Scope

The progress of global urbanization, especially in developing countries, is leading to an increased need in ecological and green urban-metro transport solutions. As a result, urban rail transit has become a priority for public transport in large and medium-sized cities, and generated large demand for the construction of urban rail transit projects, which should be developed under the people-first principles and the requirements of the sustainable development goals (SDGs) advocated by the UN.

Project leader & editor

Position	Name
Project leader	Kaimeng LI
Editor	

Project information

Stage status	ODP Stage	ODP Name	Stage start date	Stage end date	Meetings / Minutes	Relevant documents
✅	1	Project initiation	1 June 2016	30 November 2016		Project proposal
✅	2	Stakeholder mobilization			Meetings & minutes
