

9.2 Packing and securing materials

9.2.1 Packers should ensure that securing materials are:

- Strong enough for the intended purpose;
- In good order and condition without tears, fractures or other damages;
- Appropriate to the CTU and goods to be carried;
- In compliance with the [International Standards for Phytosanitary Measures](#) No.15.

9.2.2 More information on packing and securing materials is provided in [annex 7](#), section 2 and in the appendices to annex 7.
