

WPLA Workshop: Real Estate Infrastructure: Fit for Use? - 16 - 17 October 2014 - Vienna, Austria

The workshop will be hosted by the United Nations Economic Commission for Europe, the Austrian Federal Office of Metrology and Surveying (BEV) and the Federal Ministry of Justice of Austria on 16 and 17 October 2014 in Vienna; there will be a welcome reception on the evening of 15 October 2014.

The purpose of the workshop is to share experiences and present the recent achievements and major challenges in developing real estate infrastructure from a technical, organisational and innovative perspective. We will investigate optimizing processes and organizational issues as well as focus on opportunities for future development. The event will provide a great opportunity to share insights and innovations in land administration and to develop strategic and productive relationships with land administration professionals from across the globe.

To register for the workshop, view the programme and obtain practical information, such as how to book a room at one of the recommended hotels, transportation and the workshop venue, please visit the workshop website www.wpla.at

Should you have further questions, please contact the organizers at wpla@bev.gv.at
