company of Road Infrastructure Management (CNAIR) informs that on Thursday, Friday and Saturday (29 – 31 July), between 12h:00 – 20h:00, there will be imposed driving restrictions for vehicles with a maximum gross weight of over 7.5t on the entire road network, except for counties : Harghita, Neamt, Suceava and Botosani.

Exceptions to driving restrictions:
Passenger transport, transport of live animals and perishable products of animal and plant origin, vehicles of the civil protection service, funeral transport, first-aid and humanitarian transport, mail transport, fuel distribution, breakdown vehicles, vehicles belonging to sanitation services.

Source: UNTRR

23.07.2021

COVID-19 update: Updated classification of countries in Romania

The National Committee for Emergency Situations in Romania updated yesterday, 22 July 2021, the list of countries/territories according to the cumulative incidence rate of COVID-19 and included Malta in the red zone. In the yellow zone Monaco, Ireland and Denmark were added. The updated list that will enter in force on 25.07.2021 (00.00) is available in attachment.

The other dispositions published on Flash Info on 16 July 2021 remain the same.

Source: UNTRR

16.07.2021

COVID-19 update: updated classification of countries /territories entering into force on 18.07.2021

Courses, trainings, workshop and conferences can take place betweem 5.00 and 22.00, at 50% capacity (maximum 150 participants) or 30% capacity (maximum 100 participants) depending on the local incidence rate. At least 4 square metres per participant are ensured, and everyone must wear a facemask. Only holders of a valid EUDCC can access.

Rallies and demonstrations can take place under strict regulations:

- Only holders of a valid EUDCC can participate.
- Maximum 100 participants.
- All participants must wear a facemask.

Safety measures for public transportation

In all forms of public transport (as well as in taxis), **facemasks are mandatory**. Also, social distance should be maintained as much as possible, as well as ventilation and disinfection. In some cases, temperature checks are conducted.

Places of worship

Religious activities and services can be carried out inside and outside places of worship, provided they adhere to strict health protocols. Only local residents can participate in the services.

It is compulsory to:

- Wear a facemask, except for religious representatives during services.
- At least 2 square metres per participant are ensured.

Quarantine

Confirmed COVID-19 cases must isolate for 7 days if they are vaccinated or have recovered from the disease in the last 6 months. Otherwise, quarantine lasts 10 days.

Travellers who enter Romania without the documents required and people who have been in direct contact with an infected person (less than 2 metres for longer than 15 minutes and without a surgical or FFP2 mask) must quarantine according to the following rules:

- Quarantine lasts 5 days for people who are vaccinated or have recovered from COVID-19 in the last 6 months.
- Quarantine lasts 10 days for people who are not vaccinated and have not recovered from COVID-19 in the last 6 months.

The National Committee for Emergency Situations in Romania updated yesterday the list of countries/territories according to the cumulative incidence rate of COVID-19 and included Spain, Portugal and the Netherlands in the red zone, in addition to UK and Cyprus. In the yellow zone Greece and Luxembourg were added, in addition to the Russian Federation. The updated list that will enter in force on 18.07.2021 (00.00) is available in attachment.

The other dispositions published on Flash Info yesterday remain the same:

Foreign drivers arriving in Romania from third countries (other than Member States of the European Union, European Economic Area or Swiss Confederation)**are not excepted from quarantine, regardless of the classification of the zone – green, yellow or red.** (note that these rules do not apply to Romanian drivers, but to any other drivers regardless of his/her nationality).

Persons arriving in Romania from **third countries** (other than Member States of the European Union, European Economic Area or Swiss Confederation), the quarantine measure is established for a period of 14 days regardless of the area in which the country of arrival is located.

Exceptions from quarantine measure:
- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania.
- persons who stay in Romania for less than 3 days (72 hours) and have a negative RT-PCR test for SARS-CoV-2 virus infection, completed no more than 72 hours before boarding or arriving at the border if travelling independently. If the persons do not leave Romania within 3 days (72 hours), they will be quarantined for a period of 14 days, starting with the fourth day following the entry on the Romanian territory.
- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania.
- persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country
- cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova.

Documents of Proof :

The proof of vaccination is made by EU Digital COVID Certificate, or the document issued by the health center that administered it in Romania or abroad, and presented in the language of the country where the vaccine was administered, and in English language.

The proof of a negative RT-PCR test for SARS-CoV-2 is made by EU Digital COVID Certificate, or by a negative result of an RT-PCR test for SARS-CoV-2 virus infection, performed no more than 72 hours before entering Romania, and issued in the language of the country where the test was performed, and in English language.

The proof of positive confirmation for SARS-CoV-2 virus infection is made by EU Digital COVID Certificate, or a positive RT-PCR test at the date of diagnosis by the competent authority from Romania or abroad, and presented in the language of the country where the test was performed, and in English language.

Reminder about the zones and their respective restrictions:

Risk areas are classified as follows:
- Green areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is less than or equal to 1.5 per 1000 inhabitants;
- Yellow areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is between 1.5 and 3 per 1000 inhabitants;
- Red areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is greater than or equal to 3 per 1000 inhabitants.

No further negative test result is required to end the quarantine.

Testing centres

Non-essential (other than medicine and food) shops

OPEN WITH LIMITATIONS

Between **22.00 and 5.00**, **shops are closed** and can only provide home deliveries.

Only holders of a valid EUDCC (or equivalent document) can access shopping centres and grocery stores larger than 200 square metres.

Exceptions: pharmacies, petrol stations, home delivery services and road trasport companies can carry out their activities under normal working conditions, in compliance with the health measures.

Tourist accommodations

OPEN WITH LIMITATIONS

Tourism services can provide accommodation only for customers who hold a valid EUDCC (or equivalent certificate).

Catering establishments

OPEN WITH LIMITATIONS

Restaurants, cafes, and all permanent and temporary catering establishments, including those inside hotels or other accommodtion establishments and terraces:

- Can only host customers who hold a valid EUDCC (or equivalent document).
- Are **open between 5.00 and 22.00**. Only home delivery services are allowed between 22.00 and 5.00.
- Can operate up to 50% or 30% of capacity during opening hours, depending on the local incidence rate.

Persons arriving in Romania from **green areas** from Member States of the European Union, European Economic Area or Swiss Confederation are not subject to quarantine measure.

Persons arriving in Romania from **yellow areas - including drivers of goods vehicles and drivers of passenger transport -** are subject to a 14-day quarantine. The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities.

Exceptions from quarantine measure:
- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania.
- persons who are in possession of a negative RT-PCR test (completed no more than 72 hours before boarding or arriving at the border if travelling independently).
- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania.
- persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country
- cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova

Persons arriving in Romania from **red areas - including drivers of goods vehicles and drivers of passenger transport-** are subject to a 14-day quarantine. The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities.

Exceptions from quarantine measure:
- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania.
- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania.
- persons who stay in Romania for less than 3 days (72 hours) and have a negative RT-PCR test for SARS-CoV-2 virus infection, completed no more than 72 hours before boarding or arriving at the border if travelling independently. If the persons do not leave Romania within 3 days (72 hours), they will be quarantined for a period of 14 days, starting with the fourth day following the entry on the Romanian territory.
- cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova
- persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country

For persons arriving in Romania (including drivers of goods vehicles and drivers of passenger transport) from Great Britain, Brazil, Nepal, South Africa and India,only the following **exceptions** f rom the quarantine measure apply:

- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania. The proof of vaccination is made by EU Digital COVID Certificate, or the document issued by the health centre that administered it, in Romania or abroad and presented in the language of the country where the vaccine was administered, and in English language.

- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania. The proof of SARS-CoV-2 virus infection is made by EU Digital COVID Certificate.

Please find also attached the list of countries / territories of high epidemiological risk and the rules for applying the quarantine measure on persons arriving from them in Romania(in Romanian language).

What are the rules to enter this country from an EU Member State or Schengen Associated country?

Entry requirements depend on the colour attributed to the country of departure, according to Romania's own national classification of risk areas: green, yellow or red areas.

Children younger than 12 are exempt from quarantine and testing requirements.

Rules listed here are valid between **10 December 2021 and 8 January 2022**. These measures are subject to change and regular review. Travellers are advised to consult the most recent decisions taken by the Government: https://gov.ro/ro/masuri

Entering this country with the EU Digital COVID certificate

Travellers from **green and yellow countries** (according to Romania's classification) can enter Romania if their 'EU Digital COVID Certificate' (EUDCC) contains one of the following:

Exceptions from quarantine measure:
- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania.
- persons who stay in Romania for less than 3 days (72 hours) and have a negative RT-PCR test for SARS-CoV-2 virus infection, completed no more than 72 hours before boarding or arriving at the border if travelling independently. If the persons do not leave Romania within 3 days (72 hours), they will be quarantined for a period of 14 days, starting with the fourth day following the entry on the Romanian territory.
- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania.
- persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country
- cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova.

Documents of Proof :

The proof of vaccination is made by EU Digital COVID Certificate, or the document issued by the health center that administered it in Romania or abroad, and presented in the language of the country where the vaccine was administered, and in English language.

The proof of a negative RT-PCR test for SARS-CoV-2 is made by EU Digital COVID Certificate, or by a negative result of an RT-PCR test for SARS-CoV-2 virus infection, performed no more than 72 hours before entering Romania, and issued in the language of the country where the test was performed, and in English language.

The proof of positive confirmation for SARS-CoV-2 virus infection is made by EU Digital COVID Certificate, or a positive RT-PCR test at the date of diagnosis by the competent authority from Romania or abroad, and presented in the language of the country where the test was performed, and in English language.

Quick Reminder about the zones and their respective restrictions:

Risk areas are classified as follows:
- Green areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is less than or equal to 1.5 per 1000 inhabitants;
- Yellow areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is between 1.5 and 3 per 1000 inhabitants;
- Red areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is greater than or equal to 3 per 1000 inhabitants.

Persons arriving in Romania from **green areas** from Member States of the European Union, European Economic Area or Swiss Confederation are not subject to quarantine measure.

Persons arriving in Romania from **yellow areas - including drivers of goods vehicles and drivers of passenger transport -** are subject to a 14-day quarantine. The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities.

- Proof of full vaccination, completed at least 10 days before travelling.
- Proof of recovery from COVID-19. Validity: 180 days.
- Negative test result. Validity: 72 hours.

Travellers from **red countries** (according to Romania's classification) can enter Romania if their EUDCC contains one of the following:

- Proof of full vaccination, completed at least 10 days before travelling.
- Proof of recovery from COVID-19, Validity: 180 days.
- **Only valid for children older than 12 and younger than 16**: negative result to a pre-departure molecular (PCR) test. Validity: 72 hours.

Entering this country without the EU Digital COVID certificate or with a certificate not compliant with national requirements

Travellers from **green and yellow countries** (according to Romania's classification) can enter Romania if they can provide one of the following documents:

- Proof of full vaccination, completed at least 10 days before travelling.
- Proof of recovery from COVID-19. Validity: 180 days.
- Negative result to a molecular (PCR) pre-departure test. Validity: 72 hours.

If travellers from green and yellow countries cannot provide any of these documents, a **14-day quarantine** is imposed.

Travellers from **red countries** (according to Romania's classification) can enter Romania if they can provide one of the following documents:

- Proof of full vaccination, completed at least 10 days before travelling.
- Proof of recovery from COVID-19. Validity: 180 days
- **Only valid for children between 12 and 16 years**: negative result to a pre-departure molecular (PCR) test. Validity: 72 hours.

If travellers from red countries cannot provide any of these documents, a **14-day quarantine** is imposed. The quarantine can end on day 10 for travellers who provide a negative test result to a pre-departure molecular (PCR) test, performed within 72 hours before travelling.

Exceptions to the quarantine obligation (details available in the Government's Decisions of 6 December and 10 December 2021):

- Children younger than 12
- Travellers in transit (less than 24 hours)
- Cross-border workers entering from Hungary or Bulgaria
- Students, Romanian citizens and residents commuting to attend courses, if they hold a negative molecular (PCR) test result performed within 72 hours
- From red countries, upon presentation of a negative molecular (PCR) test result performed within 72 hours: travellers staying for less than 72 hours, members of sports delegation, artists, drivers of certain vehicles, members of diplomatic missions and diplomatic staff.

Exceptions from quarantine measure:
- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania.
- persons who are in possession of a negative RT-PCR test (completed no more than 72 hours before boarding or arriving at the border if travelling independently).
- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania.
- persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country
- cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova

Persons arriving in Romania from **red areas - including drivers of goods vehicles and drivers of passenger transport-** are subject to a 14-day quarantine. The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities.

Exceptions from quarantine measure:
- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania.
- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania.
- persons who stay in Romania for less than 3 days (72 hours) and have a negative RT-PCR test for SARS-CoV-2 virus infection, completed no more than 72 hours before boarding or arriving at the border if travelling independently. If the persons do not leave Romania within 3 days (72 hours), they will be quarantined for a period of 14 days, starting with the fourth day following the entry on the Romanian territory.
- cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova
- persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country

For persons arriving in Romania (including drivers of goods vehicles and drivers of passenger transport) from Great Britain, Brazil, Nepal, South Africa and India,only the following **exceptions** f rom the quarantine measure apply:

- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania. The proof of vaccination is made by EU Digital COVID Certificate, or the document issued by the health centre that administered it, in Romania or abroad and presented in the language of the country where the vaccine was administered, and in English language.

- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania. The proof of SARS-CoV-2 virus infection is made by EU Digital COVID Certificate.

Please find attached the list with the classification of countries /territories according to the cumulative incidence rate of new COVID-19 (in Romanian). According to the list, Spain, Portugal and Russian Federation are in yellow zone and UK and Cyprus are in red zone.

Please find attached the list of countries / territories of high epidemiological risk and the rules for applying the quarantine measure on persons arriving from them in Romania(in Romanian language).

What are the rules to enter this country from outside an EU Member State or Schengen Associated country?

Travel alert: Entering Romania is forbidden to travellers arriving from **Angola**, **Botswana**, **Eswatini**, **Lesotho**, **Malawi**, **Mozambique**, **Namibia**, **South Africa, Zambia** and **Zimbabwe**. Only EU and Schengen Associated countries citizens are exempt from this travel ban. Upon arrival, they must perform a molecular test, remain in quarantine and perform an additional molecular test on day 8 after arrival. If the result of the second test is negative, quarantine ends on day 10.

Rules listed here are valid between **10 December 2021 and 8 January 2022**. These measures are subject to change and regular review. Travellers are advised to consult the most recent decisions taken by the Government: https://gov.ro/ro/masuri.

All travellers from non-EU and non-Schengen Associated countries must hold a **negative result to a pre-departure molecular (PCR) test**, valid 48 hours. **In addition**, they must hold one of the following:

- Proof of full vaccination, completed at least 10 days before travelling
- Proof of recovery from COVID-19. Validity: 180 days.

Travellers who only hold the negative test result must quarantine for 10 days. Travellers who do not provide any of these documents must quarantine for 14 days.

Exceptions to the quarantine obligation (details available in the Government's Decisions of 6 December and 10 December 2021):

- Childer younger than 12
- Travellers in transit (less than 24 hours)
- Students, romanian citizens and residents commuting to attend courses if they hold a negative molecular (PCR) test result performed within 72 hours

13.07.2021

Professional Drivers are not exempted from the new regulations in Romania

Please note that new measures have entered in force in the context of COVID-19 pandemic. Professional drivers are NOT exempted from the new regulations.

Risk areas are classified as follows:
- Green areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is less than or equal to 1.5 per 1000 inhabitants;
- Yellow areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is between 1.5 and 3 per 1000 inhabitants;
- Red areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is greater than or equal to 3 per 1000 inhabitants.

Persons arriving in Romania from **green areas** are not subject to quarantine measure, nor isolation or test requirement.

Persons arriving in Romania from **yellow areas - including drivers of goods vehicles and drivers of passenger transport -** are subject to a 14-day quarantine. The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities.
Exceptions from quarantine measure:
- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania. The proof of vaccination is made by EU Digital COVID Certificate.
- persons who are in possession of a negative RT-PCR test (completed no more than 72 hours before boarding or arriving at the border if travelling independently)
- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania
- persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country
- cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova

Persons arriving in Romania from **red areas - including drivers of goods vehicles and drivers of passenger transport-** are subject to a 14-day quarantine. The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities.

Travel warnings for Europe

Travel warnings for rest of the world)

May I transit this country?

Persons in transit are not subject to quarantine requirements if they leave Romania within 24 hours.

May I fly to this country?

Direct passenger flights between Romania and some high risk countries are suspended following a Decision of the National Emergency Committee (cargo, humanitarian, technical, and repatriation flights are exempted from this restriction).

You can find the latest information on air travel regulations for this country on the **IATA website**.

You can also find information about **air passenger rights** on our portal for citizens.

General measures

Information on the situation in the country is available on the National Platform for emergency preparedness, on gov.ro/ro /masuri and on the official website on COVID-19 information.

The '**EU Digital COVID Certificate**' (EUDCC) or an equivalent certificate is **necessary** to access many places and events, listed below. It must contain proof of **full vaccination** (valid after **10 days** after the vaccination cycle has been completed), of **recovery** from COVID-19 (**between 15 and 180 days** after being infected), or a negative result to a molecular (valid 72 hours) or rapid antigen test (valid 48 hours). The EUDCC is required to enter:

- All shops, except grocery stores, pharmacies and gas stations.
- Cafes and restaurants, including terraces, and other catering establishments.
- Premises of central and local public institutions (except for employees). Public administrations can deliver services to those who do not hold an EUDCC outside their premises and must take the necessary measures to ensure urgent procedures.
- Touristic accommodations.
- All events and organized activities, including courses, sports activities and competitions and cultural, artistic and entertainment events.

Exemptions – the EUDCC is **not required** in the following cases:

- Access to grocery stores, pharmacies and gas stations.
- **Children younger than 12** are not required to hold an EUDCC or a negative test result, but they must be accompanied by an adult who holds an EUDCC.

Citizens of countries that do not issue the EUDCC should provide equivalent certificates, in English and in the language of the issuing country.

Exceptions from quarantine measure:
- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania. The proof of vaccination is made by EU Digital COVID Certificate.
- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania. The proof of SARS-CoV-2 virus infection is made by EU Digital COVID Certificate.
- persons who stay in Romania for less than 3 days (72 hours) and have a negative RT-PCR test for SARS-CoV-2 virus infection, completed no more than 72 hours before boarding or arriving at the border if travelling independently. If the persons do not leave Romania within 3 days (72 hours), they will be quarantined for a period of 14 days, starting with the fourth day following the entry on the Romanian territory. The proof of negative test for COVID-19 is made by EU Digital COVID Certificate.
- cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova
- persons in transit, if they leave Romania within 24 hours from the time they entered the territory of the country

For persons arriving in Romania (including drivers of goods vehicles and drivers of passenger transport) from **Great Britain, Brazil, Nepal, South Africa and India,** only the following **exceptions** from the quarantine measure apply**:**
- persons who can demonstrate proof of a full course of vaccination against COVID-19, completed at least ten days before arrival in Romania. The proof of vaccination is made by EU Digital COVID Certificate.
- persons who have been confirmed positive for SARS-CoV-2 virus infection in the last 180 days prior to entry in Romania, for whom at least 14 days have passed from the date of confirmation to the date of entry in Romania. The proof of SARS-CoV-2 virus infection is made by EU Digital COVID Certificate.

Please find attached the list with the classification of countries /territories according to the cumulative incidence rate of new COVID-19 (in Romanian). According to the list, Spain, Portugal and Russian Federation are in yellow zone and UK and Cyprus are in red zone.

26.06.2020

Use of facemasks

The use of facemasks is mandatory in **all indoor public spaces**, including **public transport and the workplace**. Outdoors, facemasks are required in crowded spaces, such as markets, fairs and queues.

Exemptions:

- children younger than 12
- people working alone in the office
- TV presenters and their guests, provided that a 3m distance is respected
- religious representatives during services, provided that a 3m distance is respected
- people performing intense physical and sports activities and / or in physically demanding working conditions.

Indoor and outdoor meetings, public or private gatherings and events

Private events (weddings, baptisms, birthdays, festive meals, etc.) are **banned**.

Courses, trainings, workshop and conferences can take place betweem 5am and 10pm, at 50% capacity and with no more than 150 participants. At least 2 square metres per participant are ensured, and everyone must wear a facemask. Only holders of a valid EUDCC can access.

Rallies and demonstrations can take place under strict regulations:

- Only holders of a valid EUDCC can participate.
- Maximum 100 participants.
- All participants must wear a facemask.

Safety measures for public transportation

In all forms of public transport (as well as in taxis), **facemasks are mandatory**. Also, social distance should be maintained as much as possible, as well as ventilation and disinfection. In some cases, temperature checks are conducted.

Places of worship

OPEN WITH LIMITATIONS

Religious activities and services can be carried out inside and outside places of worship, provided they adhere to strict health protocols. Only local residents can participate in the services.

It is compulsory to:

- Wear a facemask, except for religious representatives during services.
- At least 2 square metres per participant are ensured.

On 17 June, the Romanian Authorities extended the state of alert by another 30 days. Each week, the National Institute of Public Health publishes a "Green zone" and "Yellow zone" list, more details here (in Romanian). All persons coming to Romania from countries not included in the "Green zone" are subject to 14 days quarantine. Starting from 23 June the following countries are inlcuded in the "Green zone" list: Austria, Bulgaria, Czech Republic, Cyprus, Croatia, Switzerland, Estonia, Finland, France (the European territory), Germany (except for Kreis Gutersloh which is in the Yellow zone), Greece, Ireland, Iceland, Italy, Latvia, Liechtenstein, Lithuania, Malta, Norway, Slovakia, Slovenia, Hungary.

The following categories are exempt from this provision:

- Drivers of goods vehicles heavier than 2.4 tonnes who do not have symptoms associated with coronavirus
- Drivers of passenger vehicles with more than 9 seats, including the driver's seat, who do not have symptoms associated with coronavirus
- Drivers travelling for work purposes from their country of residence in another EU Member State or from an EU Member State to their country of residence, regardless of whether the journey is made by individual means (car) or own-account
- Cross-border workers entering Romania from Hungary, Bulgaria, Serbia, Ukraine or the Republic of Moldova.

All border crossing points are open to goods vehicles, except Oancea (on the border with the Republic of Moldova) and Naidas (on the border with Serbia). Romanian border police provide updates on the current situation at borders here.

Members are reminded that transit corridors are still in force: vehicles transiting through Romania must leave the country within 48 hours from their entry.

Source: UNTRR

03.06.2020

As from 1 June, Romania resumed the international road transport of passengers through regular services, special regular services and occasional services in international traffic. Passenger transport operations are carried out in compliance with those prevention measures applicable to road transport, as established by Law 55 /2020. The legal framework is available in Romanian here.

The validity of Romanian driving licences expiring during the state of emergency has also been extended until 13 August 2020. Further information can be found here.

Source: UNTRR

18.05.2020

On 15 May, Romanian authorities confirmed that their ‘state of emergency’ status was reduced to ‘state of alert’ at national level. Social distancing measures remain mandatory and face masks should be worn in enclosed spaces. All foreign nationals are banned from entry into Romania, with the exception of: family members of Romanian citizens, family members of citizens of other member states of the European Union or of the European Economic Area or of the Helvetic Confederation, having residence in Romania; persons in possession of a long term visa or a residence permit; persons travelling in a professional capacity, proved by a visa, residence permit or other equivalent document; diplomatic or consular personnel, personnel of international organisations, military personnel or personnel ensuring humanitarian support; passengers in transit, including repatriated following the granting of consular protection; passengers travelling for imperative reasons (medical or familial); persons in need of international protection or other humanitarian reasons.

Quarantine

Confirmed COVID-19 cases with mild symptoms, must isolate at home. Persons that are at high risk of having contracted a COVID-19 infection, need to self-quarantine for 14 days.

Find out more:

Measures to prevent and control the infection (in Romanian)

Testing centres

Non-essential (other than medicine and food) shops

OPEN WITH LIMITATIONS

Between **10pm and 5am**, **shops are closed** and can only provide home deliveries.

Only holders of a valid EUDCC (or equivalent document) can access shopping centres.

Exceptions: pharmacies, petrol stations, home delivery services and road trasport companies can carry out their activities under normal working conditions, in compliance with the health measures.

Tourist accommodations

OPEN WITH LIMITATIONS

Tourism services can provide accommodation only for customers who hold a valid EUDCC (or equivalent certificate).

Catering establishments

OPEN WITH LIMITATIONS

Restaurants, cafes, and all permanent and temporary catering establishments, including those inside hotels or other accommodtion establishments and terraces:

- Can only host customers who hold a valid EUDCC (or equivalent document).
- Are **closed between 10pm and 5am**. Hnly home delivery services are allowed during these hours.
- Can operate all night on the evenings of **24 December and 31 January**.
- Can operate up to 50% of capacity during opening hours (5am - 10pm).
- The consumption of food and beverages should take place in dedicated open-air premises, outside buildings.

The international transport of passengers between Romania and Italy, Spain, France, Germany, Austria, Belgium, Swiss Confederation, United Kingdom and Northern Ireland, the Netherlands and Turkey is suspended until 1 June 2020.

There are no changes on the current measures regarding road freight transport.

On 14 May, the measure applied which lifted the traffic ban on the DN1 (E60), Ploiesti – Brasov for vehicles over 7.5t expired.

Source: UNTRR

22.04.2020

On 22 April, UNTRR confirmed that, although the Romanian Authorities have not sent the updated information to the European Commission regarding the extension of the state of emergency until 15 May 2020, it is understood that documents such as licences, transport certificates, authorisations, etc., will remain valid during the state of emergency period.

Therefore, documents issued by the Romanian Road Authority that expire during the state of emergency will remain valid until 15 May and can be renewed within 90 days of that date. Documents can be sent by post.

The validity of Romanian driving licences expiring during the state of emergency has also been extended until 15 May.

Source: UNTRR

21.04.2020

Romanian Authorities have extended the temporary relaxation of the enforcement of driving and rest time rules for drivers performing domestic/international road transport of goods. This relaxation is granted pursuant to Article 14.2 of Regulation (EC) No 561/2006. This exception applies **from 17 April to 31 May**. The measures lifted are the following:

· Art. 6.1: replacement of the maximum daily driving limit of 9 hours with one of 11 hours.

· Art. 7: replacement of the minimum daily breaks requirements by imposing a break of 45 minutes after 5 and a half hours driving.

· Art. 8.1: reduction of the daily rest requirements from 11 to 9 hours.

· Art. 8.6: postponement of a weekly rest period beyond six 24-hour periods.

On 16 April, the Ministry of Internal Affairs issued a new Military Ordinance for which the measures regarding the ban on exporting some agricultural food products ceased to apply.

On 16 April, the National Company for Road Infrastructure Administration (CNAIR) extended the measures lifting the driving restrictions imposed on vehicles with a maximum authorised weight over 7.5 tonnes on the DN1 (E60) between Ploiesti and Brasov until 14.05.2020 (during the state of emergency). The driving restrictions are still in force on the DN1 between Bucharest and Ploiesti.

Also, the driving restrictions imposed on vehicles with a maximum authorised weight over 7.5 tonnes are lifted until 14 May 2020 (during the state of emergency) on the A2 highway (Bucharest - Constanta), DN7 (Pitesti - Vestem), and DN39 (Agigea - Mangalia) on the day before the public holidays and the day of public holidays (30 April and 1 May).

Source: UNTRR

Cinemas, museums and indoor attractions

PARTIALLY

Bars, clubs and discos are closed.

The following establishments and activities can only operate between 5am and 10pm, at 50% capacity, and only holders of a valid EUDCC (or equivalent document) can access:

- Museums, libraries, bookstores.
- Cinemas, film and audio-visual production studios.
- Shows, concerts, festivals. Maximum 1000 people can participate. Wearing facemasks and ensuring 4 square metres per person is compulsory.
- Sports events, competitions and activities. Wearing facemasks and ensuring 1 square metre per person is compulsory. Audience can fill up to 50% of capacity.
- Gyms and fitness centres; indoor swimming pools.
- Gaming and gambling establishments.

Personal care services

OPEN WITH LIMITATIONS

Outdoors areas and beaches

OPEN WITH LIMITATIONS

Wearing facemasks is compulsory in crowded areas.

The following establishments are only open between 5am and 10pm, and can operate at 50% capacity:

- Playgrounds for children. Only holders of a valid EUDCC (or equivalent certificate) can access.
- Fairs and flea markets.

Sport activities, events and competitions can take place indoors and outdoors, at 50% capacity. In addition:

- Only holders of a valid EUDCC (or equivalent document) can participate.
- No more than 10 people who do not live together can participate.
- Competitions ending after 10pm take place without spectators.

Health protocols for tourism services and tourists

Health Protocols for tourism

15.04.2020

On 14 April, the Romanian President extended the state of emergency on the territory of Romania for an additional 30 days, starting from 15 April. The same conditions apply. The text of the decree can be read here (Romanian only).

Source: UNTRR

11.04.2020

The Romanian Ministry of Internal Affairs issued Military Ordinance No.8, which details new measures as follows:

· The following State Border Crossing Points will remain totally or partially closed during the entire period of the state of emergency:

At the Romanian-Hungarian Border:

1. Turnu, Arad County (except for the movement of cross-border workers);

2. Salonta, Bihor County – railway and road (except for the movement of cross-border workers by road);

3. Sãcuieni, Bihor County (except for the movement of cross-border workers);

4. Valea lui Mihai, Bihor County - railway and road (except for railway freight traffic);

5. Carei, Satu Mare County.

Note: A cross border-worker is understood as a person who makes proof of living and working within an maximum area of 30 km from the Romanian-Hungarian state border, calculated from the nearest border-crossing point open for people, and who returns home at least once a week. The Romanian-Hungarian border-crossing points open for cross-border workers when entering Romania are the following: Cenad, Nãdlac, Turnu, Vãrand, Salonta, Bor, Sãcuieni, Urziceni, Petea.

At the Romanian-Bulgarian Border:

1. Negru Vodã, Constana County;

2. Lipnia, Constana County;

3. Dobromir, Constana County;

4. Zimnicea, Teleorman County;

5. Turnu Mãgurele, Teleorman County;

6. Bechet, Dolj County (except for railway freight traffic).

At the Romanian-Ukrainian Border:

1. Sighetu Marmaiei, Maramure County;

2. Isaccea, Tulcea County.

At the Romanian-Moldovan Border:

1. Rãdãui-Prut, Botoani County;

2. Oancea, Galai County.

At the Romania-Serbian Border:

1. Porile de Fier II, Mehedini County;

2. Drobeta-Turnu Severin, Mehedini (except for railway freight traffic);

3. Orova, Mehedini County;

Other measures

Telework is compulsory for at least 50% of staff whenever possible.

National website with coronavirus-related information for TOURISM

Tourism in Romania

30.11.2021

What are the rules to enter this country from an EU Member State or Schengen Associated country?

Entry requirements depend on the colour attributed to the country of departure, according to Romania's own national classification of risk areas: green, yellow or red areas.

Children below 12 years are exempt from quarantine and testing requirements.

These measures are subject to change and regular review. Travellers are advised to consult the most recent decisions taken by the Government: https://gov.ro/ro/masuri

Entering this country with the EU Digital COVID certificate

For travellers from **green countries** (according to Romania's classification), there are **no restrictions**.

Travellers from **yellow countries** (according to Romania's classification) can enter Romania if their 'EU Digital COVID Certificate' (EUDCC) contains one of the following:

- Proof of full vaccination, completed at least 10 days before travelling.
- Proof of recovery from COVID-19. Validity: 180 days.
- Negative test result. Validity: 72 hours.

If travellers from yellow countries cannot provide any of these documents, a **14-day quarantine** is imposed. The quarantine can end on day 10, if a negative test result is obtained 8 days after arrival. Exceptions: imperative reasons, transit, cross-border workers.

Travellers from **red countries** (according to Romania's classification) can enter Romania if their EUDCC contains one of the following:

4. Moldova Nouã, Cara-Severin County;

5. Naidã, Cara-Severin County;

6. Vãlcani, Timil County;

7. Stamora-Moravia, Timi County- railway (except for railway freight traffic);

8. Lunga, Timi County;

9. Foeni, Timi County;

10. Jimbolia, Timi County - railway (except for railway freight traffic).

· The export of the following agricultural food products is prohibited /suspended during the state of emergency:

1. grain and meslin – tariff code 1001;

2. barley - tariff code 1053;

3. oat - tariff code 1004;

4. corn - tariff code 1005;

5. rice – tariff code 1006;

6. wheat flour or meslin - tariff code 1101;

7. soy beans, even crushed - tariff code1201;

8. sunflower seeds even shattered – tariff code 1206;

9. sunflower seed oil, saffron or cottonseed oil and their fractions even refined but not chemically modified - tariff code 1512;

10. cane or bean sugar and chemically pure sucrose in solid state - tariff code 1701;

11. bakery, pastry and biscuit products, unposted bread, empty capsules from starch leaf used for medicines, waffles with lid, dried pasta from flour, from starch, starch extracted from potatoes and similar products - tariff code 1905;

12. cakes and other solid residues, whether or not ground or agglomerated in pellet form, resulting from the extraction of soybean oil – tariff code 2304;

13. cakes and other solid residues, whether or not ground or agglomerated in pellet form resulting from the extraction of fats or vegetable oils, other than those of the positions 2304 or 2305 - tariff code 2306;

Notes:

- Export of the above-mentioned products is prohibited/suspended to non-EU Member States.

- Export of the above-mentioned products is allowed only if the EU Member State proves that the acquired products are destined for its own domestic market or another EU-Member state, and not for export outside EU. The Statement regarding the usage of the purchased goods must be filled.

Source: UNTRR

06.04.2020

On 4 April, the Romanian Ministry of Internal Affairs issued Military Ordinance No.7, which details new measures for the road transport of persons and goods that have been put in place and are as follows:

- Proof of full vaccination, completed at least 10 days before travelling.
- Proof of recovery from COVID-19, Validity: 180 days.
- **Only valid for children between 12 and 16 years**: negative result to a molecular test. Validity: 72 hours.

If travellers from red countries cannot provide any of these documents, a **14-day quarantine** is imposed. The quarantine can end on day 10, if a negative test result is obtained 8 days after arrival. Exceptions: short stays (less than 72 hours and with a negative molecular test taken in the previous 72 hours), imperative reasons, transit, cross-border workers.

Entering this country without the EU Digital COVID certificate or with a certificate not compliant with national requirements

For travellers from **green countries** (according to Romania's classification), there are **no restrictions**.

Travellers from **yellow countries** (according to Romania's classification) can enter Romania if they can provide one of the following documents:

- Proof of full vaccination, completed at least 10 days before travelling.
- Negative test result. Validity: 72 hours.

If travellers from yellow countries cannot provide any of these documents, a **14-day quarantine** is imposed. Exceptions: imperative reasons, transit, cross-border workers.

Travellers from **red countries** (according to Romania's classification) can enter Romania if they can provide one of the following documents:

- Proof of full vaccination, completed at least 10 days before travelling.
- **Only valid for children between 12 and 16 years**: negative result to a molecular test. Validity: 72 hours.

If travellers from red countries cannot provide any of these documents, a **14-day quarantine** is imposed. The quarantine can end on day 10, if a negative test result is obtained 8 days after arrival. Exceptions: short stays (less than 72 hours and with a negative molecular test taken in the previous 72 hours), imperative reasons, transit, cross-border workers.

What are the rules to enter this country from outside an EU Member State or Schengen Associated country?

- Article 11. - The international road transport of persons through regular services, special regular services and occasional services in international traffic has been suspended until the end of the state of emergency. The provision applies to routes between Romania and Italy, Spain, France, Germany, Austria, Belgium, Swiss Confederation, United Kingdom, Northern Ireland, the Netherlands and Turkey.

- Article 12. - Upon entering Romania, drivers of goods vehicles heavier than 2.4 tonnes and who do not have symptoms associated with the coronavirus (COVID-19) must complete a declaration using the template from the Ministry of Transport, Infrastructure and Communication, where details of the location where drivers can be contacted during the period between the two transports must be given (templates of these forms are available in Romanian here). Drivers are not required to undergo self-isolation at home or quarantine, provided that the employer ensures they use protective materials against coronavirus (COVID-19).

Note: Foreign drivers of goods vehicles heavier than 2.4 tonnes who are transiting Romanian territory are not required to complete the medical statement as provided in Art.14 (see below).

- Article 13. - The provision of Article 12 applies accordingly to drivers of goods vehicles heavier than 2.4 tonnes, who are travelling for professional reasons either from Romania to another European Union Member State, or from another EU Member State to Romania, to the state of residence of the driver, regardless of whether the trip is made in his/her freight vehicle, by individual means of transport or on his/her own. Upon entry to Romania they must present an employee certificate signed by the employer.

- Article 14.1 - Drivers of goods vehicles heavier than 2.4 tonnes who are transiting Romanian territory are not required to complete the medical statement upon entry into Romania, provided they meet the following minimum conditions:

a) They only use transit corridors, and border crossing points at the end of these corridors, approved by the Ministry of Transport, Infrastructure and Communication and the Ministry of Internal Affairs. Any deviation from these is not permitted.

b) Transit through Romanian territory must be done within the minimum time frame, and must not exceed 48 hours from entry into Romania, including stationary periods for their daily rest.

c) Parking of the vehicle is done exclusively in allocated parking areas located along the identified transit corridors.

Drivers transiting Romania must fill out this form when entering the country. The form must be handed over at the border of exit.

Note: In this case, the Romanian Inspectorate for Road Transport Control confirmed that professional drivers are also required **to have the form provided by ANNEX 3, Template of Certificate for International Transport Workers (EC communication on green lanes)** details here.

- Article 14.2 - In the case of non-compliance with the conditions provided in paragraph 1 *(14.1)*, the driver of the vehicle will be obliged to enter quarantine for 14 days, bearing any expenses incurred for this quarantine.

- Article 14.3 - Upon entering Romania the driver is required to apply a special sticker from by the State Inspectorate for Control of Road Transport to the vehicle's windscreen, in order to show the transit corridors (the model of which has been established by the Minister of Transport, Infrastructure and Communications).

Romanian authorities have also published an interactive map displa ying transit corridors, refuelling stations and rest areas.

05.04.2020

Entry requirements depend on the colour attributed to the country of departure, according to Romania's own national classification of risk areas: green, yellow or red areas.

Attention! Entering Romania is forbidden to travellers arriving from **Botswana**, **Eswatini**, **Lesotho**, **Malawi**, **Mozam bique**, **Namibia**, **South Africa** and **Zimbabwe**. Only EU and Schengen Associated countries citizens are exempt from this travel ban. Upon arrival, they must perform a molecular test, remain in quarantine and perform an additional molecular test on day 8 after arrival. If the result of the second test is negative, quarantine ends on day 10.

Children younger than 12 are exempt from quarantine and testing requirements.

For travellers from **green countries** (according to Romania's classification), there are **no restrictions**.

Travellers from **yellow countries** (according to Romania's classification) can enter Romania if they can provide one of the following documents:

- Proof of full vaccination, completed at least 10 days before travelling.
- Pre-departure negative test result. Validity: 72 hours.

If travellers from yellow countries cannot provide any of these documents, a **14-day quarantine** is imposed. The quarantine can end on day 10, if a negative test result is obtained 8 days after arrival.

Travellers from **red countries** (according to Romania's classification) can enter Romania if they can provide one of the following documents:

- Proof of full vaccination, completed at least 10 days before travelling.
- **Only valid for children between 12 and 16 years**: negative result to a molecular test. Validity: 72 hours.

If travellers from red countries cannot provide any of these documents, a **14-day quarantine** is imposed. The quarantine can end on day 10, if a negative test result is obtained 8 days after arrival. Exceptions to the quarantine requirement: short stays (less than 72 hours and with a negative molecular test taken in the previous 72 hours), imperative reasons, transit, cross-border workers.

These measures are subject to change and regular review. Travellers are advised to consult the most recent decisions taken by the Government: https://gov.ro/ro/masuri

May I transit this country?

Persons in transit are not subject to quarantine requirements if they leave Romania within 24 hours.

The Romanian Ministry of Internal Affairs issued the Military Ordinance no. 7. New measures for road transport of persons and goods have been put in place and are as follows:

Article 11. - The international road transport of persons through regular services, special regular services and occasional services in international traffic is suspended until the end of the state of emergency. The provision applies to routes between Romania and Italy, Spain, France, Germany, Austria, Belgium, Swiss Confederation, United Kingdom, Northern Ireland, the Netherlands and Turkey.

Article. 12. - Upon entering Romania, drivers of goods vehicles heavier than 2.4 tonnes that do not have symptoms associated with COVID-19 shall fill out a declaration on their own responsibility whose model is established by the Ministry of Transport, Infrastructure and Communication where they assume the location where they can be contacted during the period between two transports. They do not undergo isolation at home measure /quarantine provided that the employer ensures the protective materials against COVID-19.

Article. 13. - The provision of article 12 shall apply accordingly to drivers of goods vehicles heavier than 2.4 tonnes which are moving for professional reasons from Romania to another European Union Member State or from another EU Member State to Romania, to the state of residence of the driver, regardless of whether the trip is on board of the freight vehicle or by individual means of transport or on its own. Upon entrance to Romania they must present an employee certificate signed by the employer.

Article. 14.1 - Drivers of goods vehicles heavier than 2.4 tonnes which transit Romanian territory are not required to complete the epidemiological statement, upon entry into Romania, if they meet the following minimum conditions:

a) They only use transit corridors and border crossing points at the ends of these corridors approved by the Ministry of Transport, Infrastructure and Communication and the Ministry of Internal Affairs, deviation from these being forbidden.

b) The transit through Romanian territory shall be done in a minimum time frame without exceeding 48 hours from entering Romania including periods of stationary for the daily rest.

c) Parking of the vehicle is done exclusively in parking lots located on the identified transit corridors.

Drivers transiting Romania have to fill out this form when entering the country. The form must be handed over at the border of exit.

Article 14.2 - In case of non-compliance with the conditions provided in paragraph 1, the driver of the vehicle will be obliged to enter quarantine for 14 days, bearing the expenses incurred with his quarantine.

Article 14.3 - Upon entering Romania the driver is required to apply on the glazed parts of the vehicle (windshield) a special sticker made available by the State Inspectorate for Control of Road Transport, respectively to keep the transit form whose model is established by the Minister of Transport, Infrastructure and Communications.

Romanian authorities have also published an interactive map displa ying corridors, refueling stations and rest areas.

Source: UNTRR

04.04.2020

On 4 April, the National Company for Road Infrastructure Administration (CNAIR) lifted driving restrictions on vehicles heavier than 7.5 tonnes on the Ploiesti-Brasov section of DN1 (E60) national road. The measure applies until 16 April.

May I fly to this country?

Direct passenger flights between Romania and some high risk countries are suspended following a Decision of the National Emergency Committee (cargo, humanitarian, technical, and repatriation flights are exempted from this restriction).

You can find the latest information on air travel regulations for this country on the **IATA website**.

You can also find information about **air passenger rights** on our portal for citizens.

General measures

Information on the situation in the country is available on the National Platform for emergency preparedness, and on the official website on COVID-19 information.

A **curfew between 10pm and 5am** is in place. Exemptions:

- Holders of an 'EU Digital COVID Certificate' (EUDCC), or equivalent document, certifying full vaccination (completed at least 10 days before) or recovery from COVID-19 (valid between 15 and 180 days after the infection).
- People moving for professional reasons (going from home to the place of work and back). Supporting documents and a declaration of honour, filled in in advance, are required.
- People moving for medical reasons that cannot be postponed or carried out remotely, including the purchase of medicines. A declaration of honour, filled in in advance, is required.
- People who are travelling; supporting documents (tickets, payments etc.) and a declaration of honour, filled in in advance, are required.
- People moving for justified reasons, such as vaccinations, childcare, assisting the elderly / sick or people with disabilities, death of a family member. A declaration of honour, filled in in advance, is required.
- People leaving their home because of a serious or imminent danger. They must call the national emergency number 112.

The '**EU Digital COVID Certificate**' (EUDCC) is **necessary** to access many places and events, listed below. It must contain proof of **full vaccination** (valid after **10 days** after the vaccination cycle has been completed) or of **recovery** (**between 15 and 180 days** after being infected). The EUDCC is required to enter:

Driving restrictions on the Bucharest-Ploiesti section of DN1 are still in force.

Source: UNTRR

30.03.2020

The Ministry of Internal Affairs in Romania has announced new measures which will enter in force on **31 March, 2020:**

When entering the country, for the protection of their families, drivers of freight vehicles with maximum permitted weight of more than 2.4 tones **have the option to choose for quarantine /isolation**, for a maximum 14-day period between journeys. One of the following options can be chosen to protecting against the spread of coronavirus (COVID-19):

a) quarantine in spaces provided by the employer;
b) the isolation at home together with all the persons with whom they live, or alone, in another available living space;
c) quarantine upon request, in the spaces made available by the public administration authorities, with the support of the expenses related to the quarantine.

Drivers of these freight vehicles (with a maximum permitted weight of more than 2.4 tons) must communicate their chosen option for their period of quarantine/isolation (a), b) or c)), by filling a declaration on their own responsibility. The above-mentioned provisions also apply to aircraft pilots and ship crews.

These measures only applies to Romanian drivers.

For additional references, regular updates are also available in English on UNTRR website.

29.03.2020

The Romanian Ministry of Transport publishes daily information regarding the situation at border crossing points on its website.The updated border waiting times can also be found here. Currently, the main bottlenecks reported are the following (at 16:00):

CALAFAT EXIT FROM THE COUNTRY
More than 125 vehicles are waiting and the queue extend over 2.7 km with a waiting time of more than 3 hours.
CALAFAT ENTRY IN THE COUNTRY
51 vehicles are waiting and the queue extend over 1.2 km with a waiting time of 50 min

GIURGIU ENTRY IN THE COUNTRY
Queue of 500 meters, waiting time 60 minutes,
GIURGIU DEPARTURE FROM THE COUNTRY
5 trucks are currently waiting
Between 14:00 and 15:00, 44 vehicles entered through Giurgu Customs and 32 vehicles left.

NADLAC II ENTRY TO THE COUNTRY
Queue of approximately 2.5 km with a waiting time of approx. 2 hours.
NADLAC II EXIT FROM THE COUNTRY
Queue of approximately 3 km, waiting time approx. 2 hours.

Source: UNTRR

26.03.2020

On 24 March 2020, the Romanian Ministry of Internal Affairs announced the following new measures:

- All shops, except grocery stores, pharmacies and gas stations.
- Cafes and restaurants, including terraces, and other catering establishments.
- Premises of central and local public institutions (except for employees). In this case, a negative test result is also accepted. Public administrations can deliver services to those who do not hold an EUDCC outside their premises.
- Touristic accommodations.
- All events and organized activities, including courses, sports activities and competitions and cultural, artistic and entertainment events.
- Private sector establishments where 50 or more employees work simultaneously.

Exemptions – the EUDCC is **not required** in the following cases:

- Access to grocery stores, pharmacies and gas stations.
- **Children younger than 12** are not required to hold an EUDCC or a negative test result, but they must be accompanied by an adult who holds an EUDCC.

Citizens of countries that do not issue the EUDCC should provide equivalent certificates, in English and in the language of the issuing country.

Use of facemasks

The use of facemasks is mandatory in **all indoor and outdoor public spaces**, including **public transport**.

Exemptions:

- children younger than 12
- people working alone in the office
- TV presenters and their guests, provided that a 3m distance is respected
- religious representatives during services, provided that a 3m distance is respected
- people performing intense physical and sports activities and / or in physically demanding working conditions.

Indoor and outdoor meetings, public or private gatherings and events

Private events (weddings, baptisms, birthdays, festive meals, etc.) are **banned**.

Courses, trainings and workshop can take place at 30% capacity and with no more than 150 participants. At least 2 square metres per participant are ensured, and everyone must wear a facemask. Only holders of an EUDCC certifying vaccination or recovery can access. The same conditions apply to conferences - only possible between 5am and 9pm.

Rallies and demonstrations can take place under strict regulations:

· Isolation at home or, as the case may be, quarantine for all persons entering Romania (it is not clear if this measure also applies to truck drivers). This measure entered into force on25 March 2020 at 12:00 (Romanian time).

· All flights to France and Germany, and from France and Germany to Romania, are suspended for a period of 14 days. This measure does not apply to flights by state aircraft, freight and mail, humanitarian or emergency medical services, andauthorised non-commercial technical flights. This measure entered into force on25 March 2020 at 23:00 (Romanian time).

· Documents issued by the public authorities that expire during the state of emergency may be exchanged within 90 days from the date of cessation of the state of emergency.

Passage transit corridors in Romania

In line with the EC request, Romania has established the following transit corridors (map here):

Corridor 1

· Alternative 1: Ndlac (border crossing point) – Arad – Timioara – Lugoj – Ilia – Deva – Simeria – Sebe – Sibiu - Râmnicu Vâlcea – Piteti – Bucharest – Giurgiu (border crossing point).

· Alternative 2: Bor (border crossing point) – Oradea – Cluj Napoca – Alba Iulia – Sebe – Sibiu - Râmnicu Vâlcea – Piteti – Bucharest – Giurgiu (border crossing point).

· Additional corridor from Bucharest to Constana A2.

Corridor 2

· Giurgiu (border crossing point) – Bucureti – Urziceni – Buzău – Focani – Bacău – Suceava – Siret (border crossing point).

Corridor 3

· Ndlac (border crossing point) - Arad – Timioara – Lugoj – Caransebe – Orova – Drobeta Turnu Severin – imian – Maglavit - Calafat (border crossing point).

Corridor 4

· Moravia (border crossing point) – Timioara – Arad – Oradea – Satu Mare – Halmeu (border crossing point).

Corridor 5

· Năd lac (border crossing point) – Arad – Timioara – Lugoj – Ilia – Deva – Simeria – Sebe – Sibiu – Braov – Târgu Secuiesc – Lepa – Focani – Tesila – Tecuci – Bârlad – Hui – Albia (border crossing point).

The Romanian Ministry of Transport publishes daily information regarding the situation at border crossing points on its website here. The information is updated every evening at 20:00.
According to this information (updated 25.03.2020), there are long queues of trucks and long waiting times at the border crossings with Hungary and Bulgaria.

Source: UNTRR

22.03.2020

Romanian Ministry of Internal Affairs announced new measures as follows:

1) Retail activities, products and services are temporarily suspended in the shopping centers where several economic operators operate, except for the sale of food, veterinary or pharmaceutical products and cleaning services.

- Only holders of an 'EU Digital COVID Certificate' (or equivalent document) certifying full vaccination (completed at least 10 days before) or recovery from COVID-19 (valid between 15 and 180 days after the infection) can participate.
- Maximum 100 participants.
- All participants must wear a facemask.

Safety measures for public transportation

In all forms of public transport (as well as in taxis), **facemasks are mandatory**. Also, social distance should be maintained as much as possible, as well as ventilation and disinfection. In some cases, temperature checks are conducted.

Places of worship

Open with restrictions

Religious activities and services can be carried out inside and outside places of worship, provided they adhere to strict health protocols. Only local residents can participate in the services.

It is compulsory to:

- Wear a facemask, except for religious representatives during services.
- At least 2 square metres per participant are ensured.

Quarantine

Confirmed COVID-19 cases with mild symptoms, must isolate at home. Persons that are at high risk of having contracted a COVID-19 infection, need to self-quarantine for 14 days.

Non-essential (other than medicine and food) shops

Open with restrictions

2) Recommendations entering in force on March 22, 2020, at 22.00 (local time) for the movement of people between 06.00 – 22.00:

- the movement of persons outside the home/household should be carried out only for the following reasons:

a) travel in professional interest, including moving between home /household and the workplace, when the professional activity is essential and cannot be postponed or performed remotely;

b) travel for the provision of goods that cover the basic needs of the persons and their pets, as well as goods necessary for the professional activity;

c) travel for healthcare that cannot be postponed or performed remotely;

d) displacement for justified reasons, such as caring/accompanying the child, the assistance of elderly, sick or disabled persons or death of a family member;

e) short trips, near the home/household, related to the individual physical activity of the people and the needs of their pets.

3) Between 22.00 – 06.00 the movement of persons outside the home/household is allowed only by presenting, at the request of the competent authorities, a certificate issued by the employer or a declaration on their own responsibility. The declaration on its own responsibility must include name and surname, date of birth, address of place of residence/household/place of work and reason for travel. The measure shall be applied from March 23, 2020, at 22: 00 (local time).

4) **Foreign citizens cannot enter Romania's territory** unless they transit Romania through designated corridors, whose list will be shared as soon as it is made available. The following categories are exempted from such provision:

a) family members of Romanian citizens;

b) family members of citizens of other EU Member States, of the European Economic Area, or of the Swiss Confederation, residing in Romania;

c) citizens who hold a long-stay visa, a residence permit or a document equivalent to the residence permit issued by the Romanian authorities, or an equivalent document issued by the authorities of other states, according to the law of the European Union;

d) people travelling in professional interest, evidenced by visa, residence permit, or other equivalent documents;

e) diplomatic staff or consular personnel, personnel of international organisations, military personnel or personnel who can provide humanitarian aid;

f) passengers in transit, including those repatriated as a result of granting consular protection;

g) passengers travelling on imperative grounds (medical or family);

h) persons who need international protection or for other humanitarian reasons.

Exceptions:

- National transport of goods and passengers

- International road freight transport

- Drivers of goods vehicles over **2.4t** who arrive from or have passed through "red areas" or "yellow areas" are not subject to quarantine or isolation measures if at the border crossing point they do not show symptoms associated with coronavirus infection SARS-CoV-2. All persons entering Romania will have to fill in a form. Templates of these forms are available in Romanian and English here.

Between **9pm and 5am**, **shops are closed** and can only provide home deliveries.

Only holders of an 'EU Digital COVID Certificate' (or equivalent document) certifying full vaccination (completed at least 10 days before) or recovery from COVID-19 (valid between 15 and 180 days after the infection) can access shopping centres.

Exceptions: pharmacies, petrol stations, home delivery services and road trasport companies can carry out their activities under normal working conditions, in compliance with the health measures.

Tourist accommodations

OPEN WITH LIMITATIONS

Tourism services can provide accommodation only for customers who hold an 'EU Digital COVID Certificate' (or equivalent document) certifying full vaccination (completed at least 10 days before) or recovery from COVID-19 (valid between 15 and 180 days after the infection).

Catering establishments

OPEN WITH LIMITATIONS

Restaurants, cafes, and all permanent and temporary catering establishments, including those inside hotels or other accommodtion establishments and terraces:

- Can only host customers who hold an **'EU Digital COVID Certificate'** (or equivalent document) certifying full vaccination (completed at least 10 days before) or recovery from COVID-19 (valid between 15 and 180 days after the infection).
- Are **closed between 9pm and 5am**. Hnly home delivery services are allowed during these hours.
- Can operate up to 50% of capacity during opening hours (5am - 9 pm).
- The consumption of food and beverages should take place in dedicated open-air premises, outside buildings.

Cinemas, museums and indoor attractions

CLOSED

Bars, clubs and discos are closed.

- Drivers of goods vehicles over **2.4t** have the obligation, at the border crossing point, to have on them and to wear individual means of protection, such as disinfectant, gloves, face mask and to present documents attesting the route of travel to the destination.

19.03.2020

Restrictions

The President of Romania declared on Monday 16 March 2020, a 30-day state of emergency to limit the spread of COVID-19. Additional measures have also been taken:

- All persons entering Romania from countries where there are at least 500 confirmed COVID-19 cases (based on the WHO list), will be placed under quarantine or self-isolation. According to Romanian Authorities, the red zones are: China - Hubei zone, Italy, Republic of Korea - Daegu City and Chengdu zone, Iran - persons coming from above mentioned regions will be put in quarantine for 14 days. Persons coming from the following countries (which register more than 500 confirmed COVID-19 cases) will spend 14 days of self-isolation at home: Australia, Austria, Belgium, Canada, Republic of Korea, Denmark, Switzerland, France, Germany, Japan, Great Britain, Malaysia, Norway, Netherlands, China, Spain, United States of America, Sweden.
- Restaurants, hotels, cafes and pubs are closed.
- All flights to and from Spain are suspended at all Romanian airports for a period of 14 days. This decision takes effect on 18.03.2020, 20:00 Romanian time.
- Romania's decision to suspend flights to and from Italy has been extended for a period of 14 days, from 23 March 2020.
- Road transport of passengers by regular services, special regular services and occasional services in international traffic for all journeys performed by transport operators to /from Italy from/to Romania from 10.03.2020 at 12:00 until 31.03.2020 at 12:00 (Romanian time) are suspended.

Exceptions:

- National transport of goods and passengers,
- International road freight transport,
- Drivers of goods vehicles over 3.5t who arrive from or have passed through "red zones" or "yellow zones" are not subject to quarantine or isolation measures if at the border crossing point they do not show symptoms associated with COVID-19. All persons entering Romania will have to fill in a form. Templates of these forms are available in Romanian and English here.
- Drivers of goods vehicles over 3.5t are obligated, at border crossing points, to have on them and to wear personal means of protection such as disinfectant, gloves, face masks, and present documents attesting the route of travel to the destination.

The following border crossing points have been closed:

- Border crossing points with Hungary: Turnu, Scuieni, Salonta and Valea lui Mihai.
- Border crossing point with Ukraine: Sighet.
- Border crossing points with Bulgaria: Negru Vod, Lipnia, Dobromir, Zimnicea, Turnu Mgurele and Bechet.
- Border crossing points with Moldova: Rdui, Prut and Oancea.
- On Thursday 12 March 2020, the Serbian Authorities unilaterally closed the following border crossing points with Romania: Porile de Fier 2, Moldova Nou, Foieni, Lunga, Vâlcani, Drobeta Turnu Severin and Naid.

Due to the volume of traffic, the waiting times at borders will be significantly longer. The updated border waiting times can be found here.

The following establishments and activities can only operate between 5am and 9pm, and only holders of an 'EU Digital COVID Certificate' (or equivalent document) certifying full vaccination or recovery from COVID-19 can access:

- Museums, libraries, bookstores.
- Cinemas, film and audio-visual production studios.
- Shows, concerts, festivals.
- Gyms and fitness centres; indoor swimming pools.
- Gaming and gambling establishments.

Personal care services

OPEN WITH LIMITATIONS

Outdoors areas and beaches

OPEN WITH LIMITATIONS

Wearing facemasks is compulsory.

The following establishments are only open between 5am and 9pm, and can operate at 30% capacity:

- Playgrounds for children. Only holders of an **'EU Digital COVID Certificate'** (or equivalent document) certifying full vaccination (completed at least 10 days before) or recovery from COVID-19 (valid between 15 and 180 days after the infection) can access.
- Fairs and flea markets.

Sport and recreational activities are only allowed outdoors. In addition:

- Only holders of an **'EU Digital COVID Certificate'** (or equivalent document) certifying full vaccination (completed at least 10 days before) or recovery from COVID-19 (valid between 15 and 180 days after the infection) can participate.
- No more than 10 people who do not live together can participate.
- Competitions take place without spectators.

Relieves

Romanian Authorities has introduced a temporary relaxation of the enforcement of driving and rest times for drivers performing domestic/international road transport of goods. This relaxation is granted pursuant to Article 14(2) of Regulation (EC) No 561/2006. This exception applies from 18.03.2020 to 16.04.2020. Measures lifted are the following:

- Art. 6(1): replacement of the maximum daily driving limit of 9 hours with one of 11 hours.
- Art. 7: replacement of the minimum daily breaks requirements by imposing a break of 45 minutes after 5 and a half hours driving.
- Art. 8(1): reduction of the daily rest requirements from 11 to 9 hours.
- Art. 8(6): postponement of a weekly rest period beyond six-24 hour periods.

Source: UNTRR

18.03.2020

On Monday 16 March, the Romanian authorities declared a 30-day state of emergency in order to limit the spread of COVID-19.

Additional measures have been taken to ensure that all persons travelling to Romania from countries with at least 500 confirmed cases of COVID-19 will be placed under either quarantine or self-isolation.

According to Romanian authorities, the following are red zones and persons coming from these areas will be put under quarantine for 14 days: Hubei zone (China), Italy, Daegu City and Cheongdo zones (Republic of Korea), Iran.

Persons coming from the following countries (which have confirmed more than 500 confirmed cases of COVID-19) must spend 14 days of self-isolation at home: Austria; Belgium, Republic of Korea (other provinces), Denmark, Switzerland, France, Germany, Japan, Great Britain, Norway, the Netherlands, China (other zones), Spain, United States of America, and Sweden.

Although the transport of goods is permitted, the measures mentioned above also include drivers, and UNTRR has requested that the Romanian authorities consider the potential exemption of the above quarantine and self-isolation rules for drivers.

Tourism in Romania

13.09.2021

What are the rules to enter this country from an EU Member State or Schengen Associated country?

Entering this country with the EU Digital COVID certificate

Romania adopts its own national classification of risk areas, hence travel restrictions for Romania are not based on the common "EU Traffic Lights" map.

- "Green" areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is less than or equal to 1,5 per 1000 inhabitants;
- "Yellow" areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is between 1,5 and 3 per 1000 inhabitants;
- "Red" areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is greater than or equal to 3 per 1000 inhabitants.

The distinction is defined as follows:

- Travellers coming from „green”, „yellow” or „red” areas (RO classification) in possession of an EU Digital Covid Certificate of **vaccination** (10 days after last required dose) or **a Certificate of recovery** (valid for 180 days) can enter Romania and **are exempted from quarantine or testing requirements.**
- Travellers coming from a designated “**green**” area (RO classification), do not need an EU Digital Covid Certificate and no quarantine is imposed on travellers from these areas.
- Travellers coming from a designated “**yellow**” area (RO classification), can also be exempted from quarantine if they present an EU Digital Covid Certificate indicating negative PCR test taken at the latest 72h in advance of the trip. Children under 3 are exempted from quarantine and testing requirements. Some exceptions apply for imperative reasons, transit, crossborder workers.
- Travellers coming from a **“red”** area (RO classification), **need to do 14 days of quarantine**, even if they present a negative test. Children between 6 – 16 years old can be exempt from quarantine if they present a test certificate (PCR, taken the latest 72h in advance). Children under 6 are except from quarantine and testing requirements. Some exceptions apply for short stays (less than 72h, with a negative PCR test taken the latest 72h in advance), imperative reasons, transit, cross-border workers. The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities. The quarantine period may be shortened by taking a PCR test no less than 8 days after arrival. If the result of this test is negative, the period of quarantine can end on day 10.

The applied measures are subject to change and regular review. Travellers are advised to consult the measures in force at the time of their planned trip and the most recent decisions taken by the Government - https://gov.ro/ro/masuri.

Entering this country without the EU Digital COVID certificate or with a certificate not compliant with national requirements

Romania adopts its own national classification of risk areas, hence travel restrictions for Romania are not based on the common "EU Traffic Lights" map.

- "Green" areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is less than or equal to 1,5 per 1000 inhabitants;
- "Yellow" areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is between 1,5 and 3 per 1000 inhabitants;
- "Red" areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is greater than or equal to 3 per 1000 inhabitants.

The distinction is defined as follows:

- Travellers who have received their final **vaccination** for COVID-19 more than **10 days ago, are exempt from quarantine.** It is required to show proof of vaccination, including the dates.
- Travellers arriving from countries classified as "**green** " can enter Romania without being subject to any isolation or test requirement.
- Travellers arriving from countries classified as "**yellow** ", who do not provide a **pre-departure negative PCR test taken within 72 hours prior to arrival**, are subject to a **14-day quarantine**. Children under 6 years old are exempted from the PCR test requirement. The quarantine period may be shortened by taking a PCR test no less than 8 days after arrival. If the result of this test is negative, the period of quarantine can end on day 10.
- Travellers coming from a **“red”** area (RO classification), **need to do 14 days of quarantine**, even if they present a negative test. Children between 6 – 16 years old can be exempt from quarantine if they present a test certificate (PCR, taken the latest 72h in advance). May I transit this country?

Yes

Persons in transit are not subject to quarantine requirements if they leave Romania within 24 hours.

May I fly to this country?

Direct passenger flights between Romania and some high risk countries are suspended following a Decision of the National Emergency Committee (cargo, humanitarian, technical, and repatriation flights are exempted from this restriction).

You can find the latest information on air travel regulations for this country on the **IATA website**.

You can also find information about **air passenger rights** on our portal for citizens.

General measures

General information on the situation

Use of facemasks

The use of face masks is mandatory in indoor public spaces and in crowded outdoor areas, for anyone aged above 5 years old.

Indoor and outdoor meetings, public or private gatherings and events

Private events (e.g. weddings, baptisms, and birthdays) may accommodate:

- a maximum of 150 guests outdoor, 100 guests indoor if the cumulative infection rate in the past 14 days is lower and equal than 3 per 1000 inhabitants.
- a maximum of 200 guests outdoor, 150 guests indoor if the cumulative infection rate in the past 14 days is lower and equal than 2 per 1000 inhabitants.
- a maximum of 300 guests indoor if ensuring a surface of 2 sqm for each guest and if those attending are all vaccinated (at least 10 days passed since the administration of the final dose) or have a negative PCR test (in the last 72 hours) or negative rapid test (in the last 24 hours) or have recovered from COVID-19 (at least 15 days passed since getting infected, and not more than 180 days) if the cumulative infection rate in the past 14 days is lower and equal than 3 per 1000 inhabitants
- a maximum of 400 guests indoor if ensuring a surface of 2 sqm for each guest and if those attending are all vaccinated (at least 10 days passed since the administration of the final dose) or have a negative PCR test (in the last 72 hours) or negative rapid test (in the last 24 hours) or have recovered from COVID-19 (at least 15 days passed since getting infected, and not more than 180 days) if the cumulative infection rate in the past 14 days is lower and equal than 2 per 1000 inhabitants
- an unlimited number of guests outdoor if ensuring a surface of 2 sqm for each guest and if those attending are all vaccinated (at least 10 days passed since the administration of the final dose) or have a negative PCR test (in the last 72 hours) or negative rapid test (in the last 24 hours) or have recovered from COVID-19 (at least 15 days passed since getting infected, and not more than 180 days) if the cumulative infection rate in the past 14 days is lower and equal than 3 per 1000 inhabitants

Private groups of people that do not belong to the same household can gather in the public space up to 30 persons if the cumulative infection rate in the past 14 days is lower and equal than 3 per 1000 inhabitants, and up to 50 persons if the cumulative infection rate in the past 14 days is lower and equal than 2 per 1000 inhabitants.

Rallies and demonstrations can take place under strict regulations with maximum of 100 participants if the cumulative infection rate in the past 14 days is lower and equal than 3 per 1000 inhabitants, and with maximum of 500 participants if the cumulative infection rate in the past 14 days is lower and equal than 2 per 1000 inhabitants.

The organization and **outdoor performance of shows, concerts, public and private festivals or other cultural events** are allowed only with the participation of up to 2,500 spectators and wearing a protective mask, if the cumulative infection rate in the past 14 days is between 2 and 3 per 1,000 inhabitants. In this case, those attending must be vaccinated or have a negative PCR test (in the last 72 hours) or negative rapid test (in the last 24 hours) or have recovered from COVID-19 (at least 15 days passed since getting infected but no more than 180 days).

The organization and outdoor performance of shows, concerts, public and private festivals or other cultural events are allowed with the participation of over 2,500 spectators and wearing a protective mask. In this case, those attending must be vaccinated.

The organization and **outdoor performance of shows, concerts, public and private festivals or other cultural event**s are allowed only with the participation of up to 75,000 spectators and wearing a protective mask, if the cumulative infection rate in the past 14 days is less than or equal to 2 per 1,000 inhabitants. In this case, those attending must be vaccinated or have a negative PCR test (in the last 72 hours) or negative rapid test (in the last 24 hours) or have recovered from COVID-19 (at least 15 days passed since getting infected but no more than 180 days).

Safety measures for public transportation

In all forms of public transport (as well as in taxis), face masks are mandatory. Also, social distance should be maintained as much as possible, as well as ventilation and disinfection. In some cases, temperature checks are conducted.

Places of worship

Open with limitations

Religious activities and services can be carried out inside and outside places of worship, provided they adhere to strict health protocols. Only local residents can participate in the services.

Quarantine

Confirmed COVID-19 cases with mild symptoms, must isolate at home. Persons that are at high risk of having contracted a COVID-19 infection, need to self-quarantine for 14 days.

Find out more:

Measures to prevent and control the infection (in Romanian)

Testing centres

Non-essential (other than medicine and food) shops

Open

Shops, shopping centres, and markets should close at 18.00 on Fridays, Saturdays and Sundays, if the cumulative infection rate in the past 14 days is between 4 and 7,5 per 1,000 inhabitants.

Shops, shopping centres, and markets should close at 18.00 on every day of the week, if the cumulative infection rate in the past 14 days is higher than 7,5 per 1,000 inhabitants.

Pharmacies and gas stations can remain open longer. Deliveries are permitted without time restrictions.

Tourist accommodations

Open

Hotels, guest houses and camping sites are open, with the following measures in place:

- social distancing measures of 1.5 metres between customers;
- limited capacity of 4 square metres per customer;
- periodic disinfection of cashier and other important areas;
- mandatory wearing of a face mask.

Catering establishments

Open with limitations

Restaurants and cafés may open between 05.00-02.00 at full capacity for counties where the cumulative infection rate in the past 14 days is lower or equal than 3 per 1,000 inhabitants.

Cinemas, museums and indoor attractions

Partially

Cultural institutions or entertainment services can only operate under strict conditions. Visitors' capacity is established at 70% for areas where the cumulative infection rate in the past 14 days is lower and equal than 3 per 1000 inhabitants.

Personal care services

Open with limitations

Gyms can operate at 50% capacity if ensuring a surface of 7 sqm per person if the cumulative infection rate in the past 14 days is lower and equal than 4 per 1,000 inhabitants.

Gyms and outdoor swimming pools can operate at full capacity without mask protection and ensuring a surface of 7 sqm per person if the cumulative infection rate in the past 14 days is lower and equal than 3 per 1000 inhabitants

Gyms can operate at full capacity without mask protection and ensuring a surface of 4 sqm per person if the cumulative infection rate in the past 14 days is lower and equal than 3 per 1,000 inhabitants. In this case, those attending must be vaccinated.

Indoor pools can operate up to 70% of maximum capacity, if the cumulative infection rate in the past 14 days is lower or equal than 3 per 1,000 inhabitants.

What are the rules to enter this country from an EU Member State or Schengen Associated country?

Entering this country with the EU Digital COVID certificate

Romania adopts its own national classification of risk areas, hence travel restrictions for Romania are not based on the common "EU Traffic Lights" map.

- "Green" areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is less than or equal to 1,5 per 1000 inhabitants;
- "Yellow" areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is between 1,5 and 3 per 1000 inhabitants;
- "Red" areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is greater than or equal to 3 per 1000 inhabitants.

The distinction is defined as follows:

- Travellers coming from „green", „yellow" or „red" areas (RO classification) in possession of an EU Digital Covid Certificate of **vaccination** (10 days after last required dose) or **a Certificate of recovery** (valid for 180 days) can enter Romania and **are exempted from quarantine or testing requirements.**
- Travellers coming from a designated "**green**" area (RO classification), do not need an EU Digital Covid Certificate and no quarantine is imposed on travellers from these areas.
- Travellers coming from a designated "**yellow**" area (RO classification), can also be exempted from quarantine if they present an EU Digital Covid Certificate indicating negative PCR test taken at the latest 72h in advance of the trip. Children under 3 are exempted from quarantine and testing requirements. Some exceptions apply for imperative reasons, transit, crossborder workers.
- Travellers coming from a "**red**" area (RO classification), **need to do 14 days of quarantine**, even if they present a negative test (even if it is an EU Digital Covid test certificate). Children between 3 – 16 years old can be exempt from quarantine if they present a test certificate (PCR, taken the latest 72h in advance). The quarantine period may be shortened by taking a PCR test no less than 8 days after arrival. If the result of this test is negative, the period of quarantine can end on day 10. Children under 3 are exempted from quarantine and testing requirements. Some exceptions apply for imperative reasons, transit, crossborder workers.

The applied measures are subject to change and regular review. Travellers are advised to consult the measures in force at the time of their planned trip and the most recent decisions taken by the Government - https://gov.ro/ro/masuri.

Entering this country without the EU Digital COVID certificate or with a certificate not compliant with national requirements

Romania adopts its own national classification of risk areas, hence travel restrictions for Romania are not based on the common "EU Traffic Lights" map.

- "Green" areas: countries where the cumulative incidence rate of new COVID-19 cases in the last 14 days is less than or equal to 1,5 per 1000 inhabitants;

Information on "EU Digital COVID Certificates" issued in Romania

_____

The EU Digital COVID Certificate Regulation entered into force on 01 July 2021. EU citizens and residents will now be able to have their Digital COVID Certificates issued and verified across the EU. National authorities are in charge of issuing the certificate.

The certificate provides a standardised recognition of the holder's status related to vaccination, recovery from Covid-19, or test result. **Despite the European Digital COVID Certificate, each country continues to be responsible for the definition of its own entry requirements and rules, which are not standardised at the EU level.** This means that what is required to enter upon presentation of this certificate, depends on the measures and entry rules in place at your destination.

EU Digital COVID Certificates

This country is ready to connect to the EU Digital COVID certificate Gateway

Information on "EU Digital COVID Certificates" issued in Romania

_____

The "EU Digital COVID Certificate" (available from **1 July 2021**) provides proof that a person has either:

- **been vaccinated against COVID-19** (vaccine type and manufacturer, number of doses, date of vaccination);
- **received a negative test result**, PCR or rapid antigen, with the name of the test, date and time of test, test centre and result (self-tests are not valid);
- **recovered from COVID-19**.

When travelling, holders of the "EU Digital COVID Certificate" will have the same rights as citizens of the visited Member State who have been vaccinated, tested or recovered.

The certificate provides a standardised recognition of the holder's status related to vaccination, recovery from COVID or test result. Each country continues to be responsible for the definition of its own entry requirements and rules, which are not standardised at the EU level. This means that **what you will be eligible for, upon presentation of this certificate, depends on the measures and entry rules in place at your country of destination**.

How does it work:

1. **Member States** issue a certificate automatically or upon request, which is issued either digitally or on paper, and has a QR code with an electronic signature;
2. **Citizens** store the certificate in their digital app or wallet and can use it when they travel;
3. When the **verifier** asks the citizen for the certificate, the QR code is shown and the digital signature is verified.

Press Release
Questions & Answers
Factsheet

06.05.2021

From an EU Member State or Schengen Associated Country, may I enter this country without being subject to extraordinary restrictions?

Partially

Romania adopts its own national classification of risk areas, hence travel restrictions for Romania are not based on the common "EU Traffic Lights" map.

Is a coronavirus test required?

All travellers from high-risk countries are subject to the requirement for a **pre-departure negative PCR test**.
The test must be taken within **72 hours prior to arrival**.

Children aged 3 and under are exempted.

Provisions for vaccinated people

Travellers who have received their final vaccination for COVID-19 more than 10 days ago, are exempt from quarantine. It is required to show proof of vaccination, including the dates.

Also, travellers that have been confirmed positive for SARS-CoV-2 disease in the last 90 days prior to entry into the country are exempt. Proof must be provided in the form of medical documents (positive PCR test at the date of diagnosis, hospital discharge ticket or test that proves the presence of IgG antibodies performed no more than 14 days before entry into the country).

Is a quarantine required?

Travellers coming from countries or areas that are considered at high epidemiological risk will also be subject to a **14-day quarantine**.

The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities.

The quarantine period may be shortened by taking a second RT-PCR test no less than 8 days after arrival. If the result of this test is negative, the period of quarantine can end on day 10.

Provisions for vaccinated people

Travellers who have received their final vaccination for COVID-19 more than 10 days ago, are exempt from quarantine. It is required to show proof of vaccination, including the dates.

Also, travellers that have been confirmed positive for SARS-CoV-2 disease in the last 90 days prior to entry into the country are exempt. Proof must be provided in the form of medical documents (positive PCR test at the date of diagnosis, hospital discharge ticket or test that proves the presence of IgG antibodies performed no more than 14 days before entry into the country).

Travellers who remain in Romania for less than 3 days (72 hours) and present a negative test for SARS-CoV-2, performed no more than 48 hours before entering the national territory, are exempted from the obligation to quarantine.

What are the rules to enter this country from outside an EU Member State or Schengen Associated country?

Third-country nationals coming from high-risk countries need to present a negative PCR test result for SARS-Cov-2, performed no more than 72 hours before entry into the national territory. Children under 3 years of age are exempt from the testing obligation.

Travellers coming from high-risk areas are also subjected to a 14-day quarantine. The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities. On day 8 you may get tested and if the test result is negative and you have no symptoms, quarantine ends on day 10.

Provisions for vaccinated people

Travellers who have received their final vaccination for COVID-19 more than 10 days ago, are exempt from presenting a negative PCR test result, and quarantine. It is required to show proof of vaccination, including the dates.

Also, travellers that have been confirmed positive for SARS-CoV-2 disease in the last 90 days prior to entry into the country are exempt. Proof must be provided in the form of medical documents (positive PCR test at the date of diagnosis, hospital discharge ticket or test that proves the presence of IgG antibodies performed no more than 14 days before entry into the country).

Travellers who remain in Romania for less than 3 days (72 hours) and present a negative test for SARS-CoV-2, performed no more than 48 hours before entering the national territory, are exempted from the obligation to quarantine.

31.03.2021

From an EU Member State or Schengen Associated Country, may I enter this country without being subject to extraordinary restrictions?

PARTIALLY

Romania adopts its own national classification of risk areas, hence travel restrictions for Romania are not based on the common "EU Traffic Lights" map.

Is a coronavirus test required?

All travellers from high-risk countries are subject to the requirement for a **pre-departure negative PCR test**.
The test must be taken within **72 hours prior to arrival**.

Children aged 3 and under are exempted.

Is a quarantine required?

Travellers coming from countries or areas that are considered at high epidemiological risk will also be subject to a **14-day quarantine**.

The quarantine must take place at the person's home, at a declared location or, as the case may be, at a dedicated location designated by the authorities.

The quarantine period may be shortened by taking a second RT-PCR test no less than 8 days after arrival. If the result of this test is negative, the period of quarantine can end on day 10.

May I transit this country?

YES

As a general rule, passengers in transit in the EU+ area are exempted from temporary travel restrictions.

EU citizens entering the EU from a third country, as well as their family members, irrespective of their nationality, are exempted from the travel restrictions regardless of whether or not they are returning to their country of nationality or residence.

Passengers travelling from a non-EU country to another non-EU country may transit through the international transit area of airports located in the Schengen area. Rules regarding airport transit visa requirements continue to apply.

From an EU Member State or Schengen Associated Country, may I enter this country without being subject to extraordinary restrictions?

Partially

Romania adopts its own national classification of risk areas, hence travel restrictions for Romania are not based on the common "EU Traffic Lights" map.

Is a quarantine required?

Entry from EU Member States and Schengen Associated countries is allowed without restrictions, with the exception of countries or areas that are considered at high epidemiological risk.

A 14-days quarantine applies to all persons arriving from countries and areas with high epidemiological risk, and who have the right to enter the national territory, respectively: Romanian citizens, citizens of European Union Member States, European Economic Area or the Swiss Confederation, and persons who fall under one of the exceptions provided by Decree no. 553 of 15.07.2020, Annex 3, art. 2, paragraph 2, letters a) - l).

The quarantine must take place at the person's home, at a declared location or, if needed, at a dedicated location designated by the authorities.

Is a coronavirus test required?

Travellers who will remain in Romania for less than 3 days (72 hours) and present a negative test for SARS-CoV-2, conducted no more than 48 hours before entering the national territory, are exempted from the obligation to quarantine.

The quarantine may be reduced to 10 days if a test for SARS-CoV-2, performed on day 8 of the quarantine provides a negative result, and the person has no symptoms.
