Scope

The project will focus on corruption issues and risks which are more specific to the procurement of PPP.

The scope will be limited to the situations where a private investor/operator is bidding for designing, financing, building or rehabilitating and operating a public infrastructure asset and compensated by the income deriving from its operation, by the public authority, by the users of the service or by a mix of the two.

Project leader & editor

Position	Name
Project leader	Marc Filet
Editor
